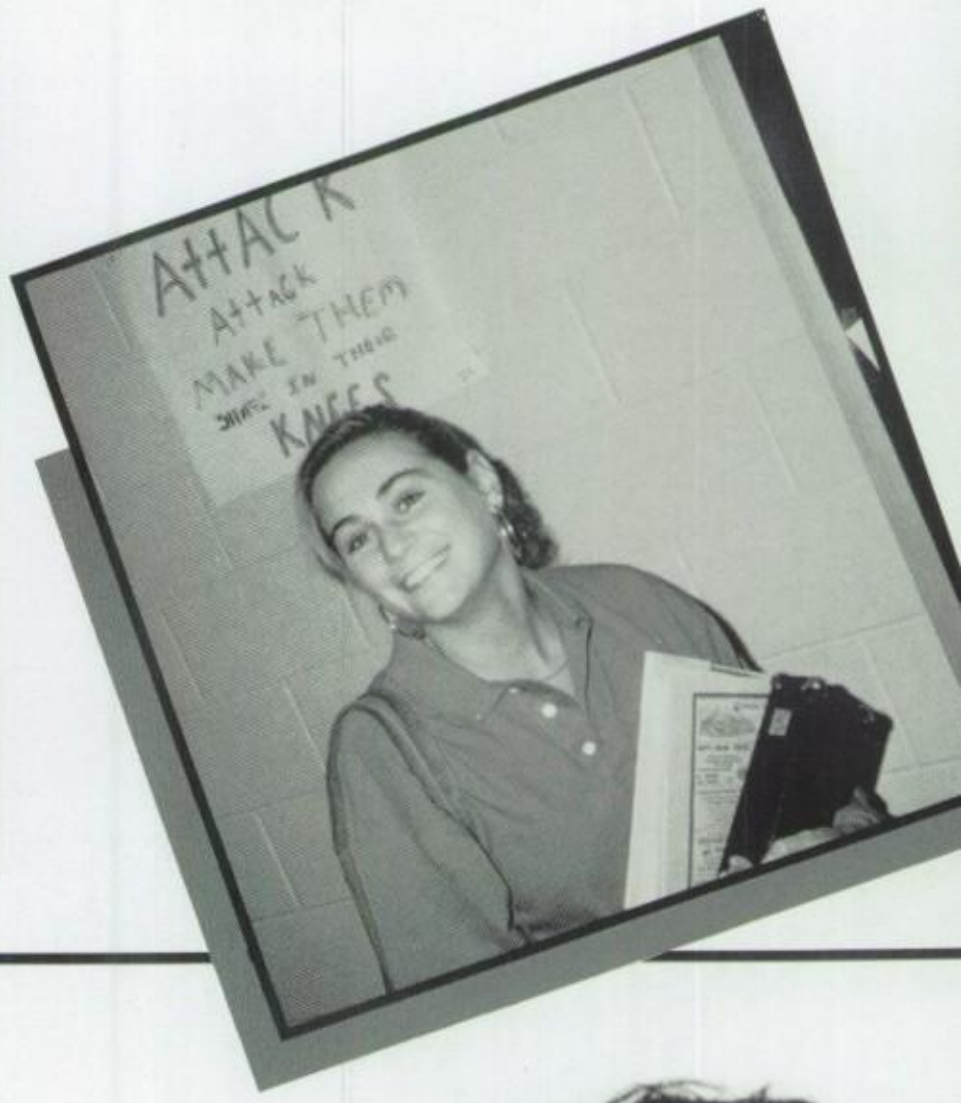
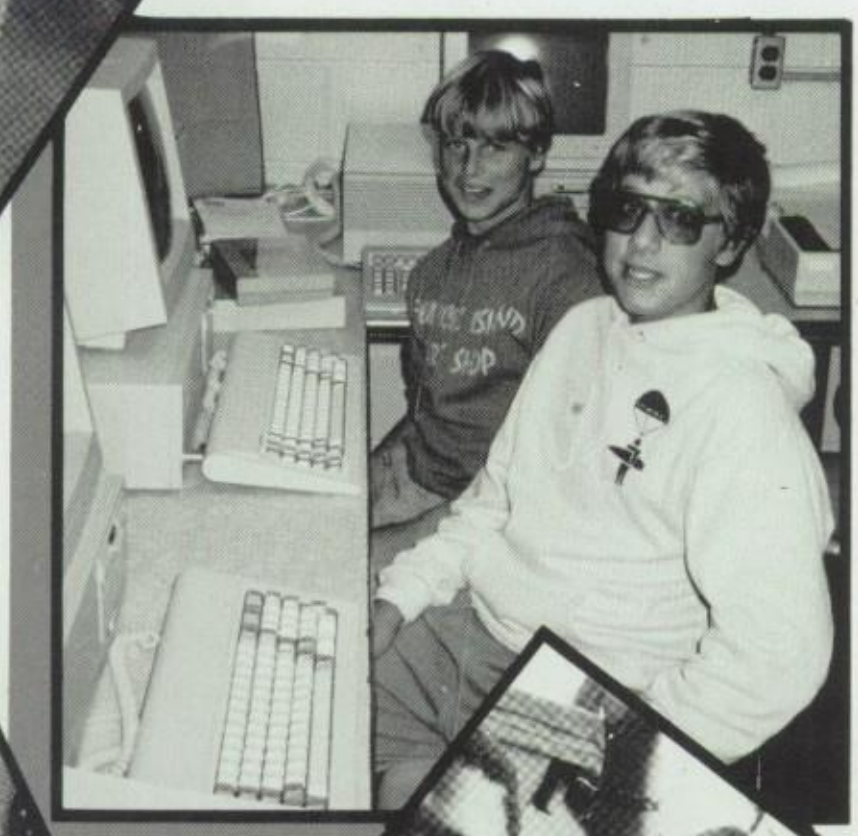
Getting It . . .

The theme for the 1987-88 yearbook can be interpreted in several ways. We, the students of Indian River, have *gotten it together* academically, athletically, and socially. Academically, we are stronger than we were. Athletically, our teams are superior and spirited. Socially, school is the best place to meet new friends and to hold special relationships. These three elements bring us closer together.

Howard Barlow, Gary Alchin, and Todd Smith are a part of the Fenwick Island Surf Team. Marchel McLaughlin is academically inclined and plans to go to college. Christine McCool is a typical sophomore that has adjusted to high school life. Bryan Mullins and Andy Fiore are working in the biology computer lab with special programs that have been designed to enrich the biology course. Marvella Jarmon, Nichole Smith, Vanessa Blake, Dana Valdivia, and Nichelle Hudson show their spirit at the first outside pep rally that was held this school year. Dawn Lathbury, Wendy Wilson, and Adel Dukes show that learning at Indian River can be fun.



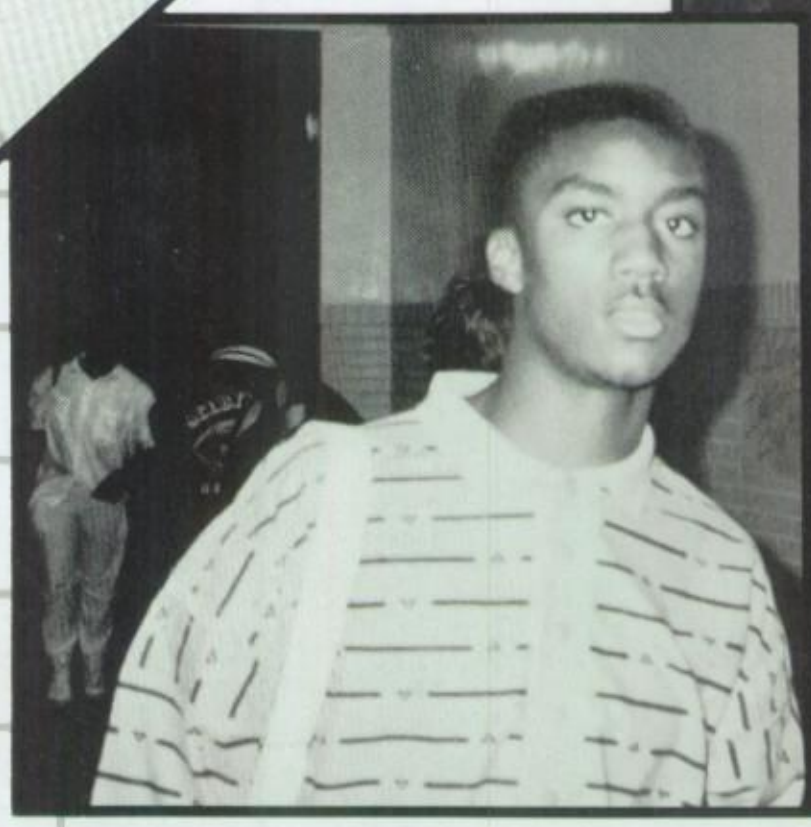


From Green And Gold To Red, White,

And Blue!!

As we all know the colors of our school are green and gold. However on this particular day red, white, and blue was the order of the day. This year is the 200th birthday of the Constitution of our United States. The school got together and held a special assembly to honor the birth of this great document. During this assembly a flag was donated to our school by the local VFW post 7234, under the leadership of Commander Sauvle. During the assembly the entire school body watched a live broadcast of the celebration in Philadelphia. At the end of the day, President Ronald Reagan, and every high school in the United States recited the Pledge of Alligiance. As the school year went on, several other activities were organized in order to show our nationwide involvment in this celebration.

The Halls Are Where It's At!



The classroom maybe the important place for education within the school building, but *the halls are where it's at*. Over the years, a lot of time is spent in the hallways. It's the best place to meet new friends and to make plans for the weekend with familar friends. Brian Fleming and Brian Luzier express their readiness to win their soccer match. Dax Enerio travels from class to class always stopping to flirt. Pierre Dennis is one sophomore whose diligence is expressed by his countenance. Kent McCullough and Stewart Megee console themselves because they are late to class. There are many relationships between girl and boy that are created by the catalyst of the school environment. Kevin Rodgers and Shelly Hocker take some time between classes to discuss their next date. The halls were very colorful this year by the many banners made by the cheerleaders. A prime example is in the pride that Tammy Bowden shows as an I.R. football cheerleader and decorator.

Todd Smith and Howard Barlow describe these photos in a conversation. T:When I walked over the dune at South Side at 7:30, I was ready to turn around and go home, but the waves produced a ridable swell. H:They were waist to chest high. Semi-close-outs but with unexpectedly head high sets. Definitely a fun, ridable swell. T:I looked out and saw a chest high wave come in and this dude was trying to make the section. H:Yeah, the same thing happened to this other guy but he decided to smack the lip. T:That day it was so cold, Grasshopper just chilled on this wave. T:The photographer catches Gary in the middle of a roundhouse but a second later, he falls. H:This is a hot shot of Hopper as he does an agro off a semi-lip to finish off the day.

Putting It All Together...

1987

The Class of 1988 showed much creative ability and unity in their work to produce a beautiful and memorable Prom for themselves and the Class of 1987. It started out in chaos, but with help from the faculty and their awesome class spirit, they were able to put it together with finesse!!!

Members of the Class of 1988 pulled together and showed the rest of the school that they had what it took to make the Prom the best one that Indian River High School has ever seen!!!

Mr. Adams puts together another great Prom for Indian River. Tawny Brittingham and Vanessa Blake take a break from the busy work before the Prom begins. Chris Kuennen and Amy Dukes practice for the Grand March. Greg Hawkins and Ronda Lawson wait for their turn.

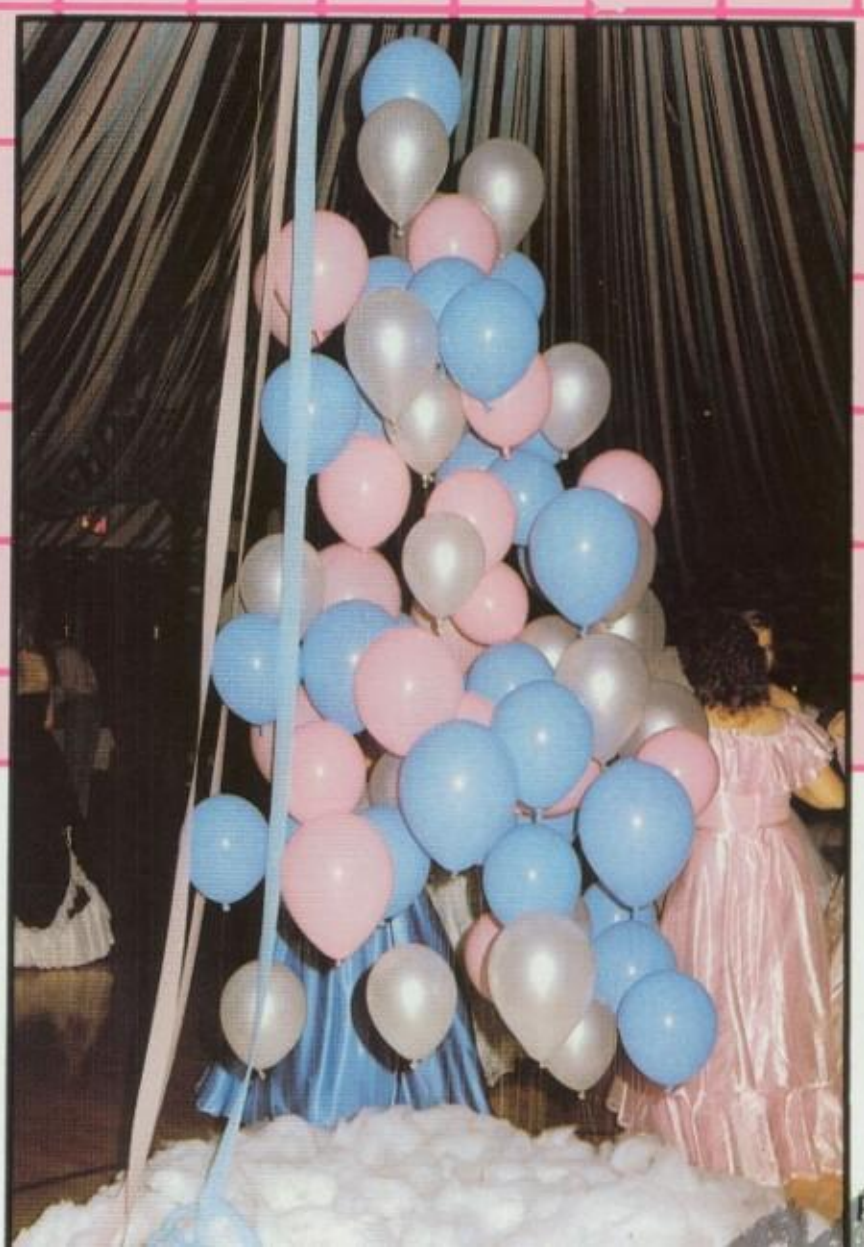
PROM

If Only For One

The 1987 Prom was a great success. Entitled,"If Only For One Night", it was a beautiful and memorable evening. The gym was transformed into a magical wonderland with blue, pink, and silver balloons and crepe paper, which gave you the feeling that you could float away in one of the paper ho-tair balloons.

Lori McCabe and her date, Sandy Smyth are all smiles as they make their way through the Grand March. Kelly Bolton looks nervous as she starts to descend the ramp.

Lora Abbott and her date dance the night away, while Alicia Tarver, Jimmy Bunting, Jerry Moore, and Stewart Me-gee converse at their seats.



Night!

OKLAHOMA

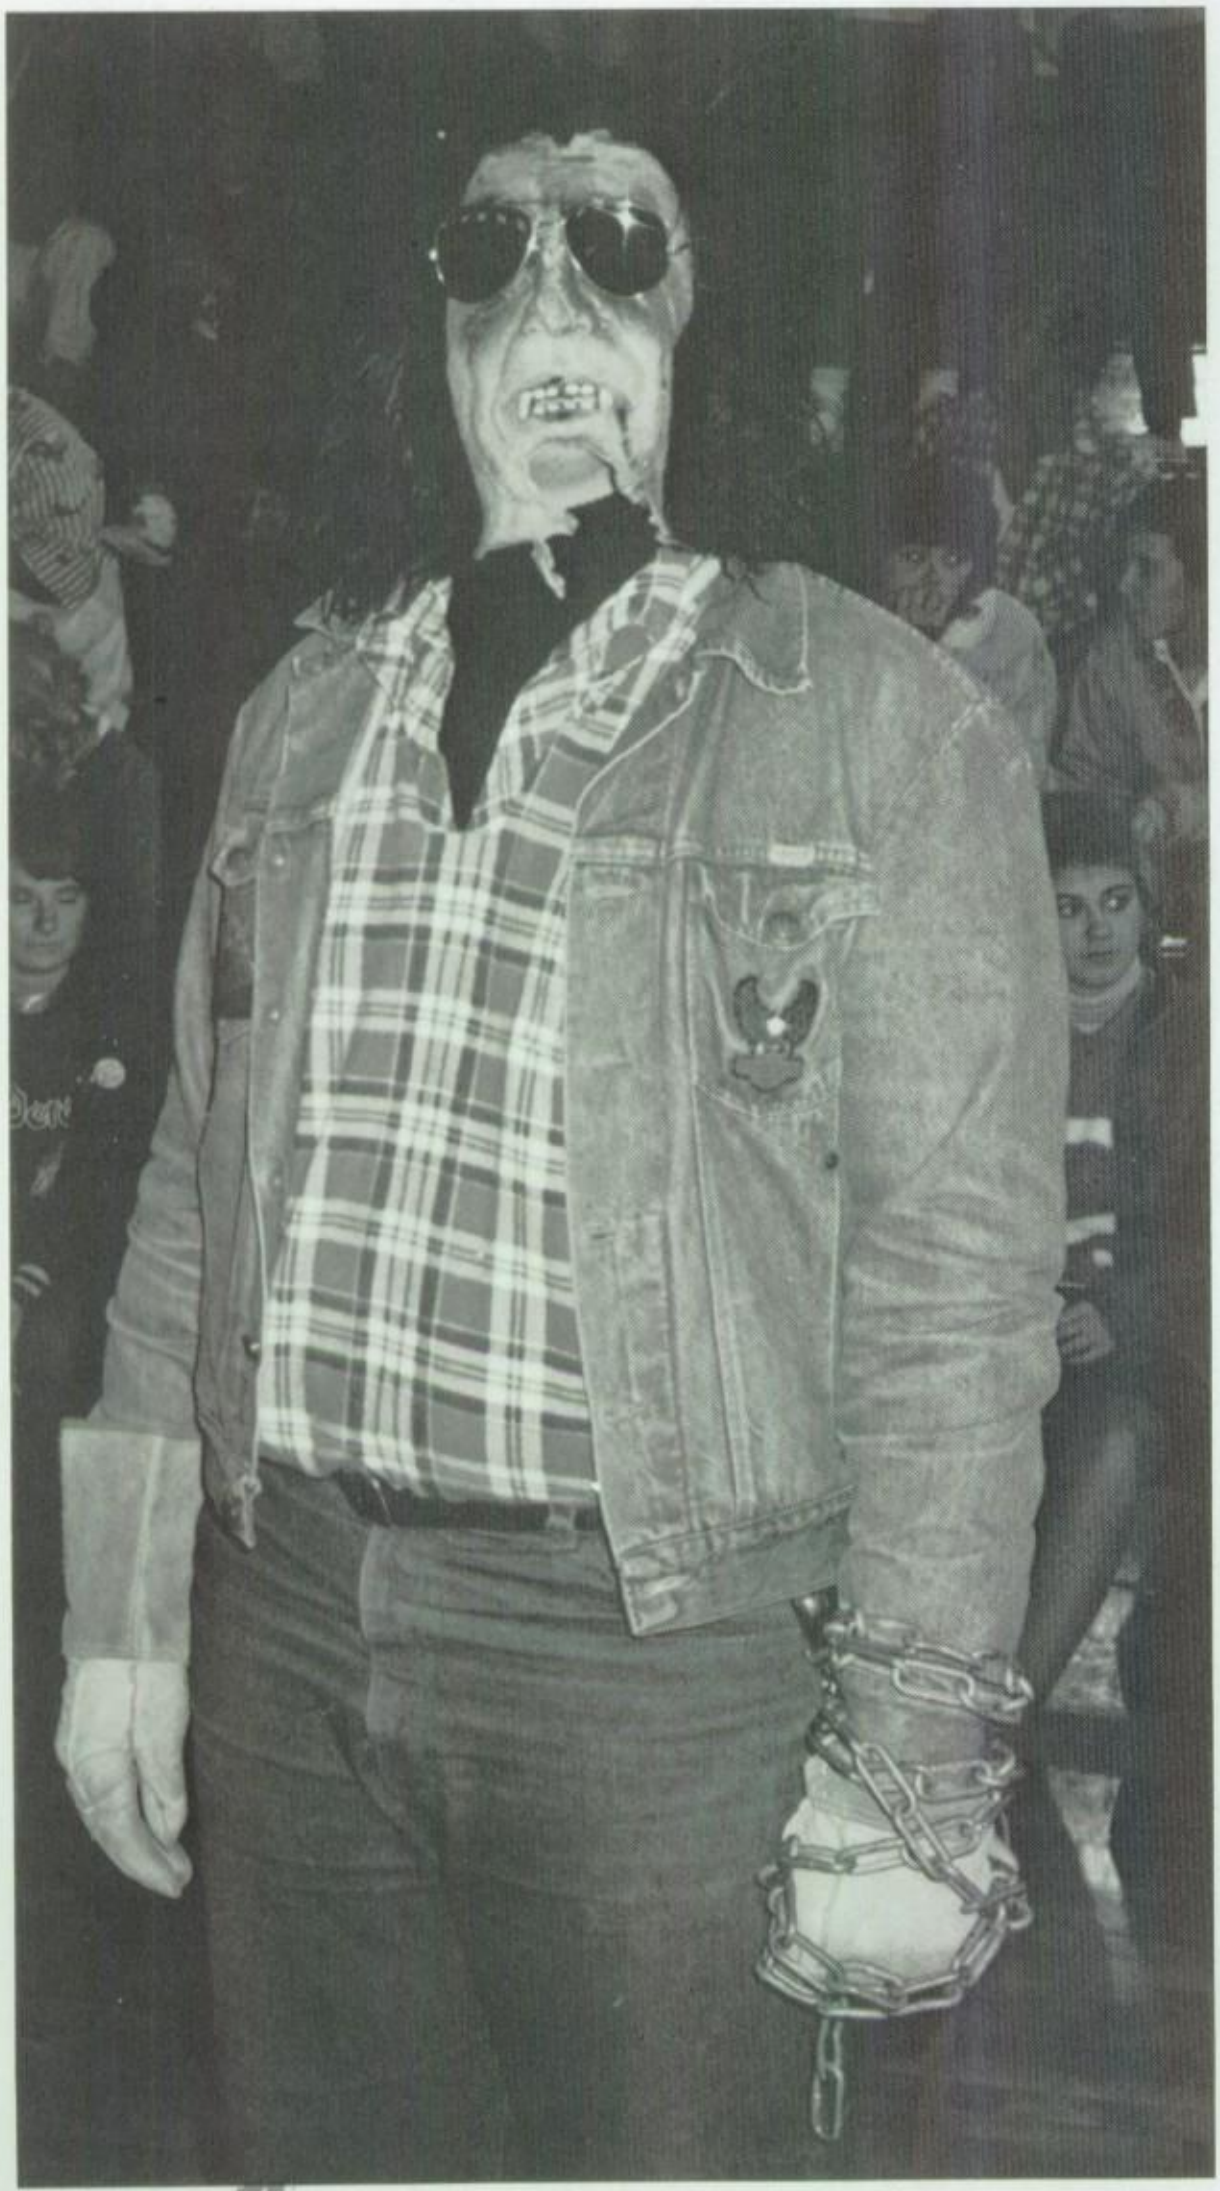
Oklahoma was a united effort between Indian River and Sussex Central. The auditions for the cast were open to students from both schools. The show went off without a hitch; and all those involved, both spectators and actors, had a wonderful time. Congratulations students for a job well done!

LIP...

...SYNC!

The Lip Sync contest was a great time at I.R. From April Stephens to Rick Taylor and the rest of the guys, some of the wildest people at IR came to be in the show.

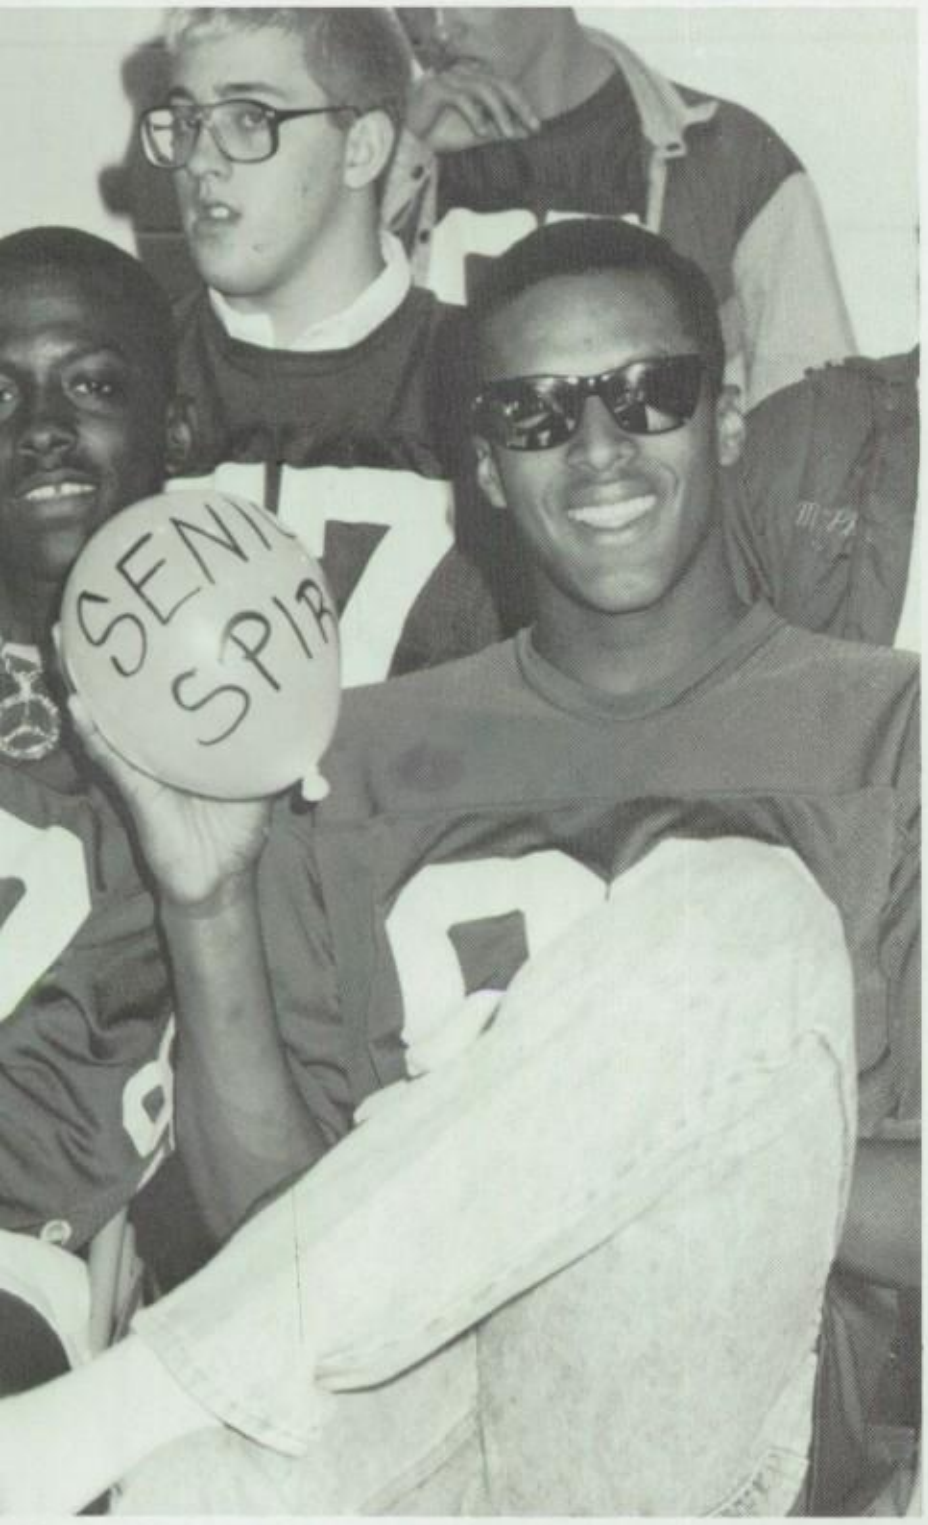
Indians River's 1987 Halloween Day



Halloween Day has become a tradition at IR. For several years now, this has been a chance for those students who are outgoing to change the ordinary school day into a fun time. This year it was celebrated with our usual flair for the outrageous. Costumes ranged from the funny, to the bizarre, to the stupid. Almost everyone participated in the fun. A parade was held in the gym, and was run so that the costumes could be judged. Some of the lucky winners were Christine McCool, Darell Singletary, Kelly Hook, Kim McCullough, and Amy Morrow. Clockwise from below are Darell Singleterry, Mr. Ward, Rico Turlington, C.R. Smith, Kathi Kelley, Michelle Law, and Rick Taylor.

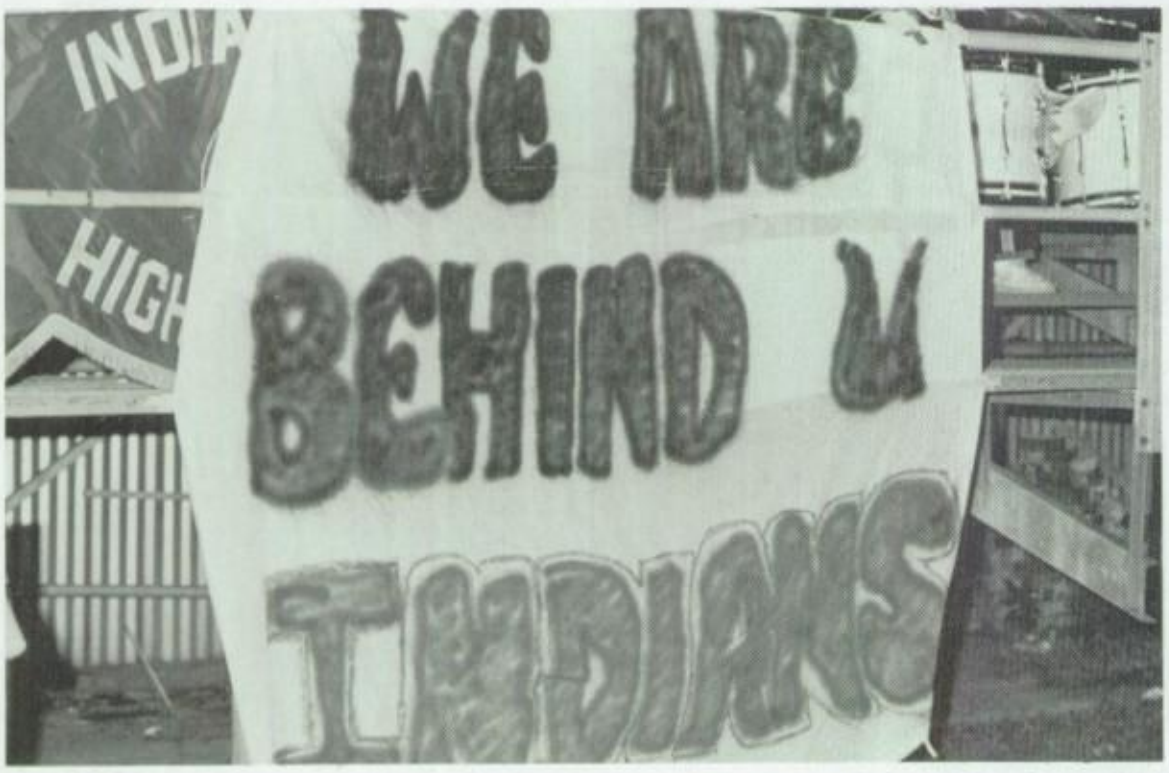
Kelly Bolton-Homecoming Queen

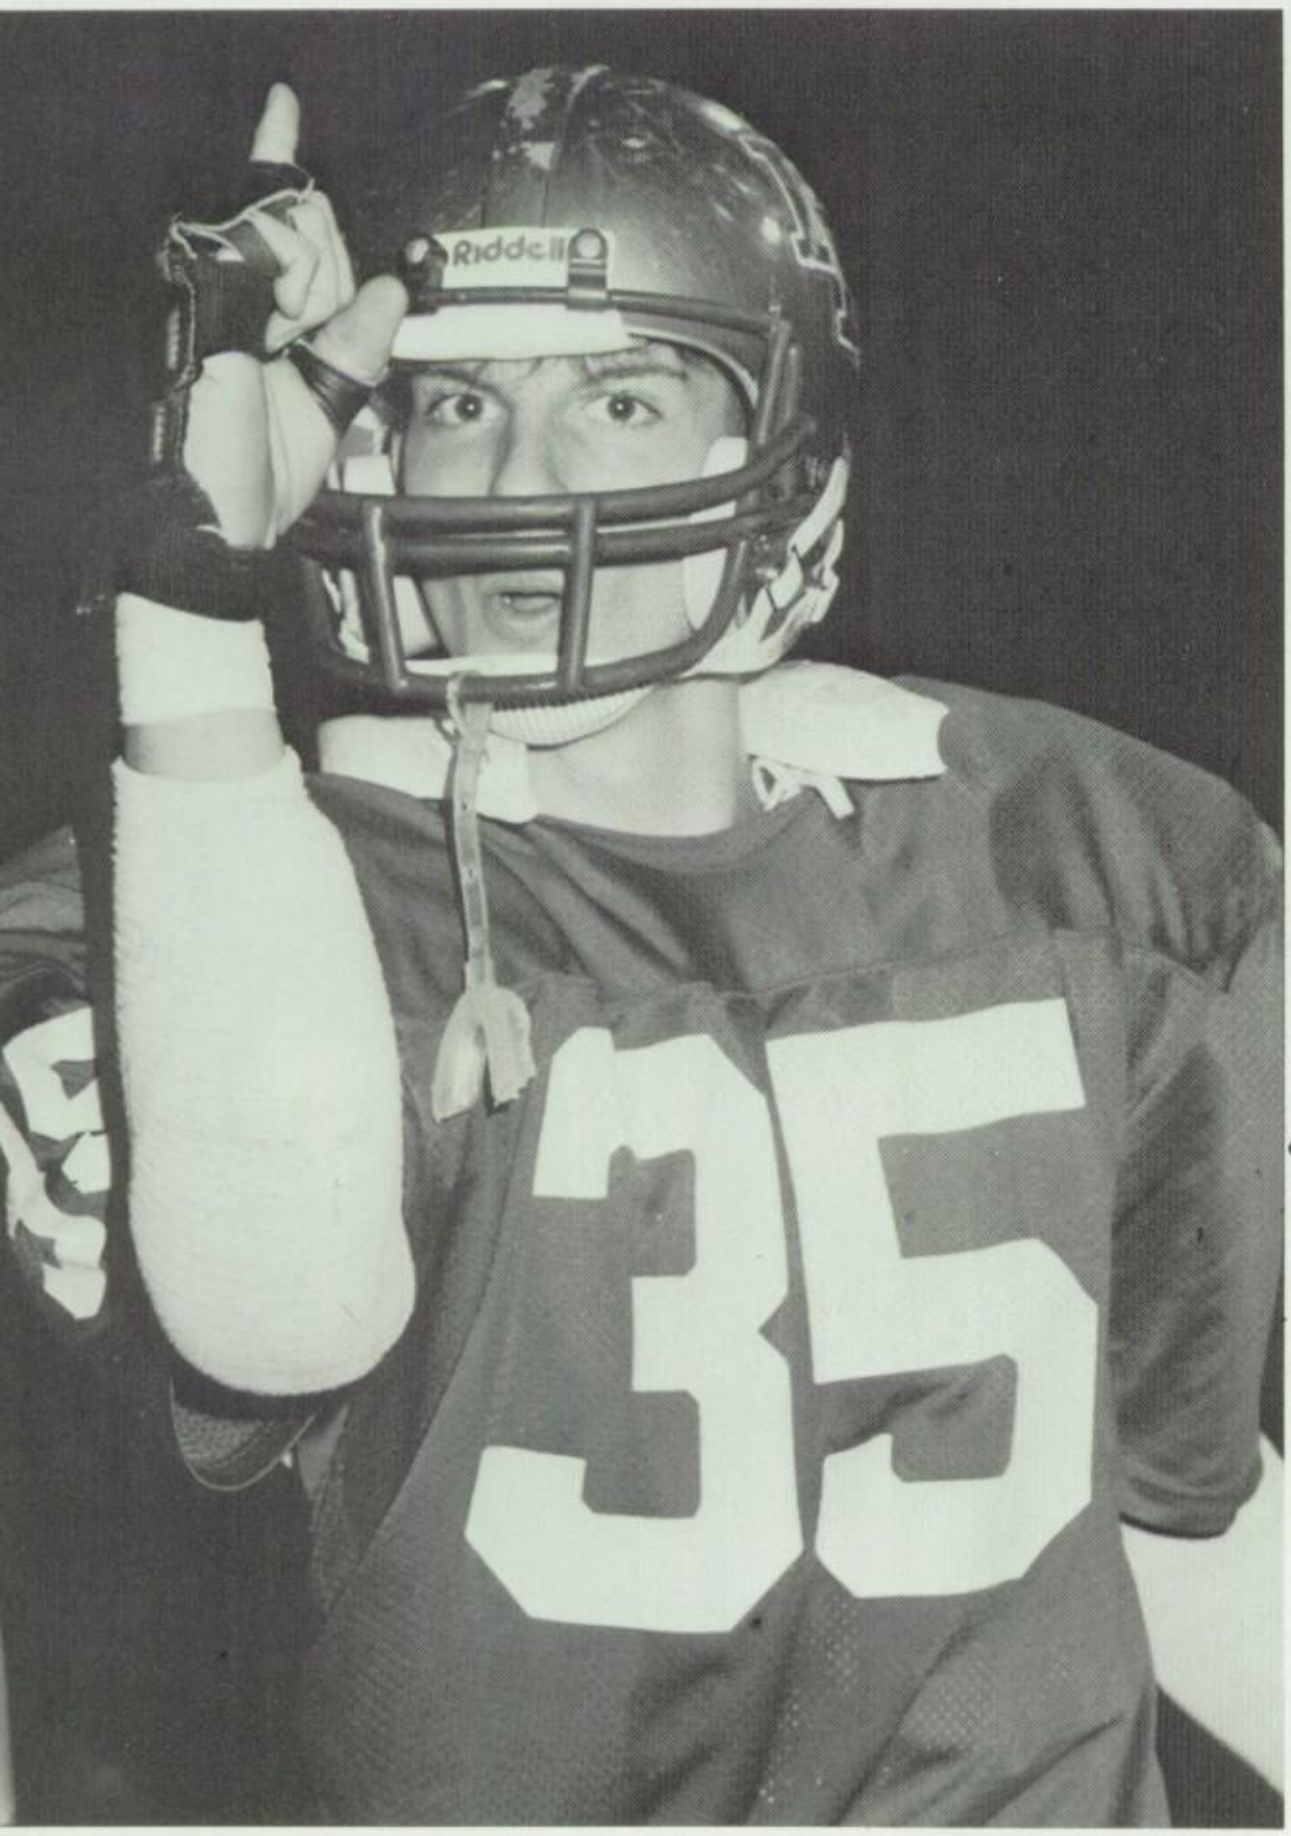
Homecoming 1987



It is a well known fact that if you want a successful Homecoming game you must prepare in the correct fashion, have a pep rally, and make yourself sick with school spirit, as Gwen Brown and Melanie Lindeman are doing here. But it is the cheer and yell leaders who show the real spirit in and out of school and help lead our teams to victory. They're the ones that are always there, even when we don't win.

Indians Scalp Vikings at Homecoming





This year's homecoming was special. Those who took part and those who supported it exemplified the spirit that all I.R. students have. Our football team distinguished itself on the field and the floats were better this year than any year before. The cheerleaders and the band rallied the crowd and gave us the momentum we needed to win. I.R. has never had a better homecomming. Congratulations to the football team!

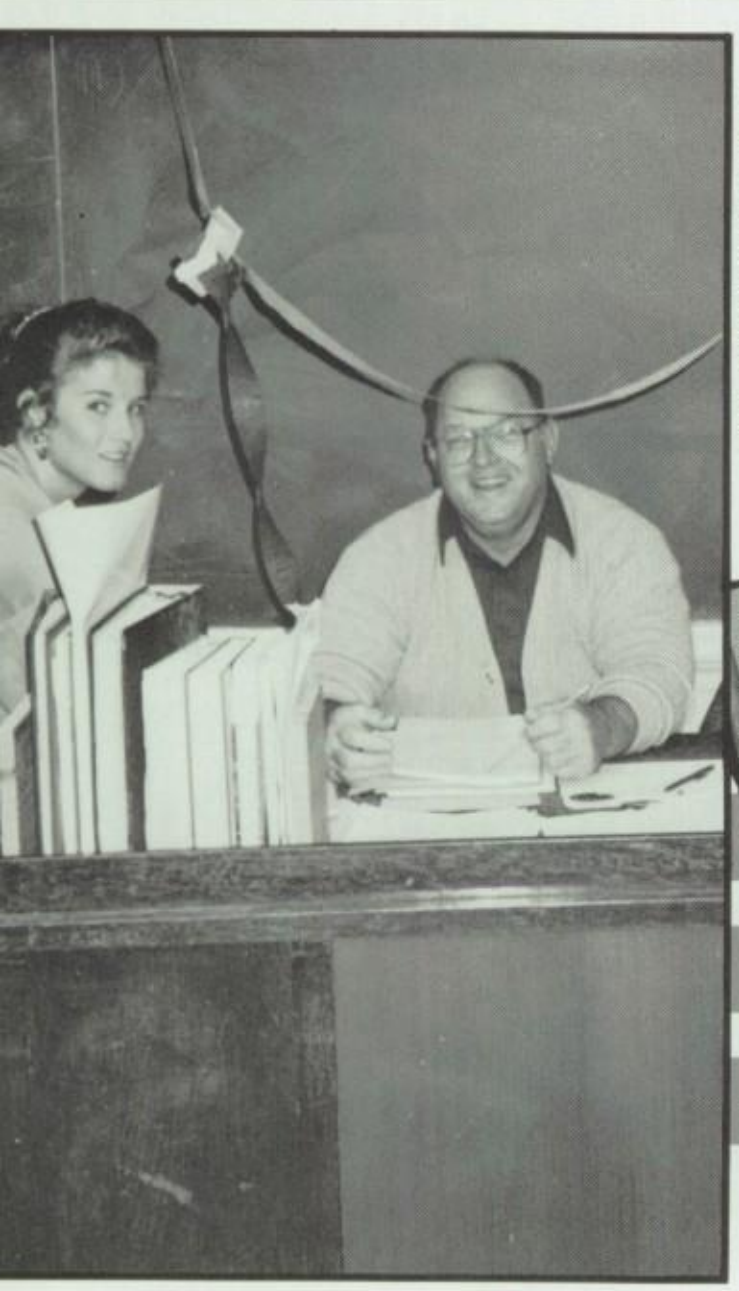
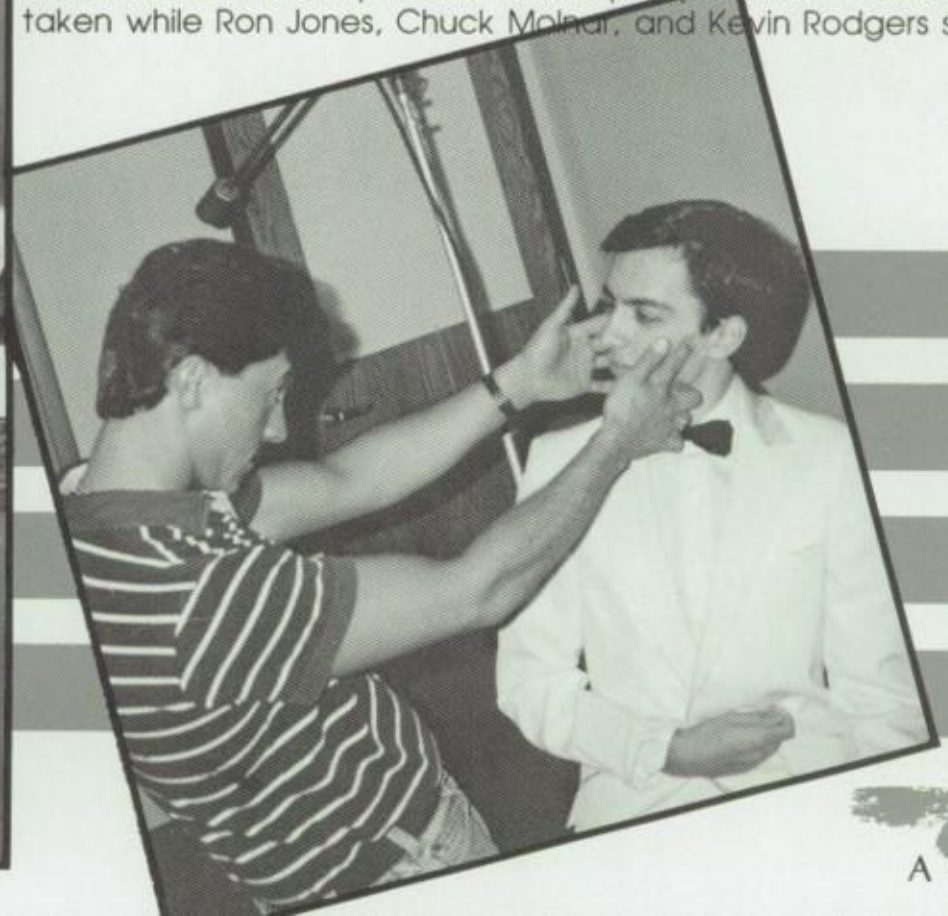
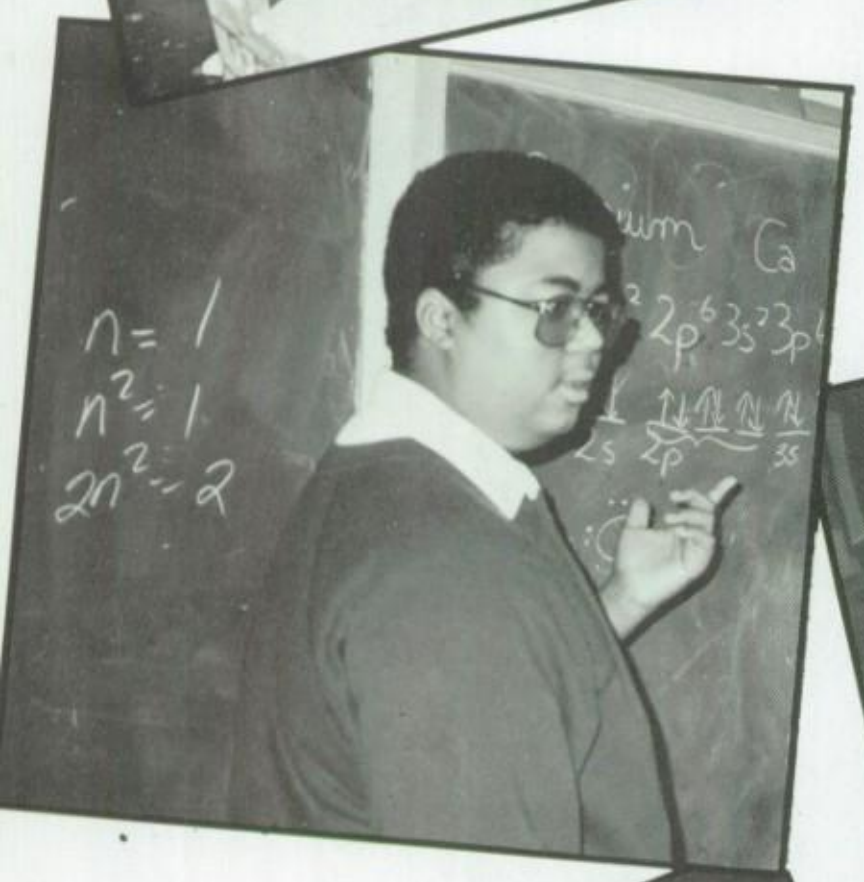
Student Life?#!!*

It goes without saying!

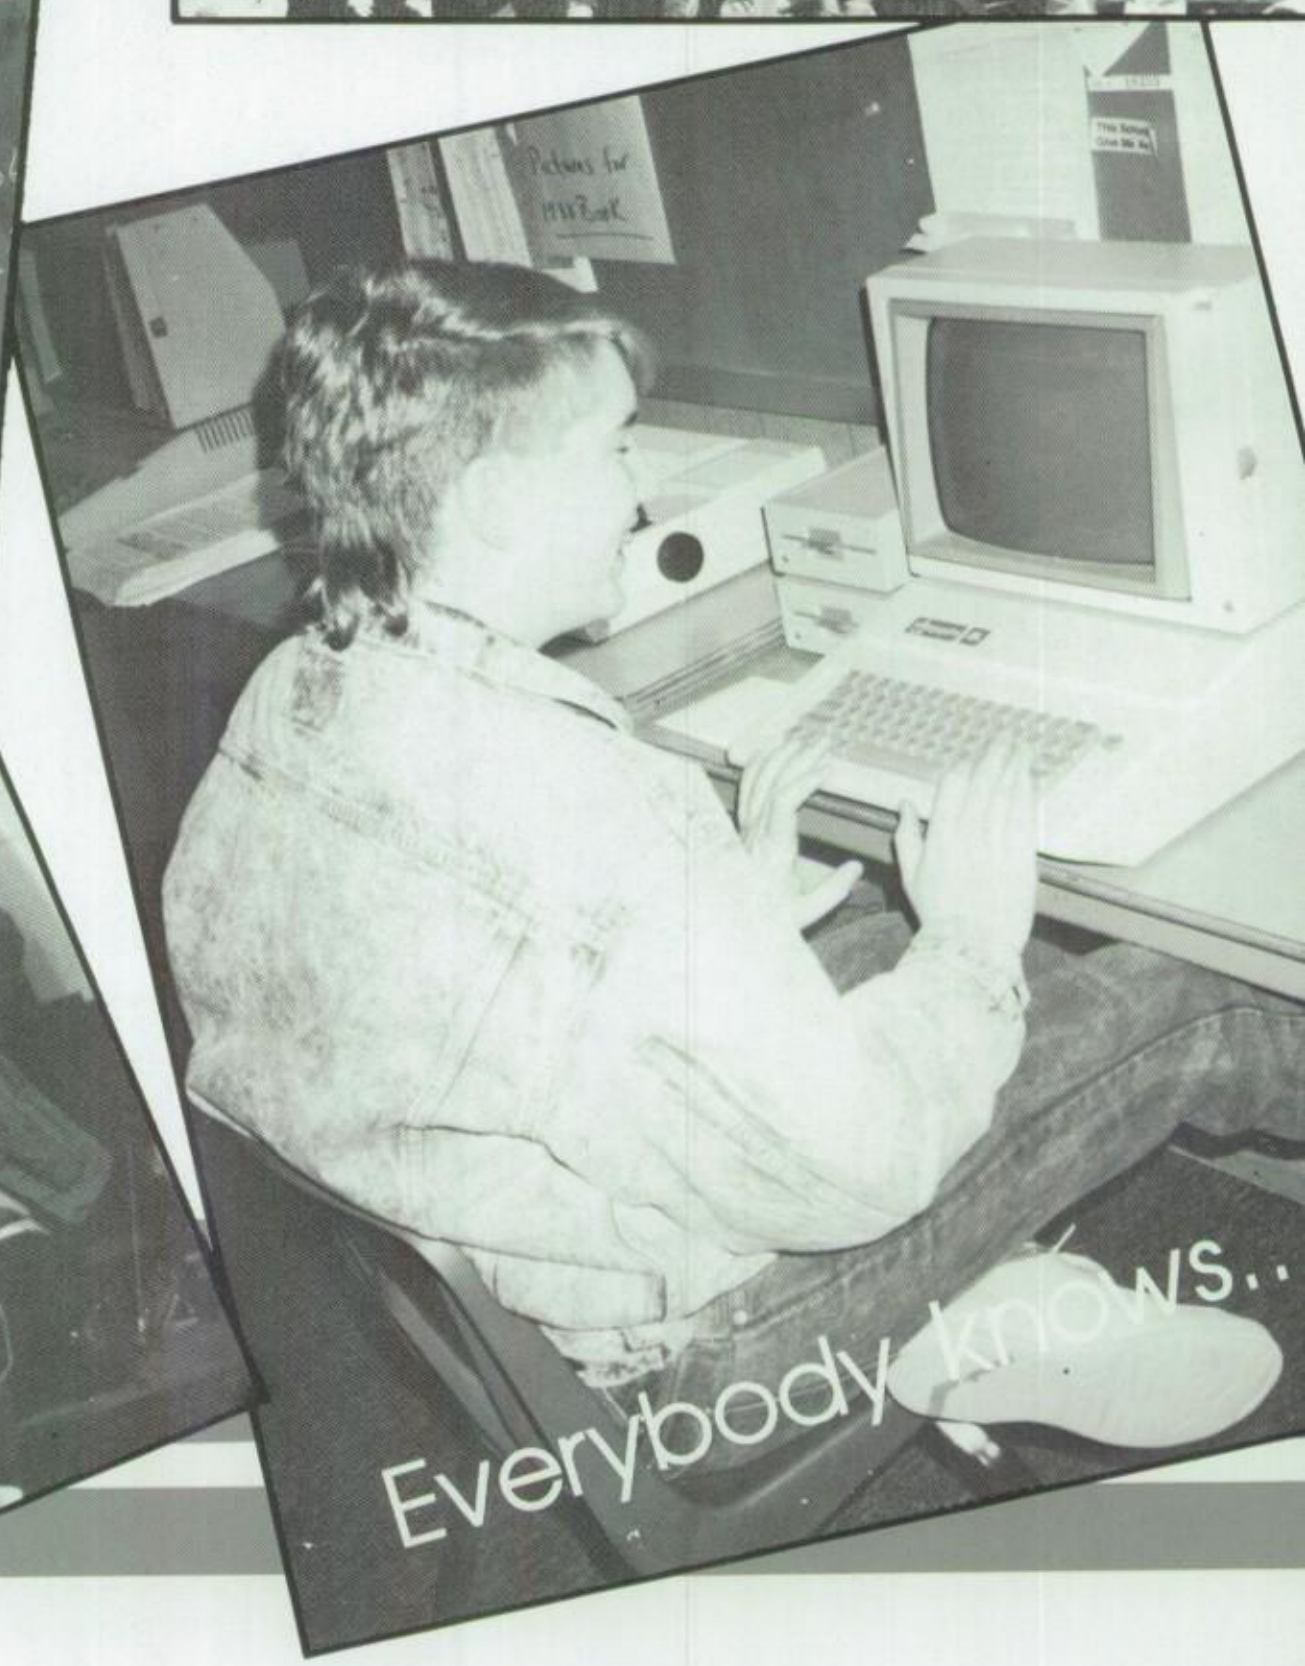


It goes without saying that the class of '88 is superior to the Juniors and Sophomores. It takes years to acquire the knowledge that seniors all possess. A Senior's day at IR includes a lab in physics or a lesson in trig. It also includes lots of studying and fun in the halls. Kevin Rodgers, Sharon Benston, and Ron Jones work in a physics lab. John McCormick expresses interest in trig while Kent McCullough gnaws his eraser in algebra class. Something that every Senior dreams about, the end of the day, is expressed by the emotional faces of Jerry Moore, Chris Kuennen, Howard Barlow, and David Littleton. Tina Williams is not pleased with having to study in the library. Ann McCabe struggles to get a better grade out of Mr.Truitt. Rick VanBrunt shows us that he really knows how to party. Kevan Wharton gets his senior picture taken while Ron Jones, Chuck Molnar, and Kevin Rodgers stuff their faces.



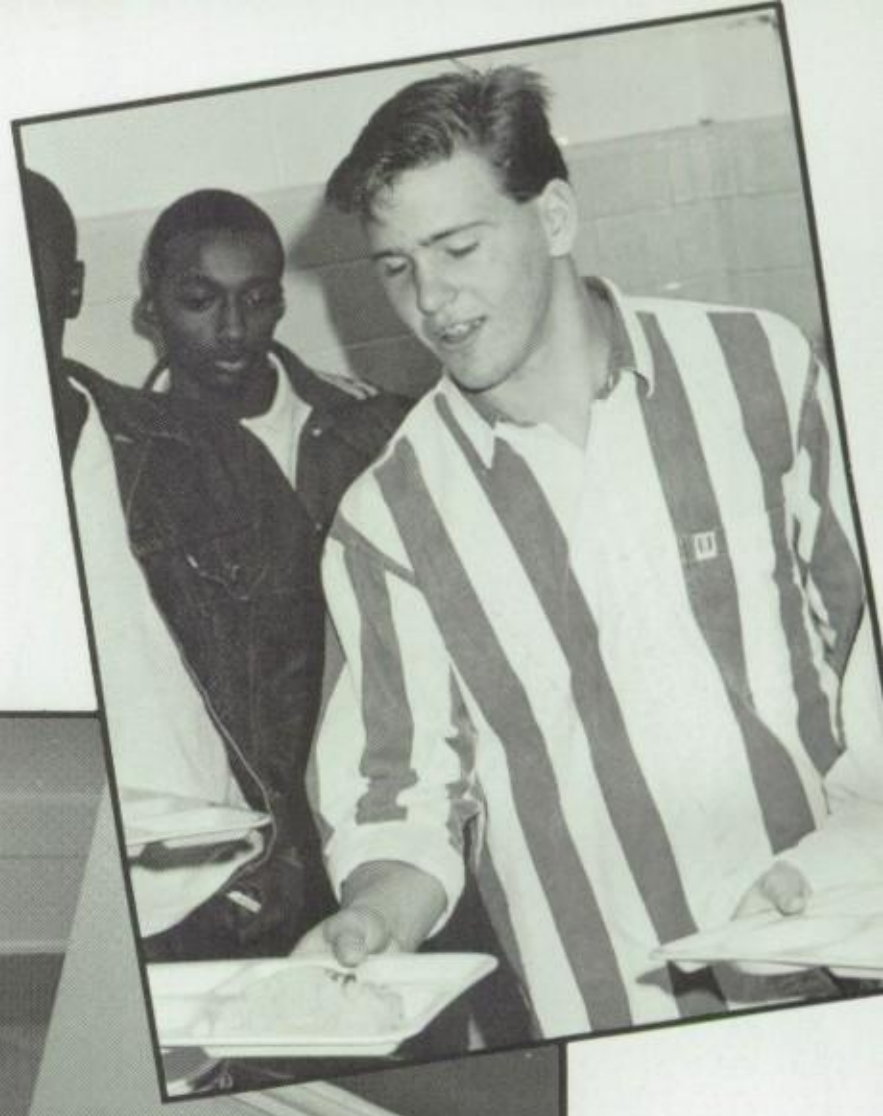


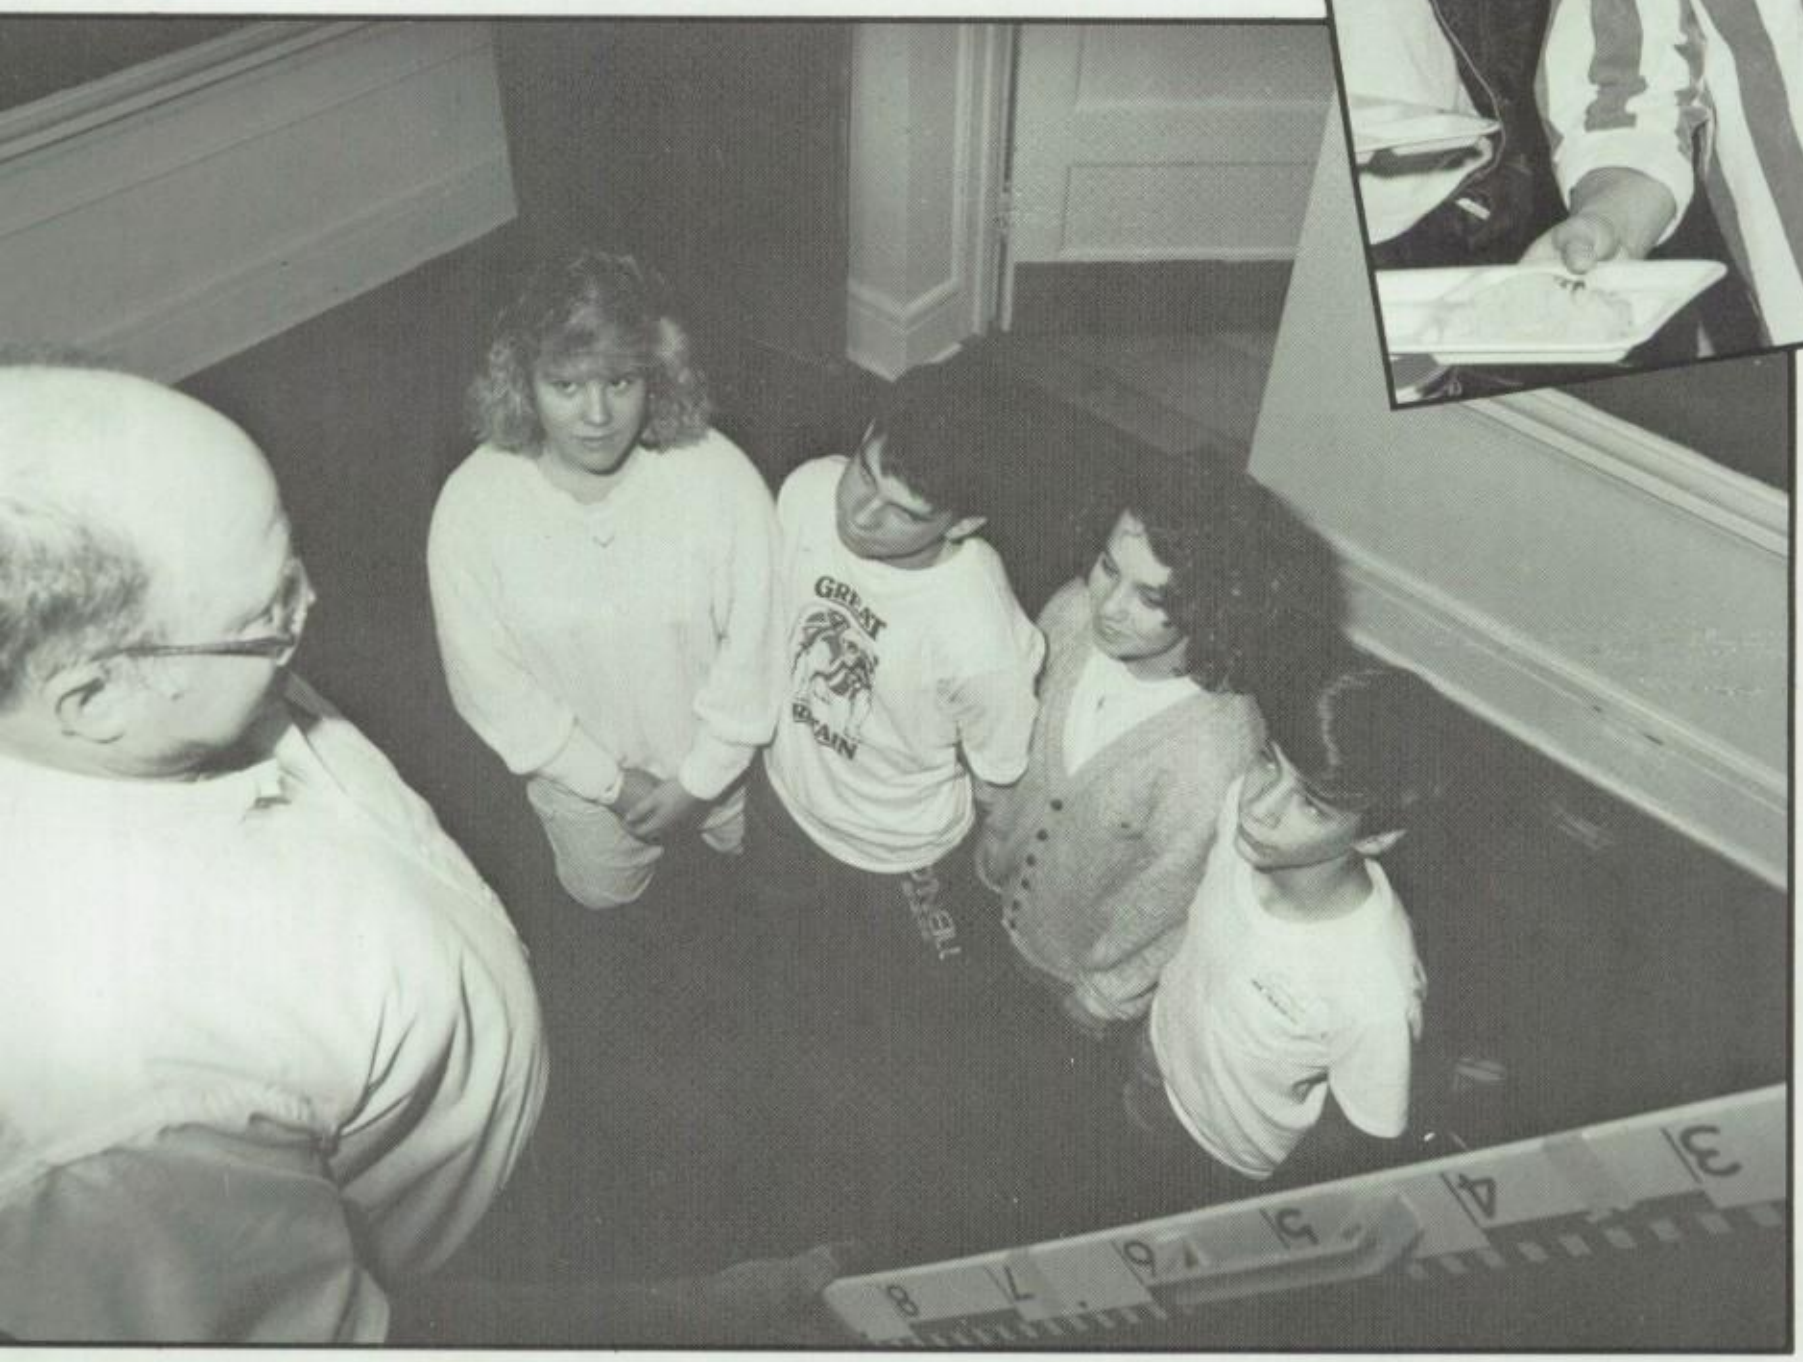
n = 1
n² = 1
2n² = 2



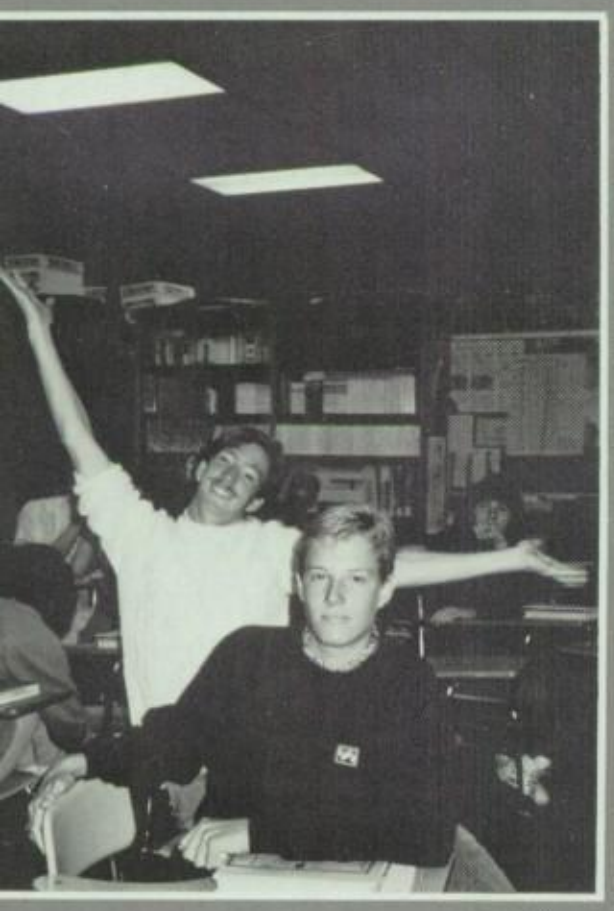
Pictures for
Everybody knows...

Rumor has it...





Everybody knows that the Juniors are in limbo. No longer Sophomores, not yet Seniors, they sometimes face an identity crisis! Right? Not our Juniors! The Junior class has a definite personality and reputation here at IR. One of the things associated with Juniors is chemistry class. Jeremy Hall and Melissa Coldiron struggle through another chem lab. Jerry Mumford gives the class the benefit of his knowledge in chemistry. Jeff Evans, April Stevens, and Tricia Johnson show their class spirit by riding with their float. The Junior class always demonstrates their spirit by their attendance at pep rallies. Scott Quillen exemplifies the scholarly attitude the Juniors have towards school. Struggling Sophomores! Matt Schrieder actually prefers eating cafeteria food as opposed to skipping and going to McDonald's. Tammy Brasure, Patrick Adams, April Averill, and Scott Amendt face the horror of Mr. Truitt's class every day.



MAKING THE GRADE

What's it all about ?

Seniors, it's a prestigious name. You spend twelve years waiting to be called one. All you hear about is how great it is, the fun that Seniors have, and now, finally, you are one! You come to school that first day ready for the fun to begin, but what do you get, an armful of books!

Sure, you get more than your share of the fun. All the parties, (that's what we really want to remember, or not remember!) the Senior Class trip, the prom, Graduation!!! Yea, we're gonna have a blast this year. Being a Senior is really great, you rule the school. You think back to when you were a "stupid little Sophomore", and how all the Seniors picked on you, butted you in line, and treated you like dirt, and how mad it made you. Then you see some Sophomore walking down the hall and you start doing the same thing! What a way of life!

Seniors deserve to be treated special! After all that you have had to put with over the last twelve years, Lord knows we need something!

We don't want to forget about all the work that goes along with being a Senior. It occupies most all of your waking thoughts. The big test that's coming up, the P.O.D. homework that Mr. Smack won't let you turn in late. The essay that's due this Friday, and next Friday, and the next, and the next! It's a killer, that's no doubt. You try to get it all done ahead of time, but it never seems to work out the way you had planned. You fall behind and seem to never catch up. It's an endless sea of homework that you never get out of. Oh well, you only have to get through the rest of this year, then you're free!

That is, of course, if you don't go to college. We're beginning to find out that it's a lot of work just applying to colleges. Endless trips to Mr. McCabe's office, getting recommendations, filling out S.A.T. forms, and everything else you never imagined.

Now's the time that you think back to all the good times you've had with your friends over the years. The good times...and the bad. The many true loves you've had, the ones you thought you'd never get over, but you did, and then the next week you had a new one! Think about the good friends you've had, one year you're inseparable, then the next they're just another face in the halls, but with the Class of '88, you know that if you need someone they're there to help you out. That's the kind of class we are, a caring bunch of kids!!!

HAVING FUN IN CLASS

When it comes to having fun in class,Dennis Berkey, Ron Jones, and Vanessa Blake know how it's done! There's never a boring day in Mr. Smack's P.O.D. class, thanks to these three. When you have been working hard all day in your classes, you deserve some kind of a break. It's nice to be able to sit back and discuss a wide variety of subjects with your teachers and classmates.

CLOWNING AROUND

As you can see by this picture clowning around is a natural part of student life here at I.R. and Tyrone Handy is not different from any one else in this school. Teachers may not like this too much, but once we get started it's nearly impossible to stop us! Clowning around gives us a break from all the normal formality that is usually expected of us seven hours a day. It may be making a face at the camera or just not paying attention to the teacher, or abusing a sub.

SPECIAL MOMENTS...

There are many special moments when you are a Senior in high school. Taking your Senior portraits is just one of them! At the time you may have thought it was just a big hassle. Getting all dressed up, then having to change your clothes a million times, changing poses every ten seconds! But when you finally get the finished result, you know that it was all worth while. Here we see Chuck Molnar and Alicia Tarver receiving theirs.

THERE'S A WEIRDO ON THE LOOSE!!!

We often see weirdos running loose around the halls of IR. Dennis Berkey is often one of them! He is usually seen somewhere in the halls doing something strange. Acting crazy is just a way of life around here!

AT LEAST I HAVE FUN!!!

Some people may be afraid to act crazy. They are afraid of what others might think. Just be yourself- and that is just what Paige Steen is doing here! Don't worry about what others think, as long as you're having fun.

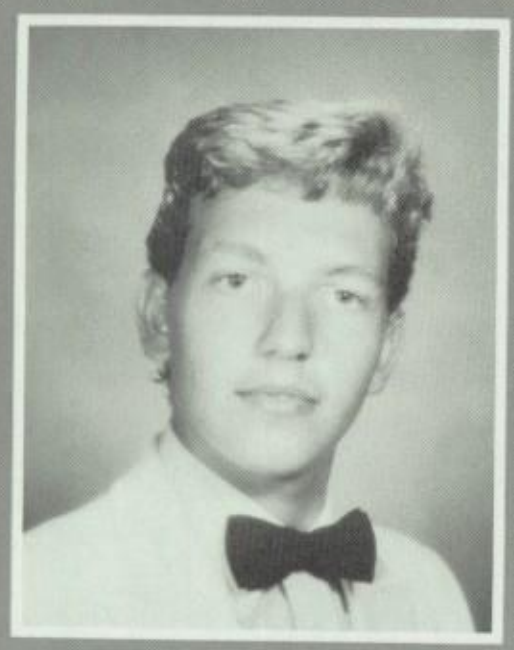
LEADING THE PACK!!!

Our Senior year is the most important of our high school years, and who we elect to serve our class is a very important decision which should not be based on popularity, but on who can use the position to its best advantage. This year we chose Yu'Nein Jarmon as Class President, Kelly Bolton as Vice President, Ronald Hall as Treasurer, and Carla Madden as Secretary.

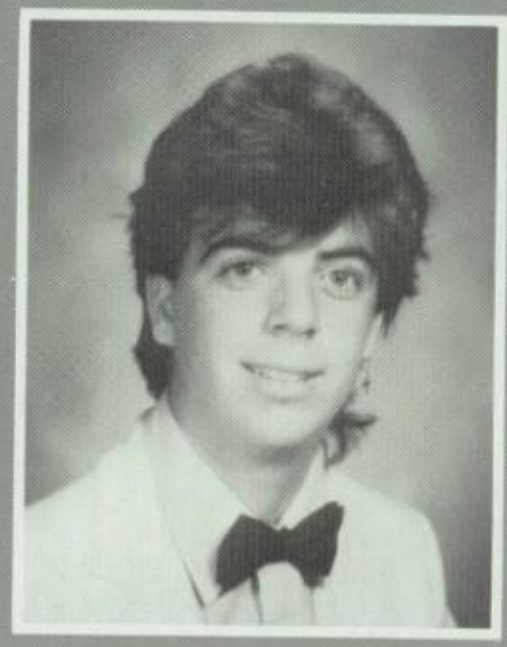
IN MEMORIAM

In John Donne's sonnet XVII he tells us, "Any man's death diminishes me, because I am involved in mankind; and therefore never send to know for whom the bell tolls; it tolls for thee." When Andre Taylor died, a small part of each of us died that can never be replaced. As an active member of our sports and classes he will be greatly missed by us all, but never forgotton!

Russell Winder, Jr.

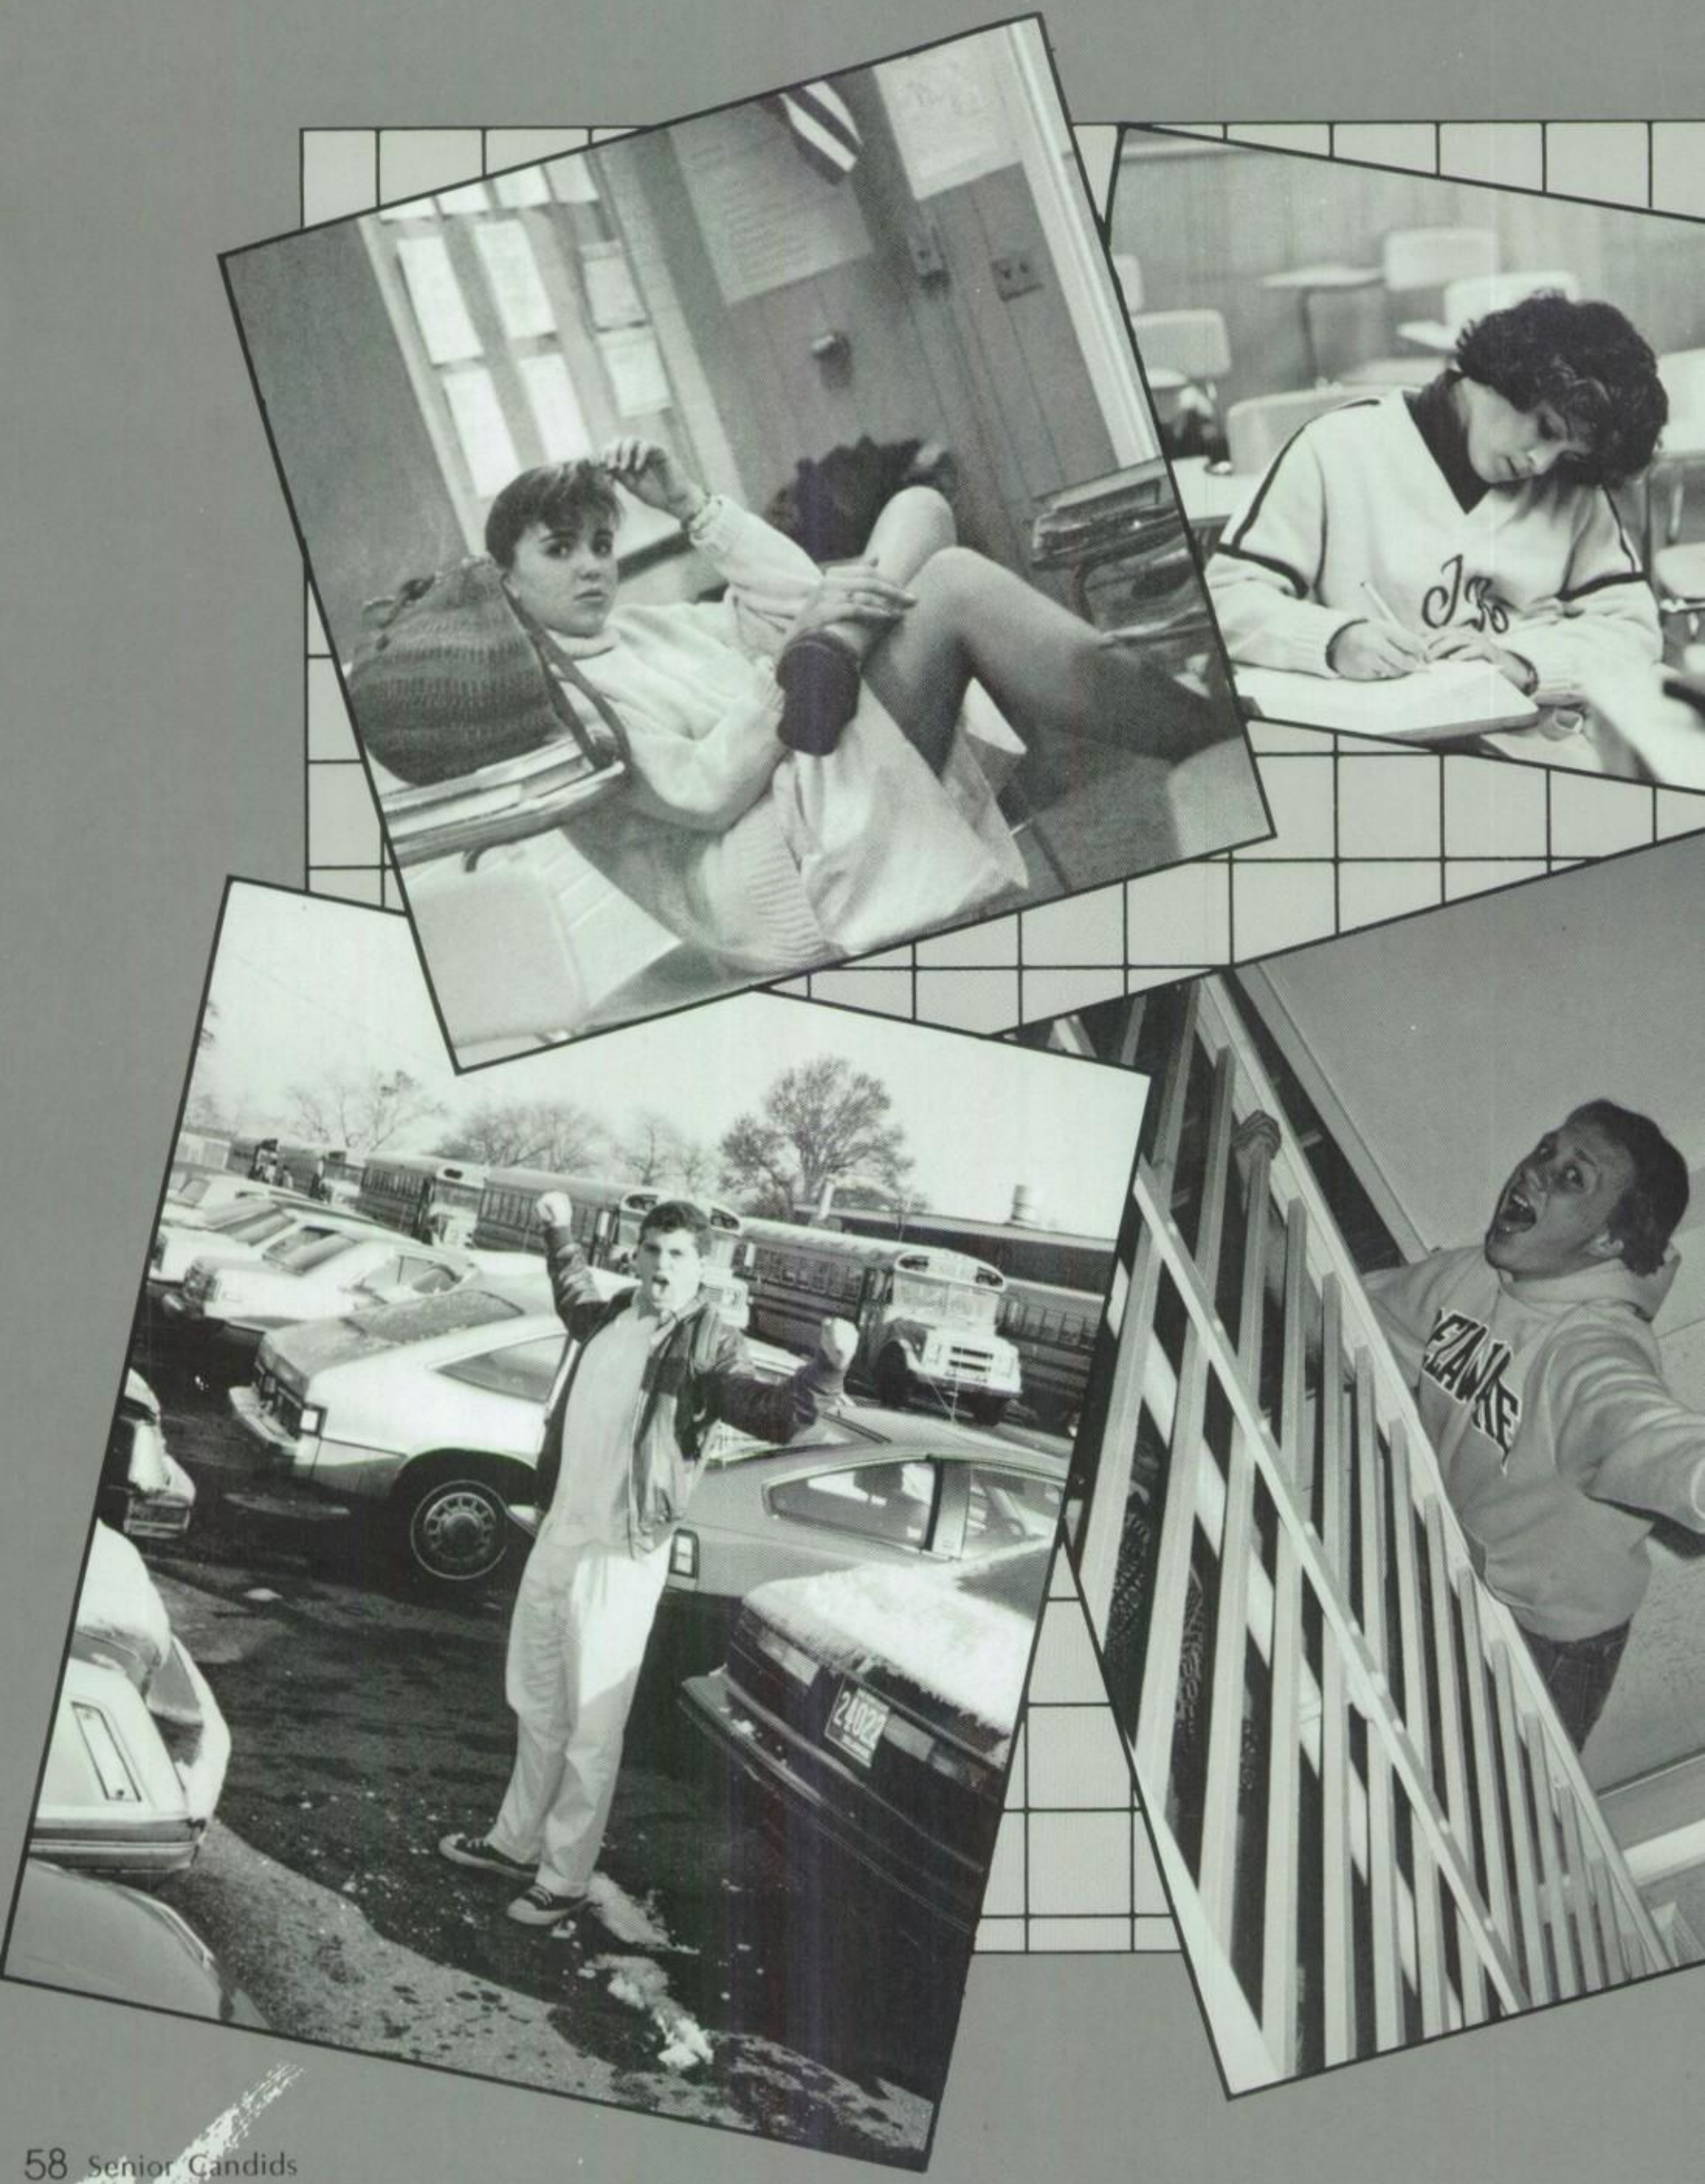


Shawn Winterbottom

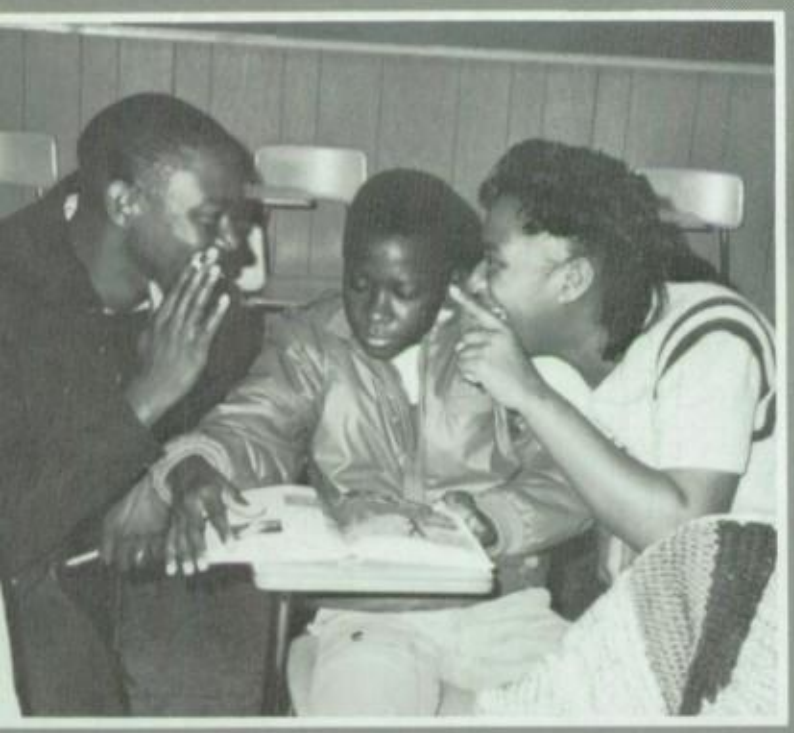


Marcos Halpin

Andre Taylor



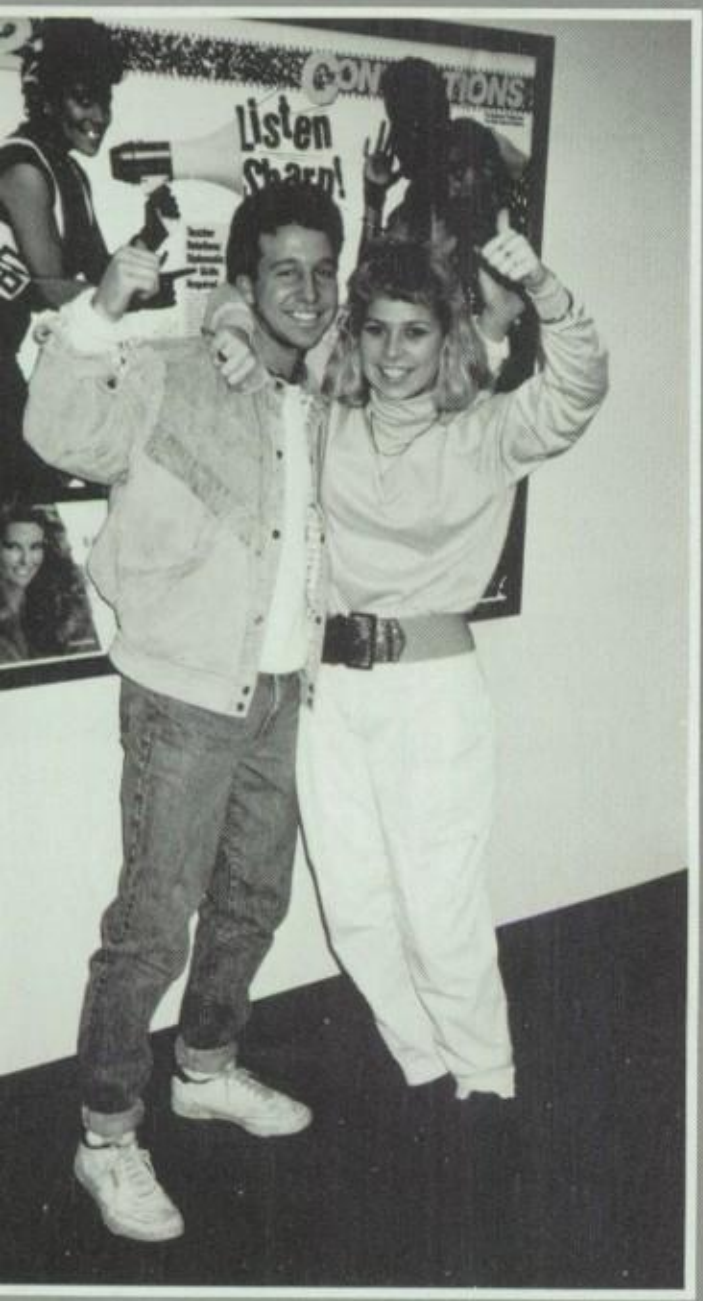
Class Flirt, Amy Dukes and Kent McCullough. **Best Personality**, Kelly Bolton and Shawn Winterbottom.



Most Talkative, Nichelle Hudson and Raymond Thomas. **Most Friendly**, Mannde Chiasson and David Shearman.

AT THE HEAD OF THE CLASS!

Special Seniors stand out in the crowd!



Class Partier, Carla Madden and Jimmy Bunting. **Most Mischievous**, Patty Burke and Jerry Moore.

Most Spirited, Paige Steen and Stewart Megee. **Class Clown**, Dana Valdivia and Howard Barlow.

Mr. & Mrs. Vo-tech, Amy Shockley and Mark Lloyd. **Best Dressed**, Marvella Jarmon and Jimmy Drummond.

Most Athletic, Dana Moore and Darell Singleterry. **Most Likely to Succeed**, Isabelle Dundee and Ron Hall. **Class Couple**, Tammy Bunting and Virgil Bullis. **Most Ambitious**, Marchel McLaughlin and Chris Kuennen. **Most Studious**, Nancy Timmons and Thad Ulrich. **Most Talented**, Yu'Nein Jarmon and Dennis Berkey.

Best All Around, Jane Singleterry and Kevin Rodgers. **Most Shy**, Kim Quillen and Jack Hudson.

Nicole Smith do hereby bequeath to: Quatina, my quietness; rnisha, my ability to "party";My mom, dad, and sister, my love Todd Smith do hereby bequeath to: GM, oil can; GH, more girls to ck up and a RR; ES, 2 more years at IR; HB, the ability to drop ee and buy better than Schaefer, and a bottle of mouthwash; C, "GHOST"; BS, bag hair and the ability to satisfy SR; My parents, the love and support you've given me, I love you.

Lucinda Spence do hereby bequeath to: My mother and father, my love; Tykisha, the mind and determination to continue rough school; RT, VR, IJ, CC, my friendship; Tammy, the ability to ow what real friends are.

Paige Steen do hereby bequeath to : Mom & Dad, my love and anks; Shane, a continuing friendship; Raquel, my cheerleading osition and the luck of having a new coach; RJ, a ride home; avid, Shane, & Chuck, a bigger coach; the Class of 1988, good ck!

Jeff Stephens do hereby bequeath to: DMW, my love, warmth, nd a lot of respect; CU, will and my power of understanding; Ms. nes, all of my pain killers for her nerves.

Sherrill Sturgis do hereby bequeath to: My grandparents & par- nts, all my love; RL, DH, LT, SB, the ability to make next year the est for the Class of '89; MI, my friendship; My classmates, the best success.

Tammy Suit do hereby bequeath to: DP, all the love I can give to ake him happy; Great years for all the Seniors to come.(Today's eams are tomorrow's future.) The future is in our hands.

Alicia Tarver do hereby bequeath to: BKC, SGD, & SLF, a friend- p that lasts forever; SF, Ari forever, and another wall to demol- !; TJ, more Happy Days, ROC, another night in the hot tub, more ecial times, and a great Senior year!; Mom and Dan, very spe- al thanks for being there and making me do the things I hated, I ve you!

Rick Taylor do hereby bequeath to: BP, an engine and trans. that on't blow up; WH, more goodtimes with JS, ML, and me playing my; ML, my heart, my life, togetherness in the future, and all my ve.

Raymond Thomas do hereby bequeath to: JH, IB, GS, the ability graduate; NB, a good successful year; IJ, strive to be a Senior; my friends, stay in touch.

I, Nancy Timmons do hereby bequeath to: SW, all of my love; PW, continued happiness with SB; CQ, my intelligence; KQ, LC,DG, CB,RH, PW, the best of luck in their future endeavors.

I, Dale Toomey do hereby bequeath to: JB, my car; AW, my bat; RB, the ability to skip and not get caught.

I, Tracy Townsend do hereby bequeath to: Jill, three fun years at Votech; Mark, all my love.

I, Rico Turlington do hereby bequeath to: My mother, all my love; My sisters, my good looks; My nieces, my intelligence; My cool nephews, my talent and abilities; Tina, all my love and best wishes in life.

I, Thad Ulrich do hereby bequeath to: All Drivers Ed. students, my great ability to drive; DM, a broken leg; BK, a real car; JS, the ability to pass.

I, Dana Valdivia do hereby bequeath to: RP, me and my everlasting love, a filing cabinet for all your speeding tickets and a "pah" from your baby; JV, all my love and my help whenever it is needed; SS, all the luck in the world at Law School; TK, luck at Del. Tech; AM, a case of sprees and a gallon of ranch dressing; RP, a bottle of lotion.

I, Misty Varuolo do hereby bequeath to: Soccer team #24, peanut butter; #11, a muzzle; #18, common sense; Coach, a tackling dummy; Ripple, my jokes.

I, Richard Venables do hereby bequeath to: TV and AS, one more year at IR; JS, another year at IR; HB, a real Honda; JS, the ability to drive a stick shift.

I, Laurie Vickers do hereby bequeath to: Chris, all my love forever!; JM, a b. friend forever, 1 guy, and a sober weekend; Lisa H., a lunch partner; CL, another "late" night.

I, Anthony Wall do hereby bequeath to: DT, the most awesome mud hop truck ever built; JB, you're still not getting my 30% of my ghost; RB, a great Senior year and a real car; JB, RB, DT, CE, BJ, my friendship forever.

I, Patricia Waters do hereby bequeath to: My family, my love, especially Mom and Dad; Tina and Tiwara, the ability to graduate; DM, NS, and JG, my everlasting friendship.

I, Troy Wescott do hereby bequeath to: ST and VL, the ability to keep your hands warm at Homecoming.

I, Bill Whaley do hereby bequeath to: JJ, all the fun we had in class without getting sent to the office.

I, Kevan Wharton do hereby bequeath to: Mom and Dad, all my love; My brother and sister, love and warmth; To all the people I have helped pass through their Senior year, Good Luck!

I, Chris White do hereby bequeath to: WH, a fulltank of gas; JE, the ability to throw a pumpkin; AW, the ability to play the sax.

I, Pamela Whitney do hereby bequeath to: SB, all my love and happiness forever; TW, my ability to be a leader; Nancy and Steve, the best of luck in the future; RH and VS, friendship forever.

I, Crystal Wilkins do hereby bequeath to: MR, all the special memories we have and a lot more to come, all my love to you.

I, Machelle Wilkinson do hereby bequeath to: DW, the will power to stay in school; Robin, the ability to get along with KB and CG.

I, Tina Williams do herby bequeath to: My mother and father, all my love and thanks; My stepfather, Harold Taylor, thanks!; My sister Sonya, all my love; RT, my everlasting love and affection.

I, Russell Winder do hereby bequeath to: The people who make it through this year with me, a very long and happy life; To those who come after me, the ability to take a chance and succeed at it, no matter what it is.

I, Shawn Winterbottom do hereby bequeath to: TW, my surfing ability; HB, a bottle of mouthwash and the ability to drive; RO, my ability to play soccer; DC, an IRON hand.

I, Marcos Halpin do hereby bequeath to: The Class of 1989, the best of luck; Bre, Kat, and Amy, a ?Que? to learn and remember; Michelle, the best action picture in all lockers.

The time has come when we must say good-bye to high school, and begin a new and more adventurous life full of suprises. This book will take you through all of the events of this year. The things you will remember for the rest of your lives. Some of you may think, " What is so great about this year and this book? " and maybe you're right. The years are the same. Different faces, different names, different scores, different classes but basically still the same year as the ones before. So what is so special about this year? We are! The Class of 1988, we are the special ones! We are trudging ahead in a fast moving world. Preparing ourselves to meet new challenges, face the real world, and make a future for ourselves and those to come after us! What we do effects not only us, but everyone around us. Yes, we are the special ones because we have the ability to make this world a better place for everyone. And we will always have our memories of friends and places and events to keep us on the up and up, so remember.....

These are the best days of our lives!

Everybody knows that it's not easy being a Sophomore. The hardest part is adjusting to the change in the environment. It didn't take the class of '90 very long to adjust. With classes like geometry, teachers can help make this change a little easier. If math is not your favorite subject, ball-bouncing and basket-weaving are some of the alternate classes that Mr. Truitt offers. If help is needed, Sophomores can turn to upper-classmen for plenty of advice. Most importantly, rumor has it that this class definitely sticks together through thick and thin.

Wendy Wilson
Ivan Winder
Catina Wise
Nadine Wise

Making new friends is a part of the big move to the high school. In high school it's very important to have those special friends that will stick with you through thick and thin. Dawn Averill and Stephanie Evans have definitely acquired this kind of relationship. These are some of the most special years of our lives and holding special relationships and keeping in touch when it comes time to move on, is very important. You've got two special years left, enjoy them while you can!

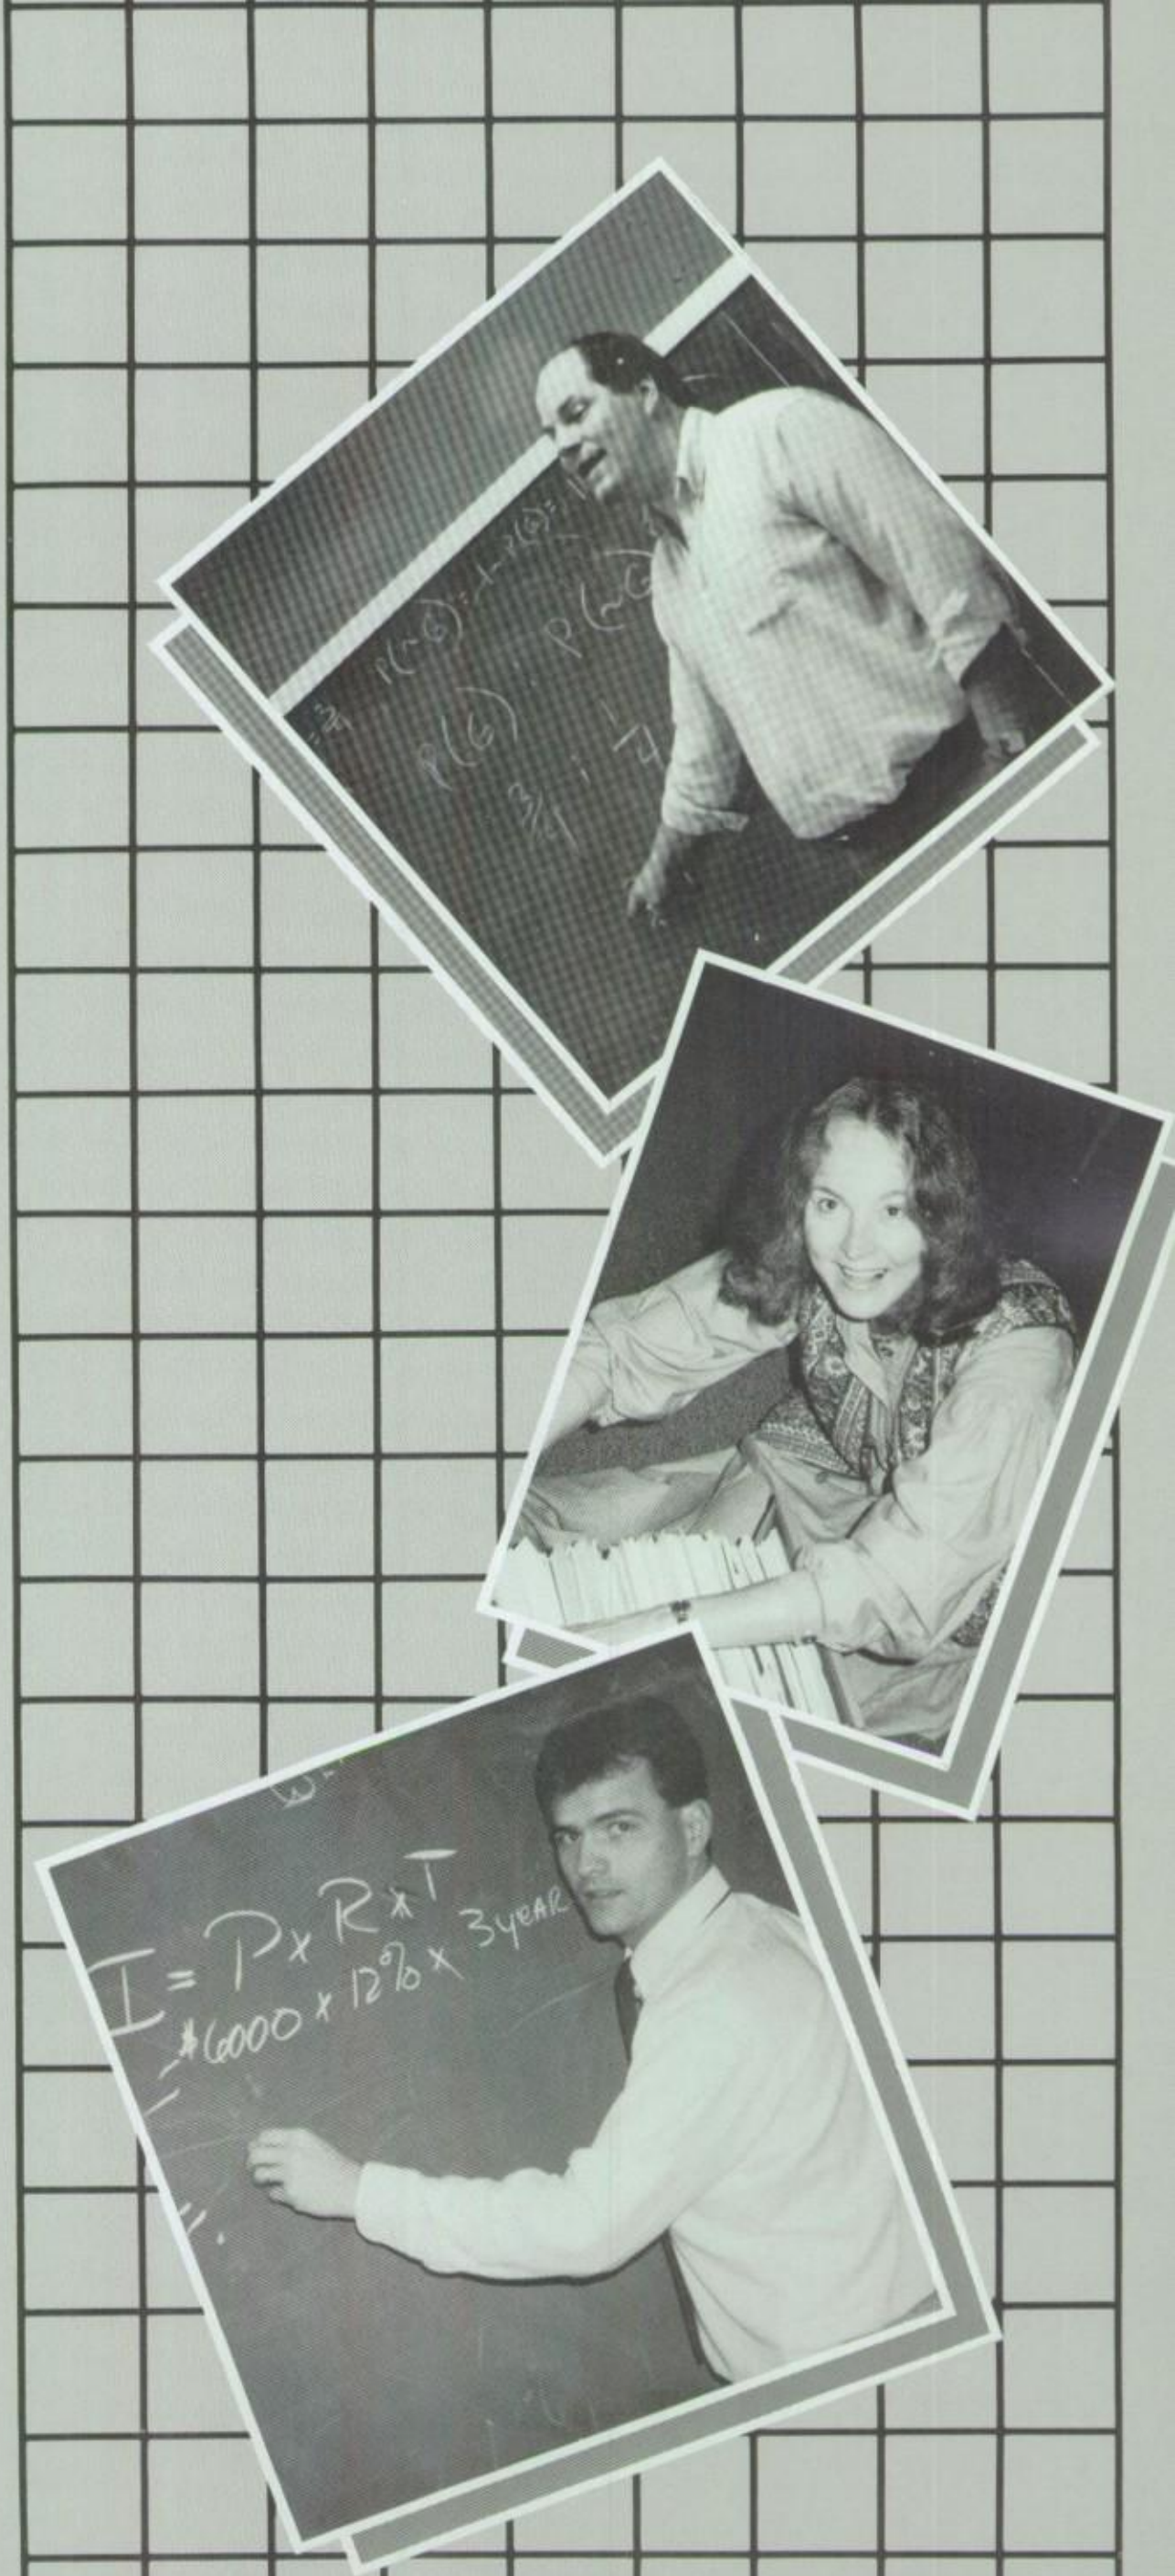
Pictures are not the same as being there, but this is better than nothing. This picture with Nicole Cobb and Ann Lekites definitely talks for itself. What's better than the break that lunch gives us to gossip about the day?

To hit it off, just look at the fun that sophomores can have. Brelle Beaston, Nicole Schomer and Beth Elliot are definitely enjoying themselves. Being with your friends and experiencing these special years with them, makes looking back at those times much more special.

The students of Indian River High School have something that no other student body has: our excellent faculty and staff! Our teachers are very special each in his or her own way. Among them are scientists, writers, linguists, artists, businesswomen, mechanics, home economists, administrators, historians, and musicians. This does not even begin to list the personal interests and talents of the staff. This blend helps to define our school in a way that fits no other institution. It helps to shape and develop us in different ways.

Our Faculty is unique in that they are all individualists. They each have their own methods of lecturing, reviewing test materials, testing, and even punishing. Each of us can think of examples to illustrate how one of our teachers is different from another. This not only makes the day more interesting, but also allows us to work with a variety of personalities and abilities. In other words it simulates what we will encounter later in life.

Three of our faculty members are pictured on this page. Mr. Steele is much loved by the students for his easy going manner. Mrs. Hochholzer is highly respected for being a hardworking and dedicated teacher. Mr. Botchie is credited with keeping the Special Education department running smoothly. We could write similar lines about each of our teachers. Thanks to all of you!



Sophomores have mixed feelings when they enter IRHS. For many the excitement of beginning a new chapter in their school lives quickly becomes dread when they realize they have Mr. Adams for English. Mr. Adams has been teaching at Indian River for so long that no one can remember a time when he wasn't here. He has built a reputation for demanding excellence. This is new to many students. Some students find themselves back with Mr. Adams as a senior. Now they realize that what they thought were unreasonable assignments as sophomores are really the first step toward becoming educated-a major step toward college.

INDIAN RIVER HIGH SCHOOL 1986-1987 TEACHER OF THE YEAR: MR. DARRYL HUDSON. Mr. Hudson has been teaching biology at IRHS for 7 years. He has taught in the Indian River School District for 15 years. Anyone who has been a student of Mr. Hudson will agree that he is "one of a kind". Mr. Hudson has proven himself to be a caring and concerned member of the faculty. It is no wonder that he has won this honor. His method of teaching is extraordinary and his enthusiasm for science reflects on the class as he makes the class interesting for each of his students. Mr. Hudson is greatly respected by his students as well as by his fellow faculty members. This respect comes from all of the patience and understanding he has given over the years to the students of IRHS. We are proud to have Mr. Darryl Hudson represent us as INDIAN RIVER HIGH SCHOOL'S TEACHER OF THE YEAR. Congratulations!

Sheila Malone, Mr. Hudson's student teacher grades papers, while Marilyn Bauman demonstrates her skills in the art room to Somphone Bouaphakeo, Layfield Sampson, and Mr. Bradford.

Holly Purpur, Ms. Dixon's student teacher, drills the class on their vocabulary homework.

It wasn't what they got out of it,
It's what they gave!

FRIENDS IN PASSING

Not everyone in the school had the chance to meet the visiting instructors last year, but the ones who did can say that they were a big help in the classroom.

We were lucky enough to have two student teachers last year, Ms. Sheila Malone, who helped Mr. Hudson in Biology and Ms. Holly Purpur, who helped Ms. Dixon and Mr. Campanini in their English classes. Teaching is one of those jobs that is hard to learn without jumping in feet first!

Ms. Marilyn Bauman, our Artist in Residence, who displayed her work and talent in Mrs. Dick's art room, was also on hand. She was a valuable asset to the students who worked with her. One of our custodians, Mr. Bradford, who has been painting for several years, dropped by to pick up some pointers from Ms. Bauman.

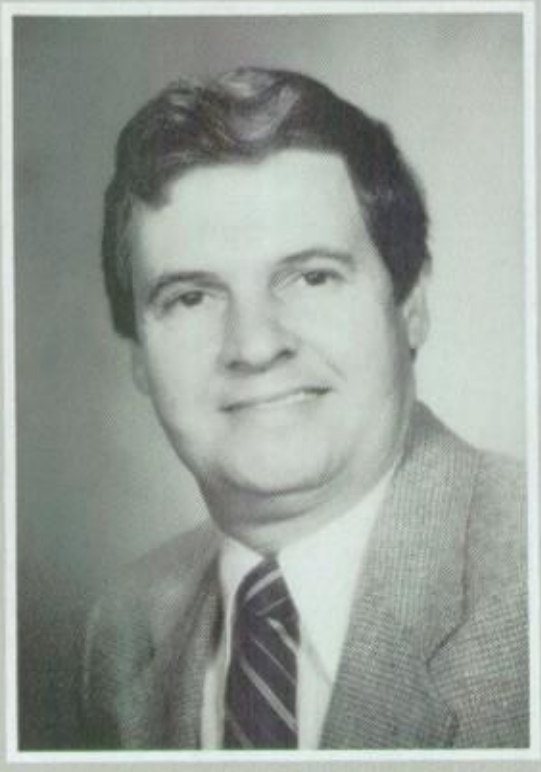
Artist in Residence, Marilyn Bauman shows off her talent to the class, while our custodian, Mr. Bradford perfects his technique.

The Seniors of 1988 will always be a little special to me in my memory because the class came to Indian River High School the same year I did, 1985

My biggest regret as principal, is the limited time available to spend directly with students. To compensate for this, I try not to lose sight of the goals of our staff and me -- to continue to expand and enrich the opportunities available to our students academically, culturally, and athletically in every way possible.

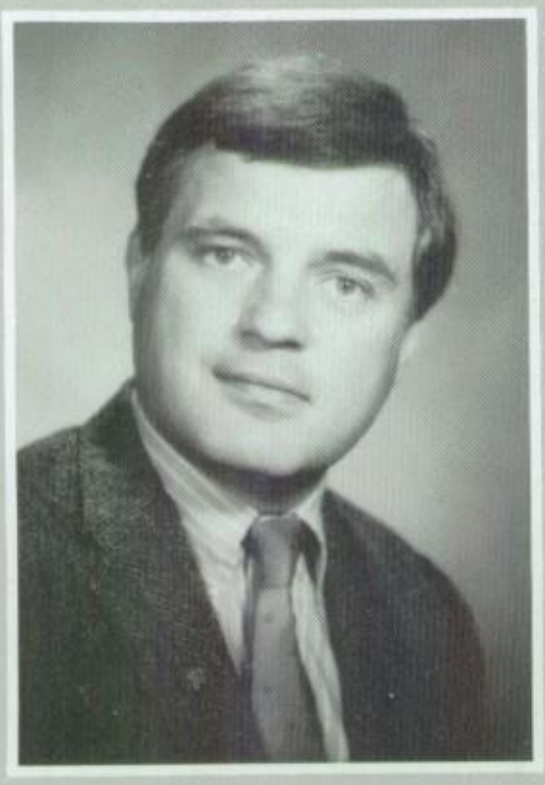
When you as graduates depart from these corridors, it is our wish that you take with you full confidence that you can achieve your goals, that you nurture the spirit we have attempted to implant, and that you remember to return to your roots on occasion, because from those of us you leave behind, you take a bit of us with you. We will rejoice in your success.

We give you our love. God bless and God speed.



Dr. Lewis Patterson
Principal

Graduating from high school is officially accomplished through the ceremony of commencement. This is the beginning of a wonderful opportunity for each graduate of Indian River High School. You may remember what William Shakespeare said about opportunity in his play, Julius Caesar: "There is a tide in the affairs of men, which, taken at the flood, leads on to fortune; Omitted, all the voyage of their life is bound in shallows and in miseries." Opportunity doesn't necessarily knock on the door; it may be leaning against the wall, waiting to be noticed. Good fortune to you, the class of 1988.



Mr. Thomas Mahler
Vice-Principal

Governor's School For Excellence

Attending Governor's School this summer was an experience that I will never forget. Each day I had classes pertaining to very interesting subjects about leadership, judicial independence and accountability, and the Constitution. Governor's School also gave me the opportunity to make new friends and share various experiences with them. My week at Governor's School was informative, fun, and unforgetable.

Jennifer West

The Governor's School For Excellence was an opportunity for students to meet other students. The week allowed students to participate in a variety of activities. Those involved, got an opportunity to live in dorm rooms, eat dorm food, (YEECH) and learn a little about what life in school away from home is actually like. We quickly learned that being away from home doesn't mean that you can stay up all night because a 7:00 A.M. wake-up call would make you irritable for the rest of the day. Overall, many lasting friendships were made, and the week was a great experience for everyone.

Scott Quillen

I found the Governor's School Fo Excellence to be a very enjoyabl experience. The theme for the 198 session was decision-making an many of its interesting discussion were centered around making eth cal decisions concerning moder technology. The most enjoyabl part of the session, however, wa meeting new people. Both the stu dents and counselors were terrifi and I made many new friends would not have otherwise hav met.

Ripple Weistling

Boys' And Girls' State

During the summer of '87, I vas fortunate to be a dele- gate of I.R. to attend Boys' State in Dover, where I had a first-hand experience of our state's legislative pro- cess. I was introduced to a great group of exciting young men from around the state who wanted to seek and achieve leadership abil- y as I did. We also had the great pleasure of being ad- dressed by Governor Cas- le. It was an honor to repre- ent I.R.H.S. This was a momentous occasion that I will always cherish.

Ronald Hall

The week I spent at Girls' State last summer proved to be a rewarding experience. We discussed politics and moral issues that concern a vast number of people. We also conducted a mock congress in order to learn how the legislative houses work. The week wasn't all work. We had the opportu- nity to meet others and to make many new friends. We participated in many social events with those new friends, too. For instance, we split into different groups and performed skits for ev- eryone to enjoy. Thus, I must admit that I had a very en- joyable time at Girls' State.

Nancy Timmons

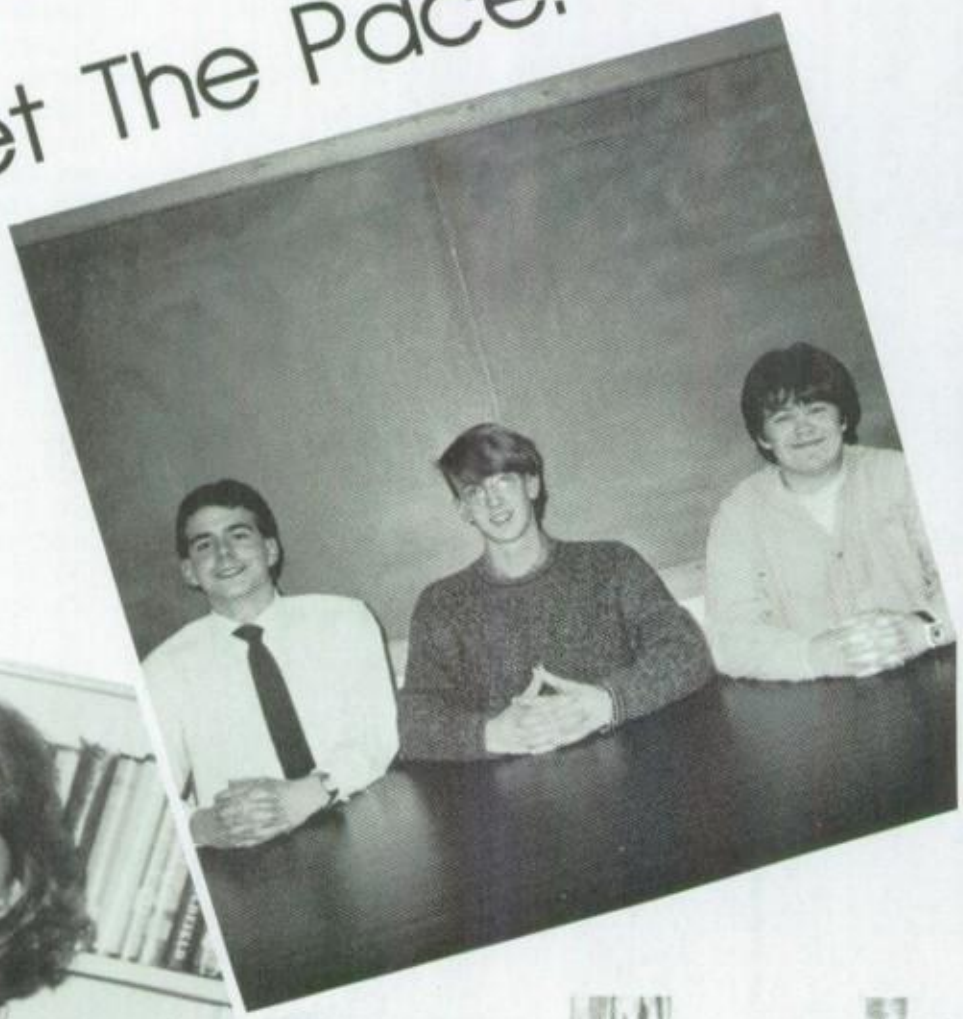
Boys' State was a very en- lighting experience for me. It was a great chance to meet new and exciting people. During the course of a day, we went to Legisla- tive Hall and passed laws that the administrators of the Boys' State gave us. In order to receive this award, my grades had to be above average, I had to have the abilitiy to possess leadership and had to be interested in learning about the govern- ment. Althought you might not think so, I had a lot of free time to do whatever I wanted on the campus.

Todd Smith

In the week that I spent at Girls' State, I learned a lot about Delaware's legislative process. I learned how the bills became laws and how to use a voting machine. I made many new friends throughout the state and enjoyed it very much.

Misty Varoulo

Academic Scholars Set The Pace!



This year the most prestigious scholarship was won by Pamela Whitney. This is The Campbell Soup Scholarship. To be eligible for this award, Pam's parents had to be employed with Vlasic or with the Campbell Soup Company. Pam plans to use her $16,000.00 scholarship to attend Salisbury State and major in computer science.

This year Tara Bunting won the Hugh O'Brian Youth Foundation award. Tara won this award by demonstrating leadership, concern and sensitivity toward others. She participated in an all expenses paid seminar concerning leadership with the chance to represent the State of Delaware in the National Seminar.

The Century III Award was won this year by Kim Quillen. This award is for any senior that is interested in government. This award is $1,500.00 plus an all expenses paid trip to Williamsburg, Virginia. Kim was also this year's nominee for the DAR Good Citizen Scholarship. She won this award by exemplifying outstanding qualities of leadership, dependability, service, and patriotism. The award is $100.00.

A team of four Indian River High School students were involved in the Delaware Academic Bowl. At each competition, they were accompanied by Sponsor Thomas Campanini and Principal Dr. Patterson. The statewide program is now in its fourth year and involves 33 high schools. Dave Skoeik, director of college relations and director of applied communications at Wesley College, is master of ceremonies for the program. The entry fee of $50 was paid by the IR National Honor Society. Tho students that participated were: Chris Kuennen, Steve Panzek, Kenny McCabe, and Randy Gross.

The Senate Youth Foundation conducts a National Leadership Program for seniors each fall. High schools across the U.S. select one outstanding Senior. The nominees go into state competition where a committee then selects one young man and woman to represent the state in a seminar in Washington, D.C. This year Isabelle Dundee was the nominee from I.R.

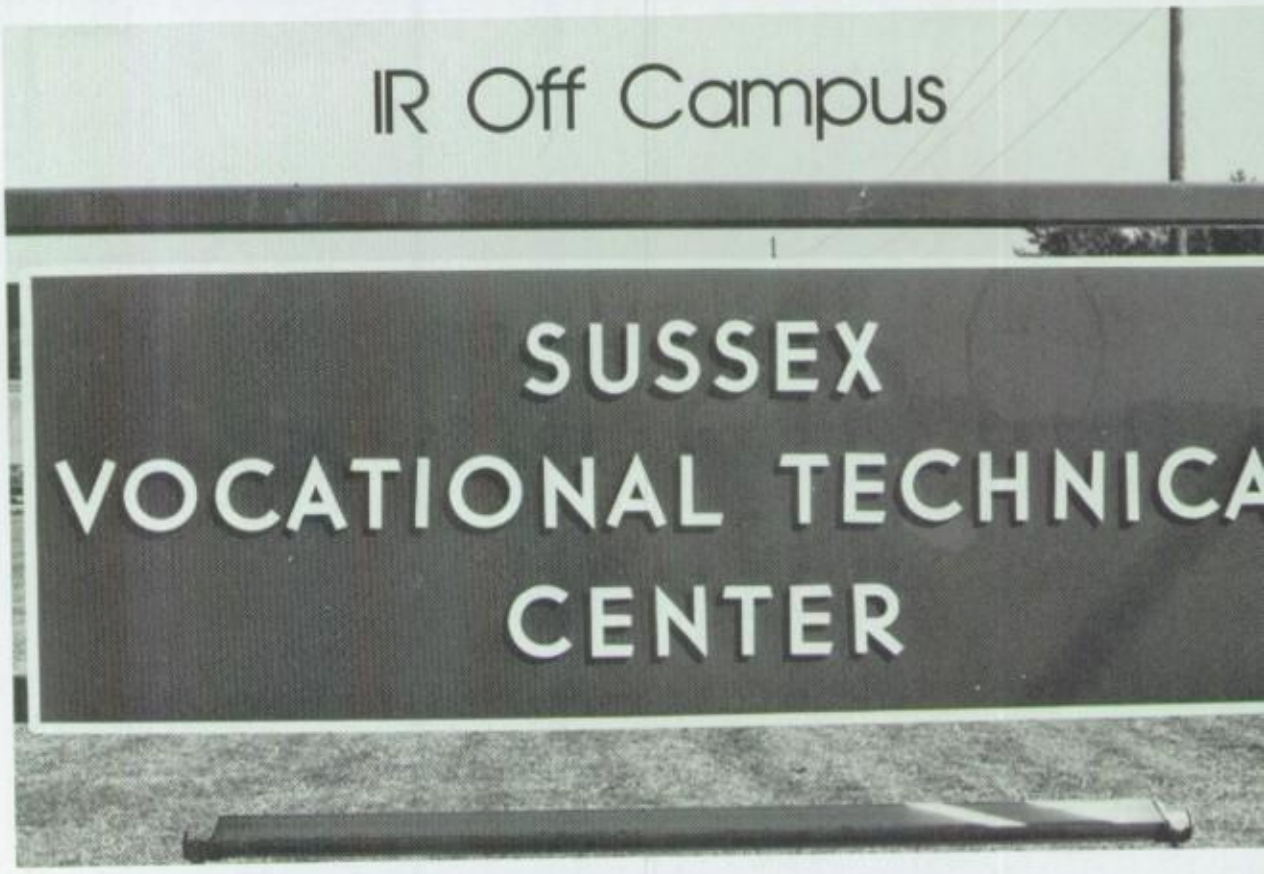
The Indian River School District Literary magazine, The Idiom, is in its fourth consecutive publication. Printing and publishing costs are funded by the District, and students in the four secondary schools in the District contribute creative writing and art work. In recent years the magazine has had a theme, this year's theme relates to the bi-centennial of the Constitution. Throughout the first three semesters of the school year, students are encouraged to submit their work for consideration. In the Spring of this year, an editorial board comprised of Dr. Oliphant from the central office, faculty advisors from IR and SCSH, and the editors of the two high school yearbooks, meet and evaluate the work submitted. Selections are chosen and the format is decided upon. At this point the work is returned to the yearbook staffs at each school who type the copy and create the layouts, then the material is sent to the printer. Copies of the magazine are returned to the schools for distribution at the end of the year. Students whose work is chosen for publication are provided with a free copy of the magazine. A limited number of extra copies are available at a nominal cost. Isabelle Dundee is the student editor from IR this year, and Mrs. Hochholzer is the faculty advisor.

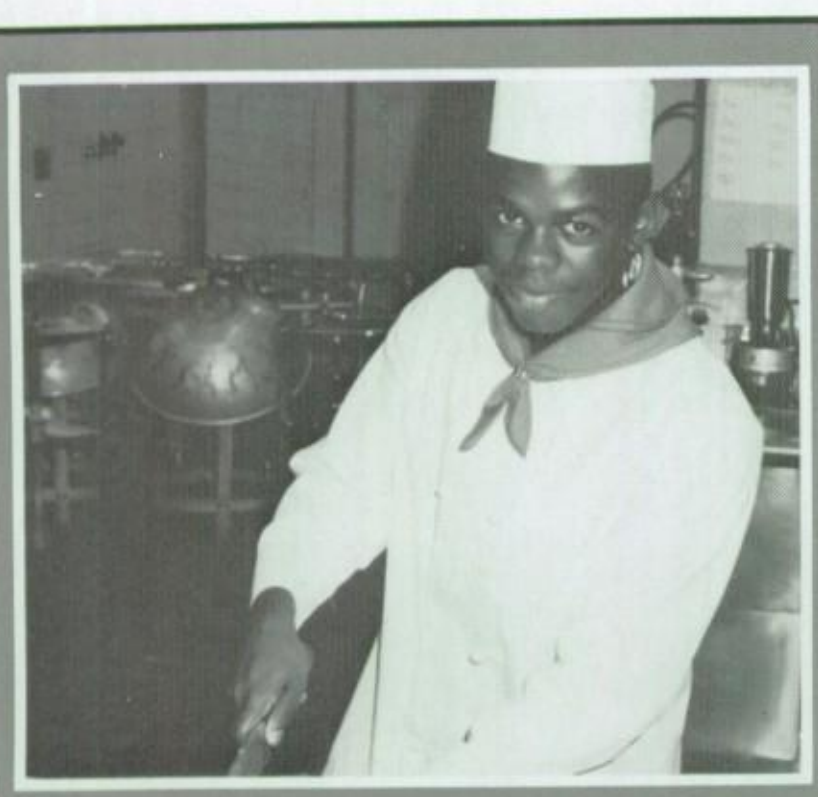
The Honors English program at IR is a course designed for highly-motivated and academically-superior students who wish to attend a challenging four year college or university. Many IR graduates return to comment on the program, indicating that they felt well-prepared for college English. This year has two further indications of up-grading the program: first, the level of difficulty of honors courses has been acknowledged by the increased weighting of the courses to a level of 1.12; second, the twelth grade Honors English class has been designed as Advanced Placement English. Students who do well in this course are encouraged to take the National Advanced Placement Examination.

Vo-Tech ... Learning to Make

Everyday many Indian River students leave this great school and go to the Vo-Tech center in Georgetown. Well... what do they do there? They are preparing for occupations in the vocational and technical fields. Some of the areas available for study are masonry, horticulture, data processing, cosmetology, plumbing, electronics, health care, and auto body repair. It broadens their education. It prepares them for a valuable career. Students who participate in the Vo-Tech program learn many skills, not the least of which is how to work. In addition to their regular school work these students must perform many tasks we usually only associate with those already in the work force. These students have already mastered the hard lessons their counterparts back at IR must contend with upon graduation.

IR Off Campus



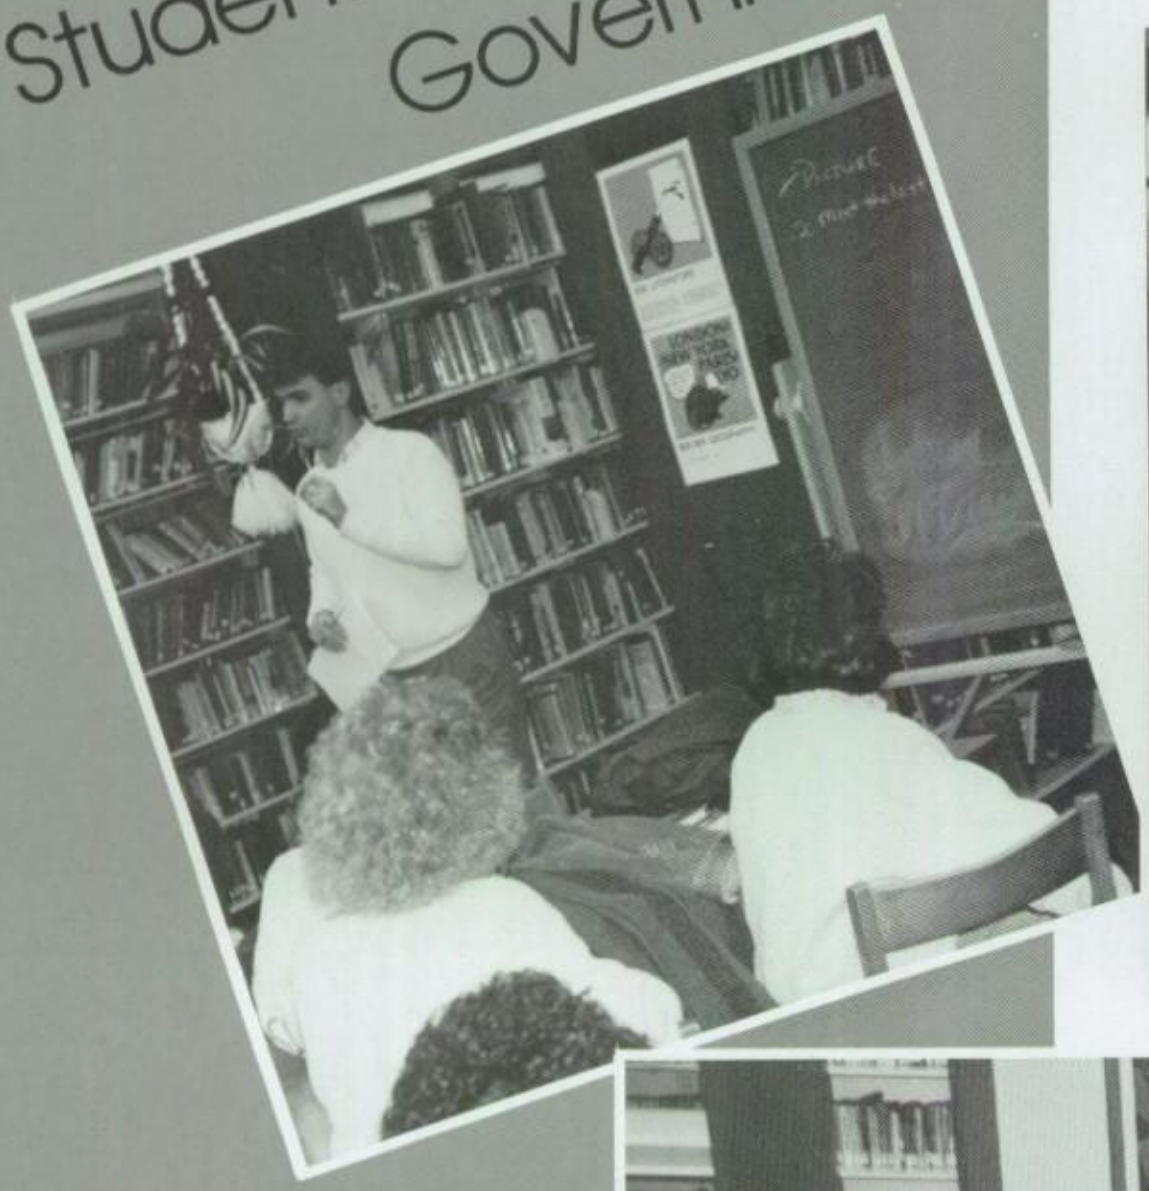


a Life for Ourselves

William Collins is becoming a master of culinary arts. Janie Quay arranges flowers. Wendy Gould enters data. Tracy Townsend works in horticulture class. Kevin Lynch perfects his welding techniques. Nathan Mitchell and Richard Shaubach cut pipe.

Gitus

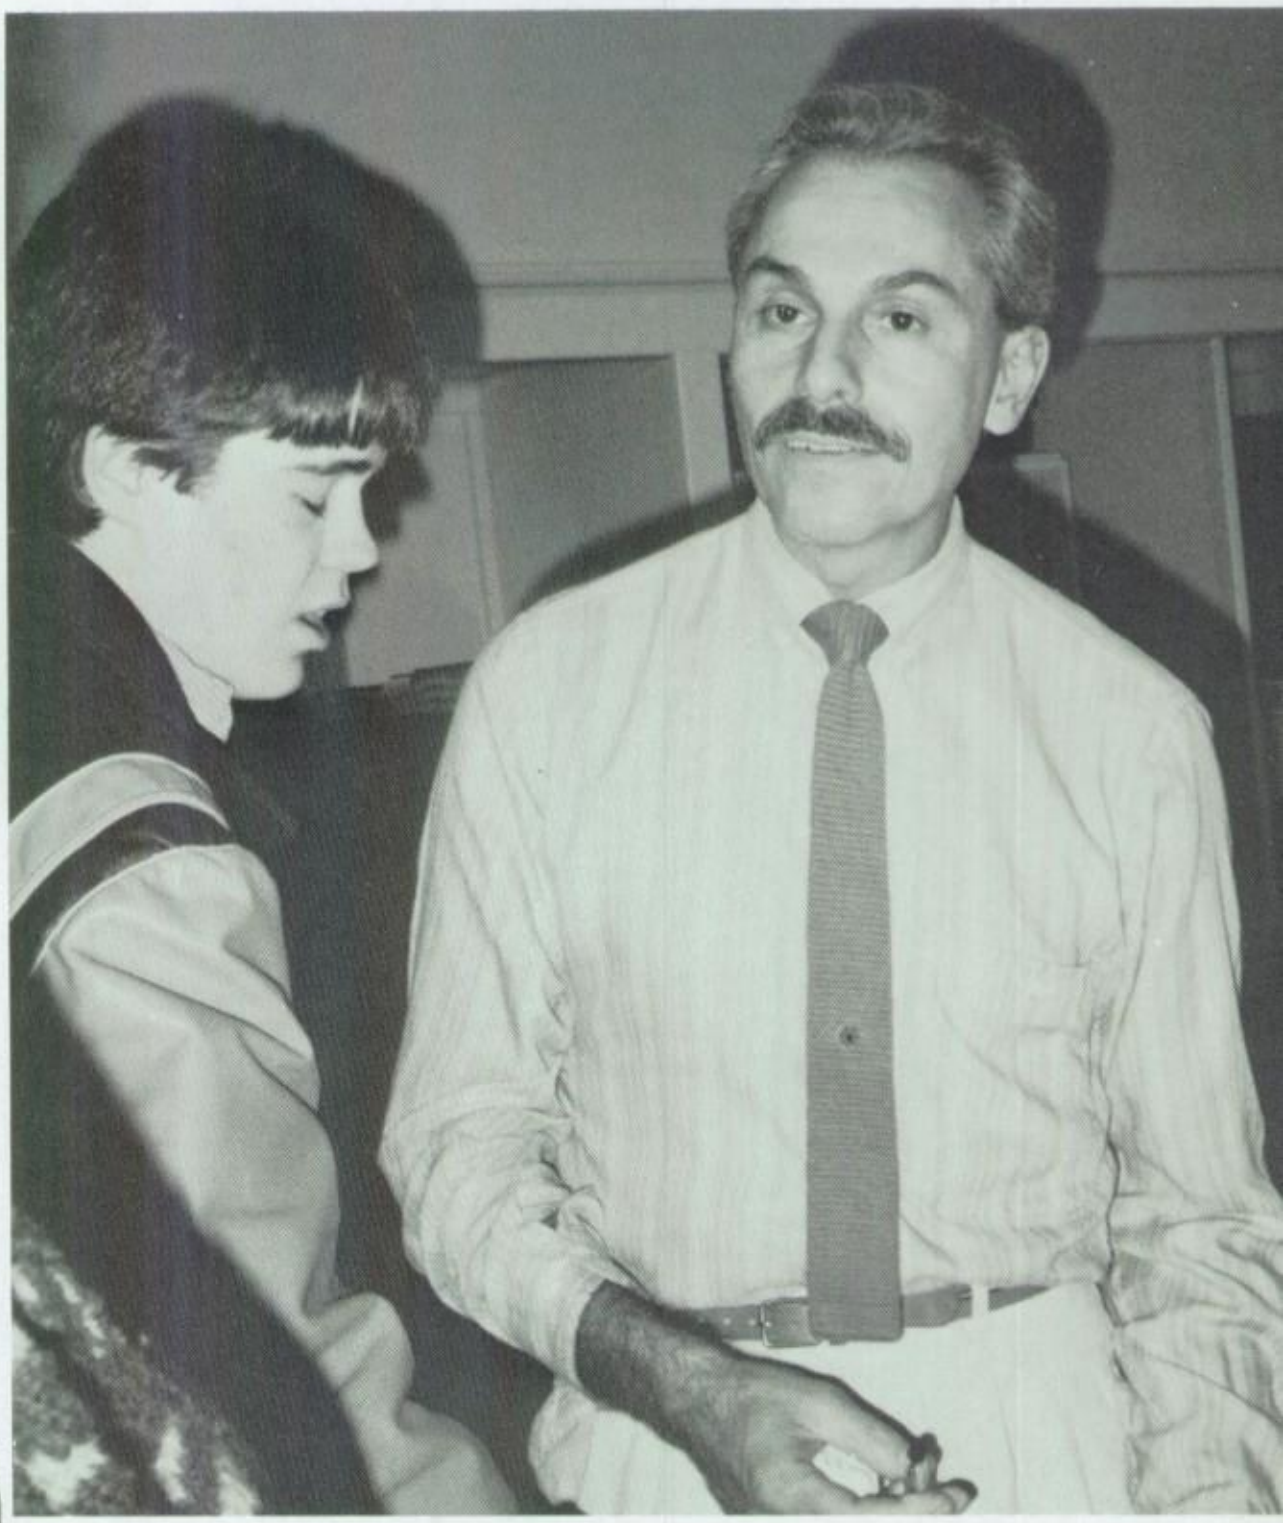
Student Government!



Student Liaison at I.R. took time to get organized because of the reconstruction of the Student Council. However, this is an active organization. Student Liaison consists of class officers, Student Council officers, Vo-Tech officers, and at-large representatives. This group of students gives their input on the operation of the school, and can influence school policies. They give valuable lessons on working together in the school. These young people are very useful to all of us because they communicate with the student body and the administration.

The Student Council took a long time to get organized this year. Although things got off to a late start, they are a group of students who tried to improve the condition of our school physically and spiritually. Their goal was to write a new constitution. They had the help of Mr. Botchie and Ms. Allen to guide them. This year's members are: Yu'Nein Jarmon, Kim Quillen, Ronald Hall, Rico Turlington, Lora Abbott, Nancy Timmons, Nichelle Hudson, Avonda Felton, James Mike Bell, Michelle Johnson, Jamie Ducary, Patty Burke, Rose Porter, Kenny McCabe, Gwen Brown, Tracey Truitt, Lori Magee, Dawn Cordrey, Kim Timmons, April Stevens, Jennifer Evans, Jennifer West, Rosalind Lockwood, Andrea West, Aunqueta Gibbs, Jeff Hitchens, Thomas Stephens, Adel Dukes, Mark Vickers, Melissa Banks, Courtney Quillen, and Tammy Brasure.

Honor Society... The Honorable Few!



The National Honor Society of Indian River High School is a prestigious organization. There are many requirements one must satisfy in order to become a member. This year's Honor Society has maintained an active schedule. There have already been two candy sales, and they also spent a morning before Christmas at the Millsboro Nursing Home, taking the residents many items of necessities for Christmas. They spent an entire afternoon wrapping the gifts. In the Spring, they will again organize and participate in the 1988 induction ceremony. This year's officers are: Pam Whitney, Kenny McCabe, Dawn Cordrey, and Lori Magee.

Students Support Out Of School Clubs!

The Science Olympiad stimulates enthusiasm for science through competitions in skills and knowledge. Students throughout the state meet for a day-long program of events. Events are planned in areas of chemistry, physics, biology, earth science, mathematics, and engineering.

The Delaware Council of Teachers of Mathematics sponsors a mathematics league for Delaware schools. In the past, as many as 61 high school teams have competed throughout the state. This year, I.R. will take 2 teams into competition. They hope to continue to be successful.

The Citizen Bee is a national competition on current issues in our country. The Citizen Bee incourages many people to be more aware of the knowledge and skills necessary for effective citizenship. Mr. Timothy Abbott is the group's sponsor. Thad Ulrich was our state winner in the 1986-1987 school year and attended a National Contest. Close-Up is a one week study tour of Washington, D.C. Students visit the halls and committee rooms of government and meet the men and women who influence the course of American History. They find out first hand what's going on in the nation and the world, as well as how it affects their future.

These are the people who...

Each year a small hardworking group of students prepares our yearbook. Each member of the Chieftain staff is responsible for a section of the book. Being a member of the staff is a mixture of the hardships involved in collecting everything needed for a deadline and the enjoyment of receiving the finished product in May. Much time and effort go into each page. Ideas are discussed, developed and finalized for the final layouts. Staff members help each other with their ideas and drawings. Photos are planned, taken, and prepared for the book. This year our staff used some unusual layout techniques to design a new look for the Chieftain. We hope you will like the result.

Isabelle Dundee and Mr. Schreinker, our Jostens representative, discuss new layouts. Chris Kuennen captures the year in photos. The staff, seen at the right, attends a yearbook workshop in Dover.

oring the Chieftain together!

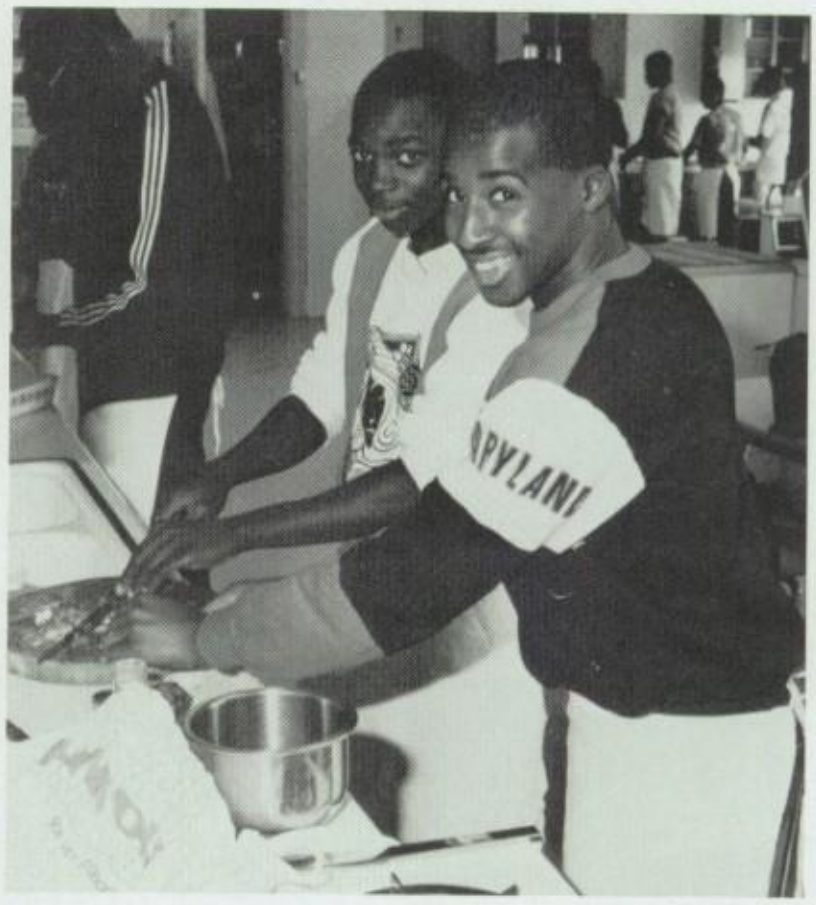
Front Row: Alicia Tarver, Senior Editor, Melody Anderson, Sports Editor. Back Row: Lisa Hudson, Faculty Editor, Chris White, Sophomore Editor, Lori Magee, Clubs & Organizations Editor, Todd Smith, Sophomore Editor, Chris Kuennen, Features Editor, Isabelle Dundee, Editor-in-Chief, Mannde Chiasson, Junior Editor and Mr. Goldberg, Advisor.

These People Bring The War Cry Together

The newspaper at Indian River is called The War Cry. It's purpose is to create a newspaper, not a fundraiser. Each member must contribute a lot of their time to writing copy for the paper. Typing experience is a great asset to the members. Mrs. Dixon is the advisor of the newspaper and this is her fifth year as its sponsor. She only wants students that are willing to work on the staff. This year, all the members are new except for Kim Quillen and Ann Harvey. These students had to learn what to expect without the help of anyone. At each paper sale, the staff receives about $75 for the papers. However, every issue costs the staff about $250-$350. We would like to give our support to the newspaper staff and the hard work it takes to put it together. Keep up the good work!

The Office Education Association is a national voluntary association for the students enrolled in vocational business and office occupations education. It is a co-curricular activity that is an integral part of the educational program which is designed to develop leadership abilities, interest in the free enterprise system, and competency in office occupations. The club's sponsor is Mrs. Hyland.

A Woman's Place....In Home and Out!



The goal of the F.H.A. is to help youth assume their roles in society through home economics education areas of personel growth, family life, vocational preparation, and community involvement. The purpose of FHA is to improve family relations, to increase self development and strengthen the family unit. FHA members are encouraged to become involved in community activities. Members of FHA are striving to be more aware of the roles in today's society.

Le Francais

The French Club has finished its thirteenth year at I.R. Over the years, this club has helped to culturally enrich the lives of its students through field trips to Philadelphia, Washington D.C, and Wilmington. Our first trip to Philadelphia included visits to the city's art museum as well as the Rodin Museum, pictured here. A special tour of French objects d'art was arranged. On the way home we stoped at a French bakery and enjoyed chocolate croissants. We also visited the National Cathedral once again. The trip to the Nemours Mansion has become a club favorite. The DuPont ancestral home is a fine example of Delaware's French heritage. We finished the year with our annual picnic in Dover.

The Spanish Club wrapped up a very successful fun filled year. A new event planned for this year was an International Festival. Foreign exchange students studying in Sussex County visited with Indian River's students and discussed options for studying abroad and hosting exchange students. The countries of Spain, Germany, Sweden, and Norway were represented at the festival. Another treat for the students was a trip to Georgetown University to explore the college's language facilities. This trip was especially helpful for students planning to pursue a career in interpretation or languages. The annual Christmas party was once again at the height of culture. The celebration included pinatas, traditional Spanish foods and a gift exchange. The Spanish Club's events were rewarding for all members.

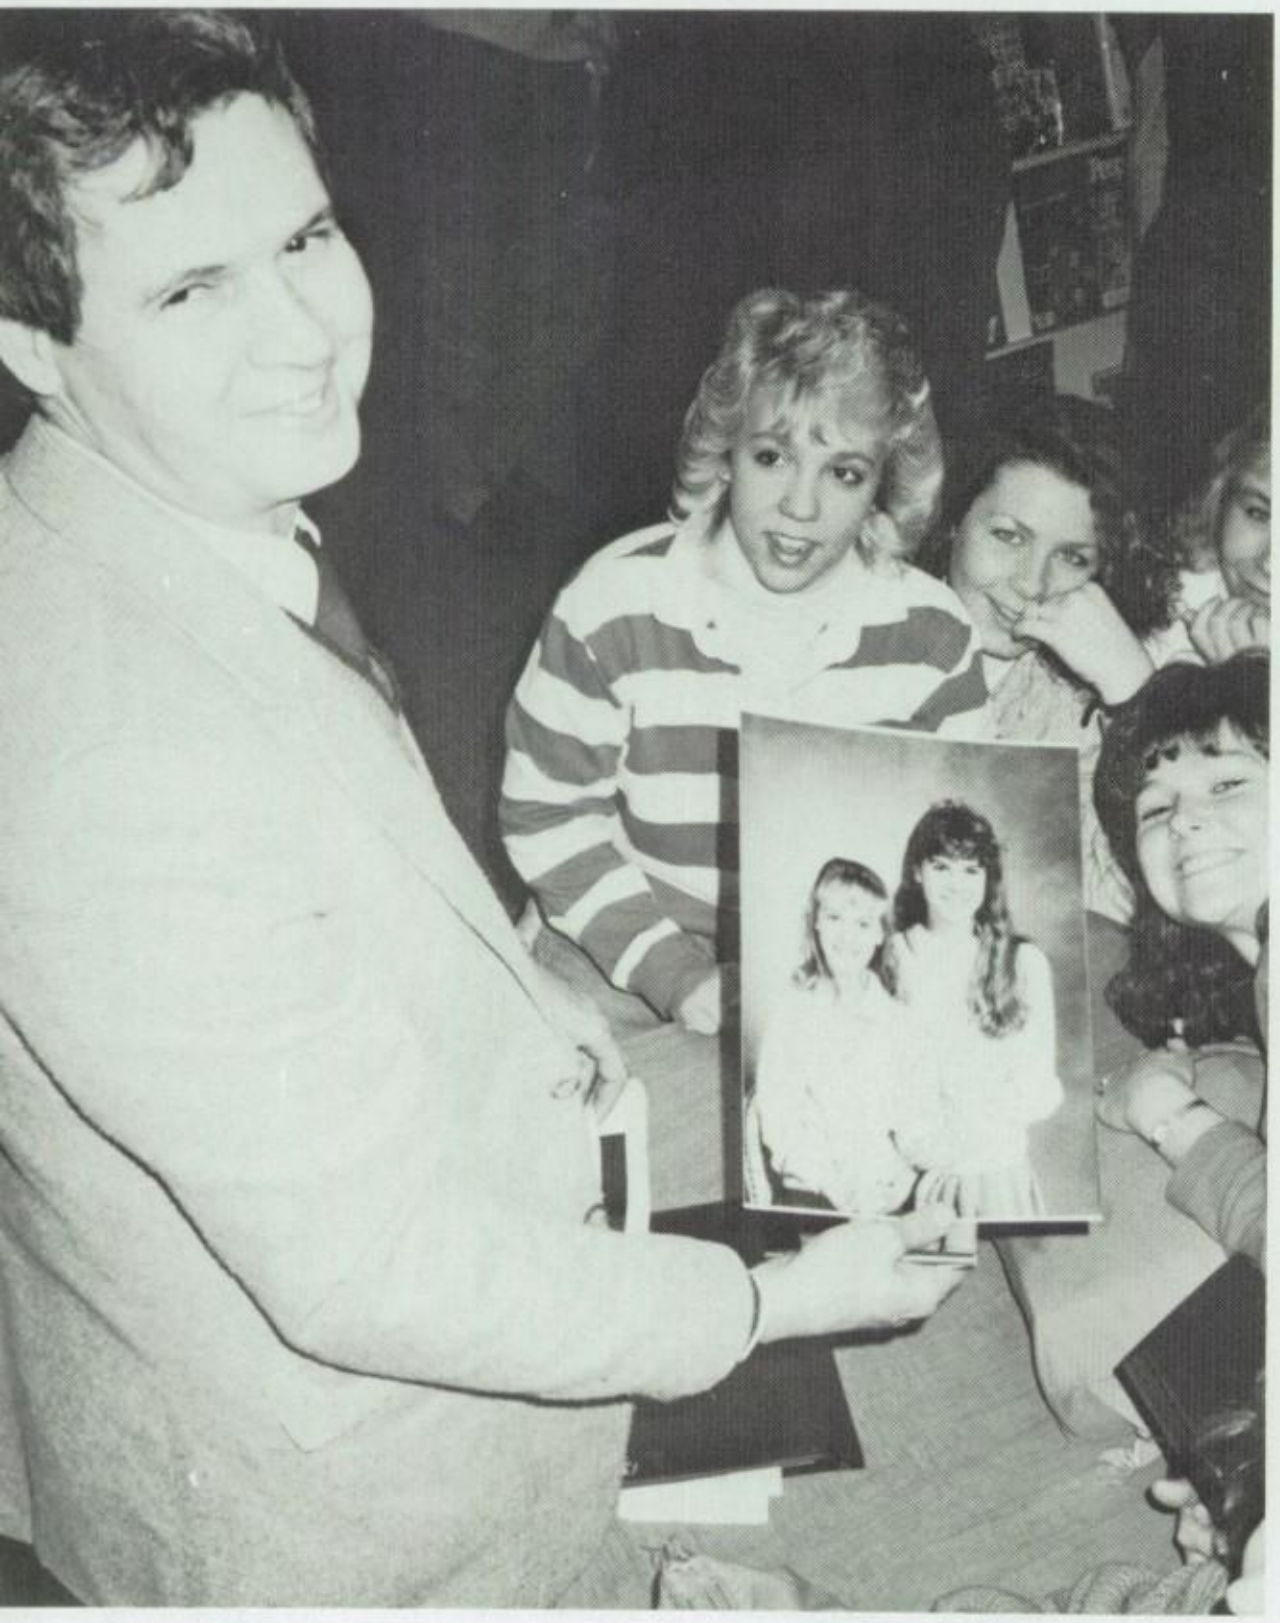
Keeping The Lines of Communication Open

The I.R. Students Against Drunk Driving consists of fifty-five members. The officers have a meeting every two weeks. The national organization sends out literature to promote the idea of not drinking and driving. At one time it was called Students Against Drinking and Drugs, but "drinking and driving" has become more serious so ideas center around these two problems. There are no requirements to become a member, but members must do their part in reducing the use of alcohol while driving.

The I.R. Rapping Club consists of a group of students that meet and discuss social problems concerning the school. They are here to help the school maintain a healthy social atmosphere by expressing their thoughts with other members of the student body. The organization is beginning its first full year. Club goals are based on the needs of the students. One of our goals is to open up the lines of communication between students and teachers. This year's officers are: Ann McCabe, April Stevens, and Rosalind Lockwood.

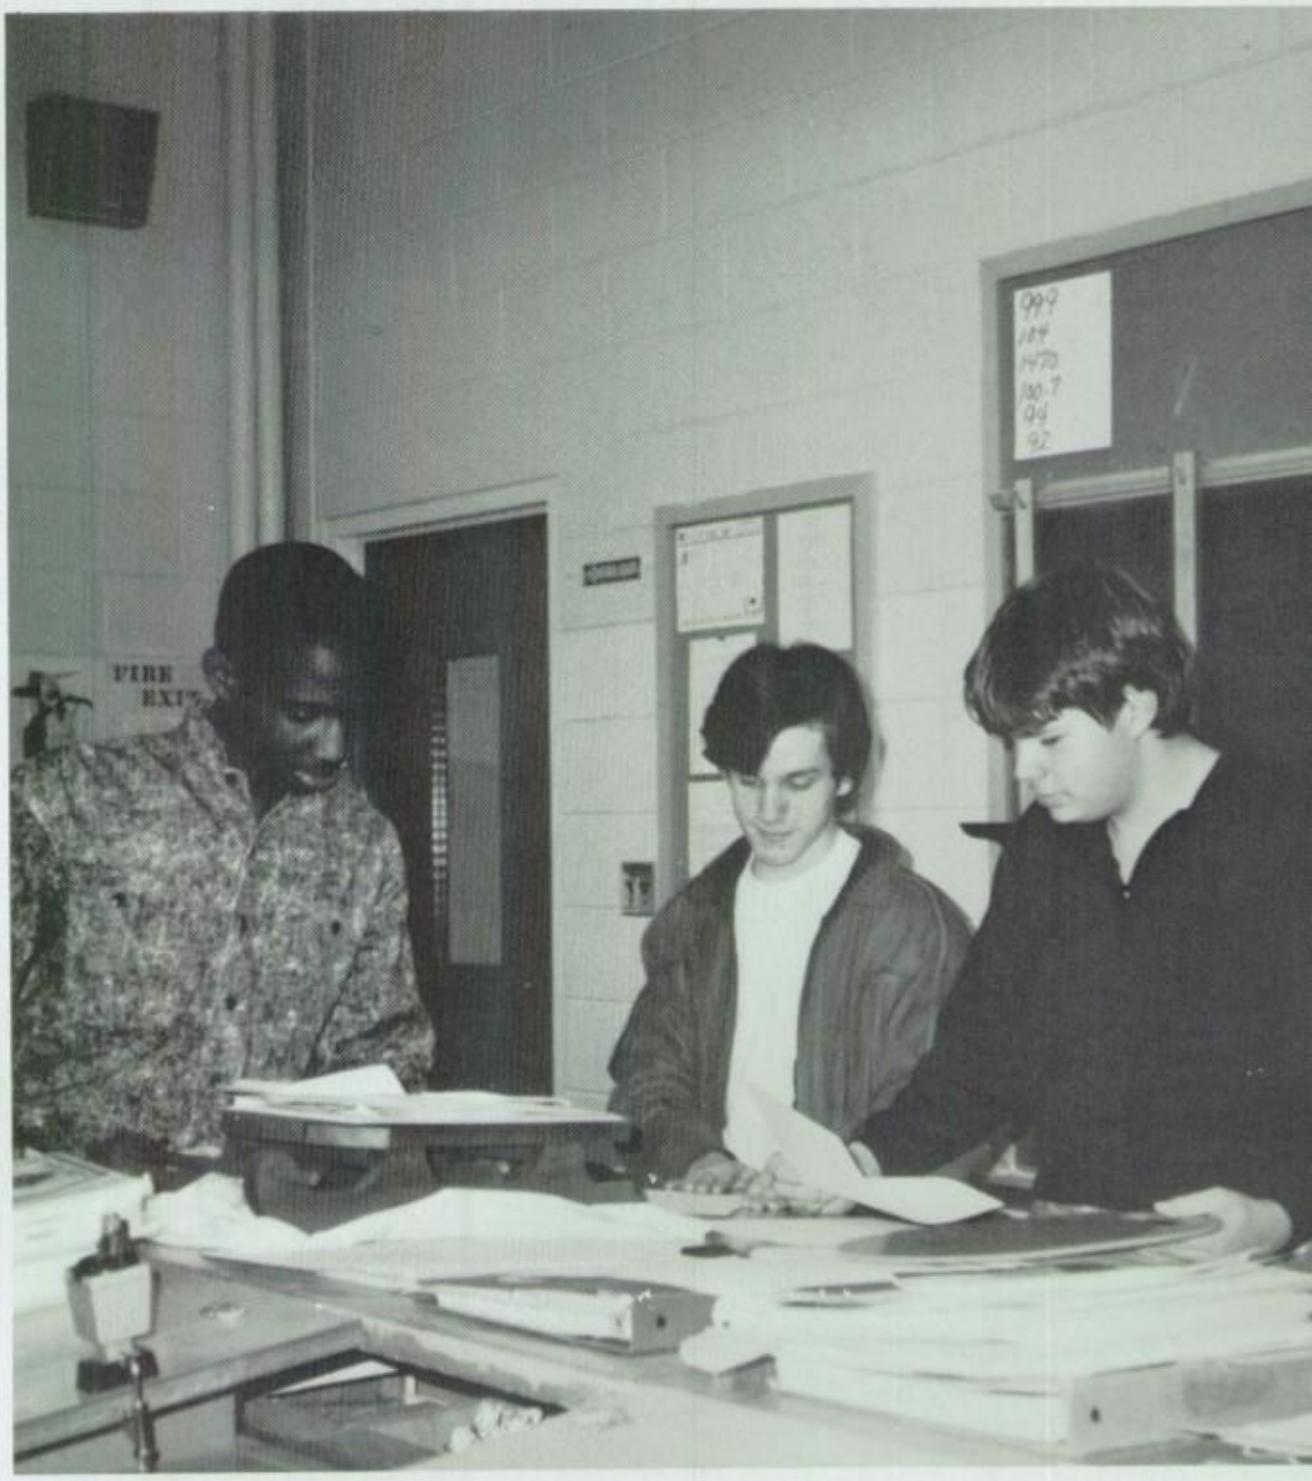
Parent Teacher Student Organization

The Parent Teacher Student Organization deals with the high school and its problems. School rules and policies are discussed at their meetings, hoping to provide a better school environment for the students. This organization also gives scholarships to those students qualified in various fields. This year the PTSO bought a VCR which was presented to Dr. Patterson at one of the meetings. The sale of family portraits was the year's fundraising project. This money was used to give the scholarships awarded each year. This organization meets once a month and parents from the community, teachers from the school, and student representatives from each grade level give their input on the various policies of the school. All the input is used to improve the way the school operates.



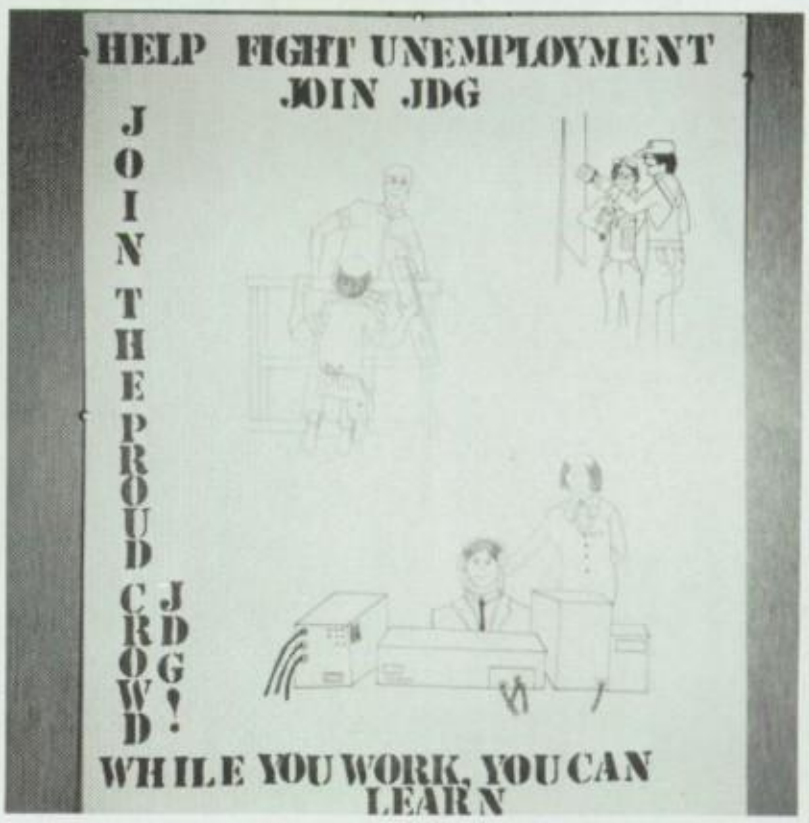
Industrial Arts Build Us A Future

The American Industrial Arts Student Association. was formed by teachers in order to give recognition to industrial arts students for their accomplishments. This is a very gifted group of individuals. They are able to do wonders working with materials that give others a sense of frustration. It is nice to know that IR is preparing people who are able to meet tomorrow's challenges in the building trades. This years members are: Paul Kollock, Jack Hudson, Mike Suit, Tommy Jarvis, Preston McCabe, David Harmon, Scott West, David Collins, Amy Willey, Joe Purnell, Tim Scott, Jamie Showell, Brandon Donaway, Tom Milligan, Lenny Whitman, Nicki Smith, and Kenny Bivens.



R.'s JDG Goes to Wesley College

The Indian River Chapter sent five members to Wesley College for the Leadership Congress. They were Sherrill Sturgis, Tina Williams, Pat Waters, Quonda Dismuke, and Vanessa Blake. This event occured on November 24, 1987. IR is fortunate to have been represented by this fine group of students.



ont Row: Pat Waters, Yu'Nein Jarmon, Emma Holden, Nichelle Hudson, Jamie Ducary, Carla adden, Laurie Vickers, Rose Porter, Linda Dorsey, and Mr. Cole. 2nd Row: Shelly Atha, Nicole nes, Dana Moore, Tina Williams, Chuck Molnar, and James Cartwright. Back Row: Stewart egee, Nicki Smith, Fabian McCray, Vanessa Blake, Kristin Hudson, Raymond Thomas, Stanley haley, and Greg Hawkins.

The Jobs For Delaware Graduates program has a club called Delaware Career Association. The Delaware Career Association members elect six officers: President, Leadership Coordinator, Secretary, Coordinator for Social Affairs, Coordinator for Civic Affairs and Coordinator for Career Preparation. These officers attend training sessions to learn how to become effective leaders. Fundraisers provide the club with money for field trips, civic projects and developmental conferences throughout the school year. Students involving themselves in Delaware Career Association activities will learn team membership, leadership skills and personal development skills.

FFA Grows...

The Indian River FFA Chapter, comprised of 55 members, is one of 19 chapters in the state and one of 7867 chapters in the nation. This makes FFA the nation's largest school organization. The primary aim of the FFA is the development of agricultural leadership, cooperation and citizenship. This group trains students for careers in the agricultural industry. One of the major activities of the group is their annual fundraiser, the FFA fruit sale. This enormous project generates money used by the club for various projects, activities and trips. These students are advised and taught by Mrs. Susan M. Trice who was voted 86-87 Agriculture Teacher of the Year.

...I.R. a New Future!

Making A Living..

Indian River High School is able to help its students get work experience while still in school. This is the Cooperative Diversified Occupations Program, otherwise known as "CO-OP." The students are able to work during school hours with the cooperation of the school and the employers. Bruce Bradley gains valuable experience pumping gas. Jody Morris smiles as she helps a customer. Relating to the public is an important part of any job. Andre Brown sharpens his skills loading a delivery truck. . Lisa Hudson becomes serious as she works on an inventory. Her experience working in an area business will be invaluable to her later. Bruce and Denise Marvel pose next to their employer's sign. This program is a great experience for all those students involved.

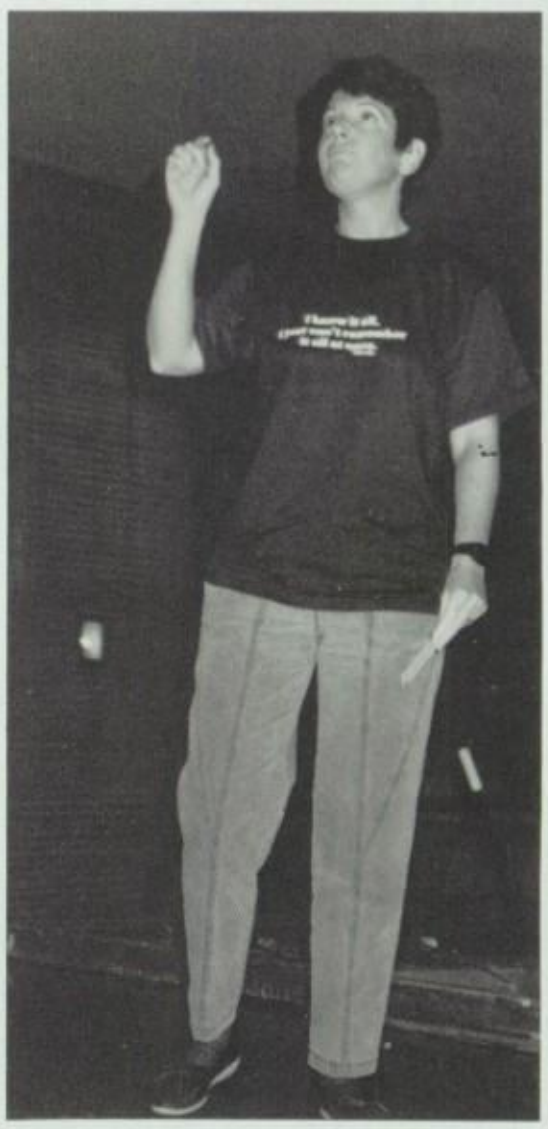
Drama Club Acts It Out

"... all the world's a stage and all the men and women merely players..."

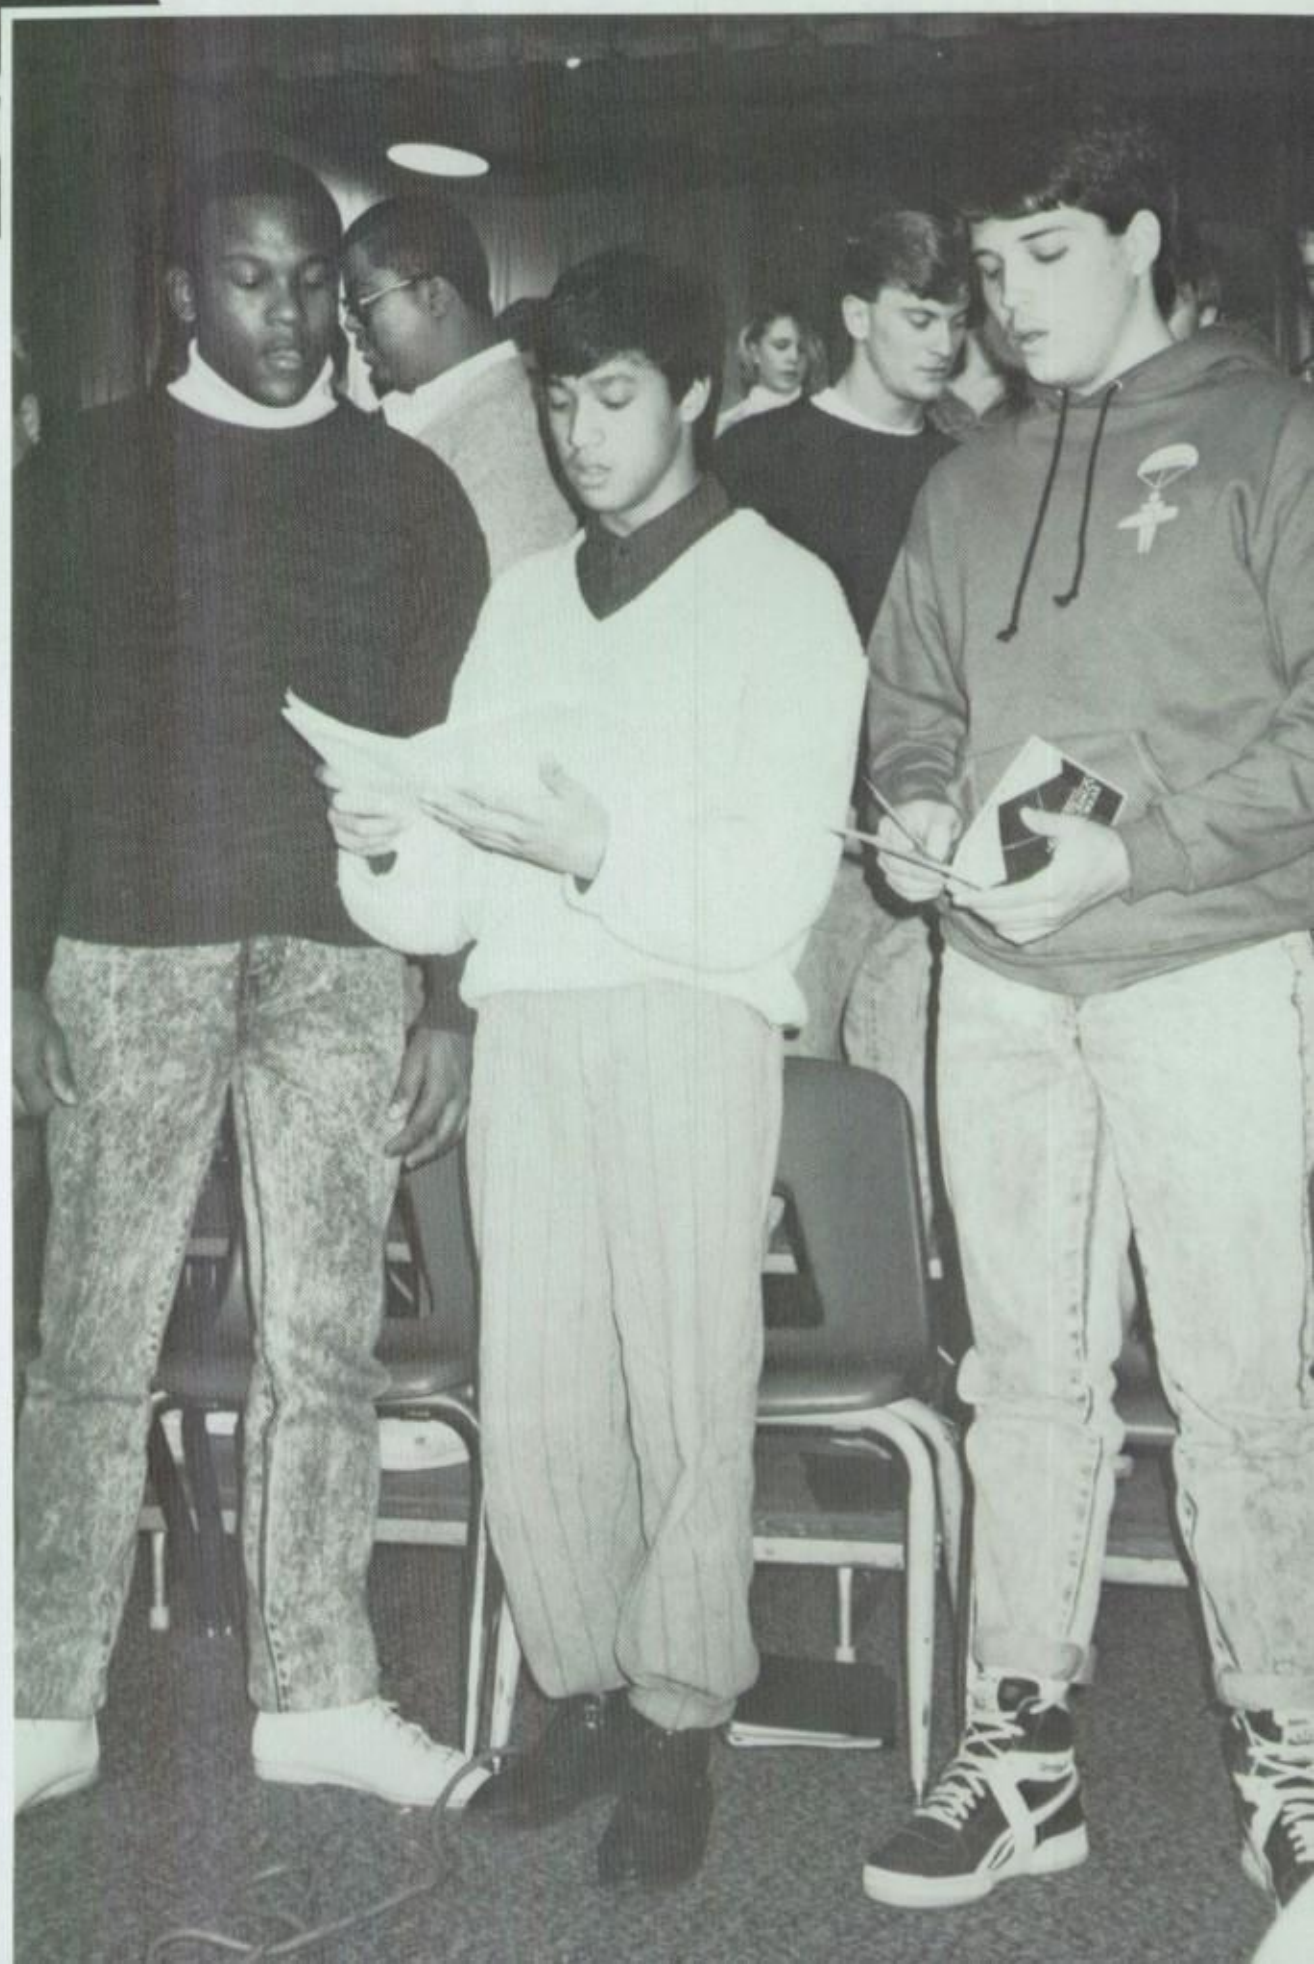
1987-1988 was an active year for the Drama Club and Thespian Troupe. Under Patty Burke, members participated in many events. Highlighting fall was the Bicentennial celebration in which members performed mini interpretations. Winter brought the Lip Sync contest, West Side Story, and Addict. Troupe members in West Side Story were: Patty Burke, Alina White, Thomas Stephens, Linda Rowe, Ron Jones, Craig Korniloff, Lora Abbott, and David Shearman. The troupe's outreach was Addict, performed for junior high schools and the public. Spring brought the Arts Festival and induction of new members into the troupe. Additional members are: Jennifer Campbell, Cathy VanGorden, Jamie Ducary, Tricia Johnson, Bryant Danner, Harry Johnson, Stacey Salyards, Kerry Seamans, Desiree Noble, Jenny Strahle, Johnnie McVicker, Brian Allen, Dawn Lathbury, Scott Quillen, and Vila Mouynivong.



1986-1987 Children's Play

The Children's Play was a real showstopper this year. Kids of all ages enjoyed the play. The music department's fine tradition has now been extended to other areas of our school.

I.R. Songsters



The Indian River Chorus has aspects of a club and an organization althouth it is a class. Students register for Chorus for three or five days a week. The Chorus usually performs four times a year. A wide variety of choral music is rehearsed and performed. The emphasis of instruction is not on performance, but on individual growth. Members are expected to strive for individual improvement in all aspects of correct singing. Individual accomplishment is limited by the absence of any training in singing in our elementary schools, however, many of our students overcome this handicap and become fine members. Mr. Eckerd has to train the students on each song in order to be able to perform as well as they do at the performances. All of their hard work pays off since the public consistantly attends and enjoys each performance. These students represent our school very well, and we know they will continue to do so. Good Luck with all your performances!

EKO is a song-and-dance troupe specializing in areas of music performance which are not dealt with in traditional music class settings, but which are relevent to contemporary music performance practices. The members play guitars, bass guitars, keyboards, drums, and set-up, transport and operate commercial-grade sound equipment, and work out music and dance arrangements. Video taping is used to observe and improve visual aspects of performance, and extensive information and song lyrics are kept in computer data files. Computer controlled MIDI sequencing is being incorporated into the group. Students can learn to do all these performance-related tasks. Individual growth is the main purpose of the group, and is required for continued membership. The group performs approximately 25 concerts per year. Special individual and small-group performance projects by members have included performance and technical assistance in the Miss Delaware Pageant and other professional settings. In sharp contrast to other school activities, the group rehearses only three hours once per week. Extensive individual practice and preparation is required for successful participation, as group rehearsal time is severely limited. Members include top academic students, who are expected to maintain high scholastic averages. Membership is by audition; competition for membership is intense.

Band...

The Concert Band at I.R.H.S. is an outstanding performance group. They have two major performances each year...the Christmas Concert and the Spring Concert. The band performs classic and contemporary band literature. This year, The Concert Band will perform in Toronoto, Canada for the "Music Maestro Festival" in April. We are very excited about this trip. We are proud of our Concert Band. They are a very dedicated and hard-working group.

We Play The Songs!

All-State Band is a band made up of students from all the Delaware high schools. Each year outstanding band students are selected to participate as a member of this combined school band. A lot of time and hard-work go into preparing for this yearly competetion. The students must audition to become a member of the group. The requirements are very tough!! Only a few Sussex County students make the band each year. If you are chosen to become a member, it is a high honor for the school you represent. Last year, we are proud to have had one student selected to represent us...Alina White. This year, we are proud to have two students selected...Alina White and Eric Bergstrom. Way to go you two!

Once a year, we invite former band members to participate with the Marching Band during one of the half-time shows of a home football game. We usually have about 15-20 alumni return each year. Hopefully each year will be more successful than the previous one. This year we had ten members return, including Mr. Marvel. I.R. is proud of the Band Alumni!!

County Band is made up of members from each high school in Sussex County. The members are selected by audition. Many hours of hard work and practice go into the performances made by these students in order to be successful at these auditions. Each year, Indian River places about 20-25 students in this band, and a concert is held in March each year. This concert is a wonderful opportunity for those students to work together and play together. This is quite an achievement and we are very proud of our County Band Members!

These are the bands that put I.R. together. We are proud of their accomplishments and the performances. Keep up the good work!!

Marching Band Gives IR..

The IR Marching Band is the pride of our high school. Each year they perform at all the football games and all of the local parades. This year they performed at the parade in Dover. The Band averages about twenty-five performances a year. This includes parades and football games. Each time they perform, they do an outstanding job in representing our school. The Marching Band is now up to seventy-five members. We are very proud of this, since other band programs throughout the state are declining. We are also proud of our new band uniforms. This is the first complete year we have used them. The IR Marching Band has never looked and sounded so sharp! We're proud that our school has produced such an excellent group of musicians. Keep it up Band!

Front Row: April Averill, Missy Banks, Cathy Bixler, Elisa Kelley, and Dawn Averill. 2nd Row: Lisa Clifton, Tara Bunting, Amy Morrow, Kelley Collins, and Andrea West. 3rd Row: Chris White, Deanna Vickers, Wendy Hocker, Kelly Hook, Kim McCullough, Melanie Lindemon, Lori Bixler, and C.F. Toomey. Back Row: Ron Hall, Robert Stonesifer, Kelley Keen, Kathleen Simmons, Gwen Brown, and Ripple Weistling.

Something to Toot About!!!

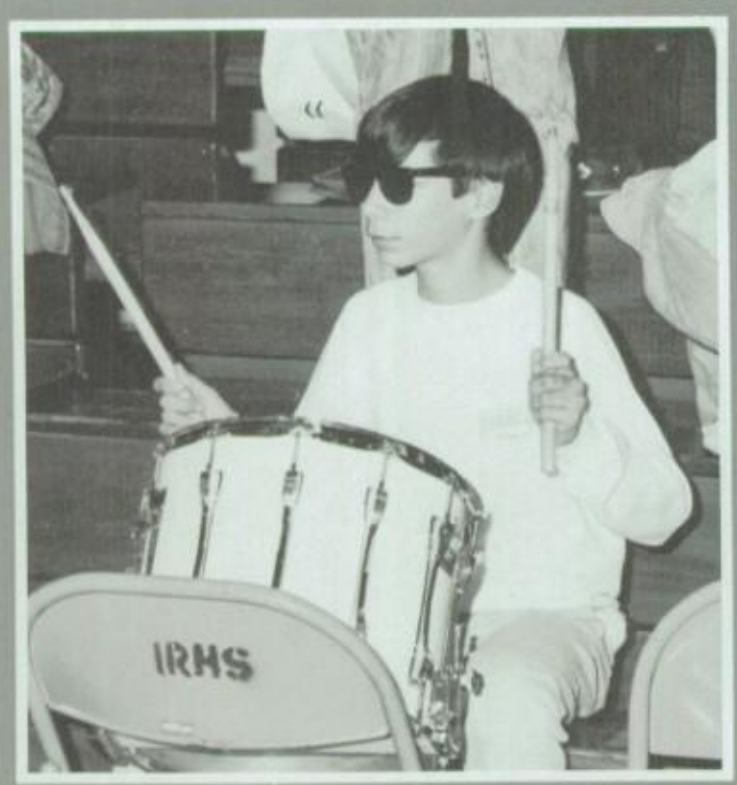
ont Row: Mike Chadwell, Michelle Law, and hn Magathan. Back Row: Tracey Truitt, nny Martin, Brice Layton, Scott Amendt, elley Hocker, and Michelle Chanowski.

Front Row: Mark Vickers, Rick Taylor, Alina White, Wesley Hudson, C.F. Toomey, and Chuck Hudson. Back Row: Dax Enerio, Mike Eckerd, Richard Carpenter, Eric Bergstrom, Kathy Kelley, Kent McCullough, Dennis Berkey, Marc Mclaughlin, Andy Timmons, and Jon Hollada.

IR Band Front Leads The Way!



Band Front is an elective course. Students who participate, perform at all the football games and local parades. The Silk squad and the Majorette squad are included in the Band Front. Most of the routines that the girls perform are entirely made-up by the captains of the squads. Band Front adds a lot of color and spice to the IRHS Marching Band. This year's Silk squad consists of: Jenny Strahle, Alisha Jordon, Cindy Webster, Micki Kessler, Brelle Beaston, Kelly Bolton, Karen Lekites, Tonya Williams, Carolyn Brown, Tina Williams, Vanessa Blake, Marvella Jarmon, and Nichelle Hudson. This year's Majorette squad consists of: Sonia Bent, Dawn Lathbury, and Sharon Benston.

Indian River 1987 football season was another fine example of the excellent performance by our football players. Our game record was six and zero in league play. We also had an overall record of eight wins and three losses. Inspired by last year's performance, the team worked its way up to the title of Southern Division Champions again this year. Emotions ran high as each game

passed and we moved closer to the title. Thanks to the motivation of our players, coaches, cheer and yell leaders, and our enthusiastic fans, the IR football team had one of its most successful seasons in recent memory. Thanks everyone!!

An indication of the ability and pride of this year's team is the fact that thirteen of our hard-working players made the All-Henlopen

All-Henlopen Conference

Southern Champs

Conference Southern Division Football Team! This is an accomplishment that our entire school can be proud of. The team gave their all during practice and on the field. They have set a standard for future athletes to strive for.

Sports teams always have their leaders and our championship team is no exception. Seniors Chuck Molnar, David Murray, Rico Turlington

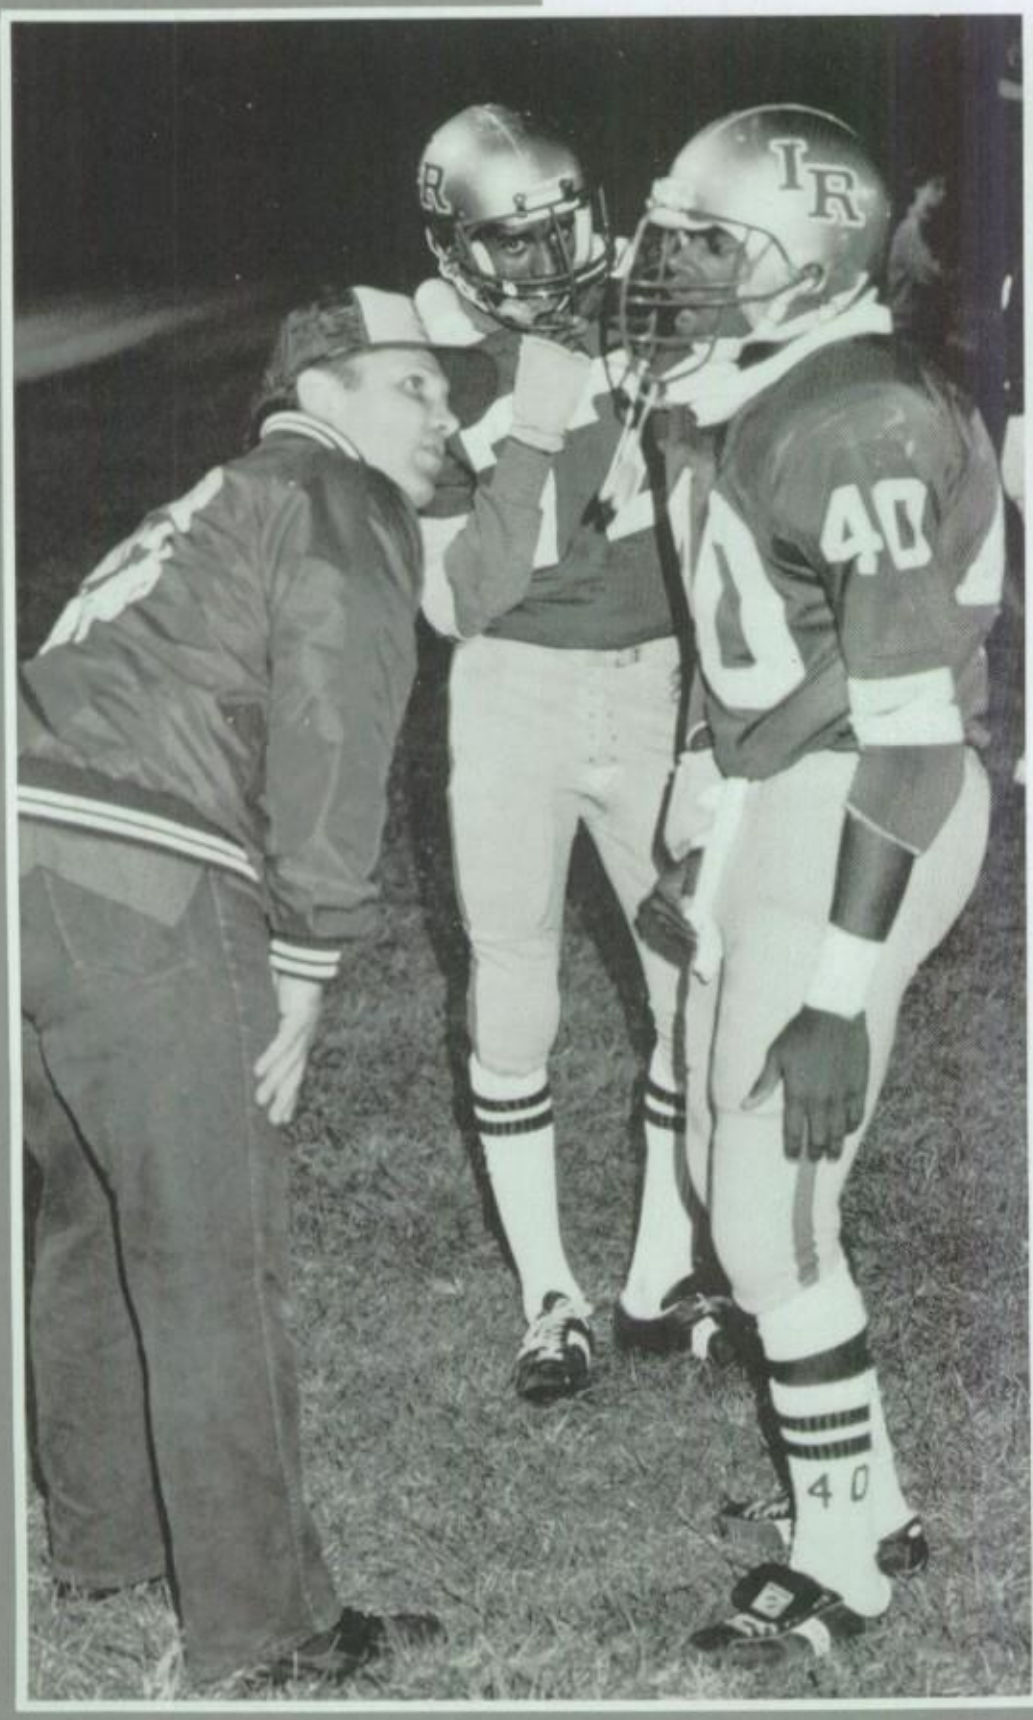
Congratulations to the players who participated in this JV football season and best of luck to you in the upcoming years at IR High. To the Varsity players who are leaving us this year, we wish them a bright future and we hope that they will apply the lessons they have learned on the field to their future endeavors.

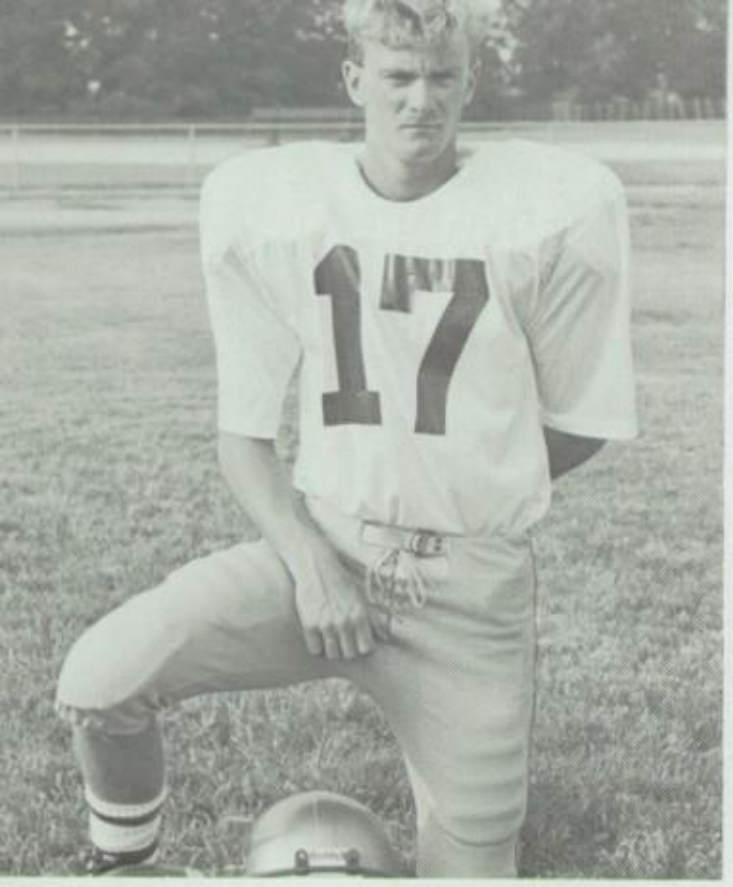
Indians Have A Winning Season.

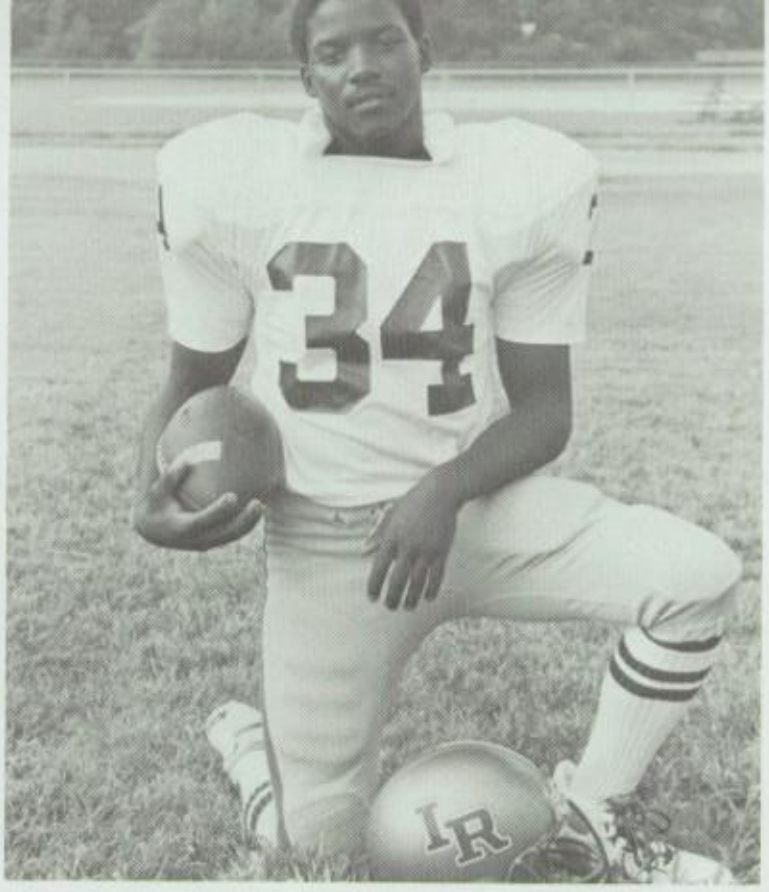
Darell Singletary, Bryant Danner, John McCormick, Tim Scott, Fabian McCray, Ron Jones, and Stanley Whaley set fine examples for the underclassmen. The results were well worth it. We hope that our team will continue this winning tradition next year and that our fans will be there for us.

Our coaching staff, seen at the right, Mr. Leyh, Mr. Dale Steele, Mr. Kelly, Mr. Harmon, and Mr. Mark Steele led the way. Below, Mr. Schrider talks with Kevin Mumford.



Indians Take





Darell Singletary and Chuck Molnar led IR to the Southern Division Championship. Both were chosen, along with eleven other members of the team, for the All-Henlopen Conference Southern Division Football Team.

Coach Steele said that Darell is the hardest hitter he has ever seen in twenty years of coaching! As an offensive fullback, he is a great blocker. Chuck is the most improved quarterback Mr. Steele has ever coached. He passed for almost 1000 yards this year!

he Field!!

Soccer Team Opens

A New Chapter

1987 brought Indian River its first year of Varsity Soccer Competition. The move from JV to Varsity was a difficult one. The team was forced to play against a few more skillful teams. The Indians held together as a team and learned a great deal for future years.

3-8

The 1987 field hockey team had a memorable season. Because of a few dedicated girls, we competed with pride. Despite the overwhelming odds, the team finished 3-8. Words can not adequately describe the efforts of our players who finished out the season. Offensively, Kelly Hook and Lori Megee and defensively, Wendy Wilson and Nicole Smith held the team together. Thanks girls.

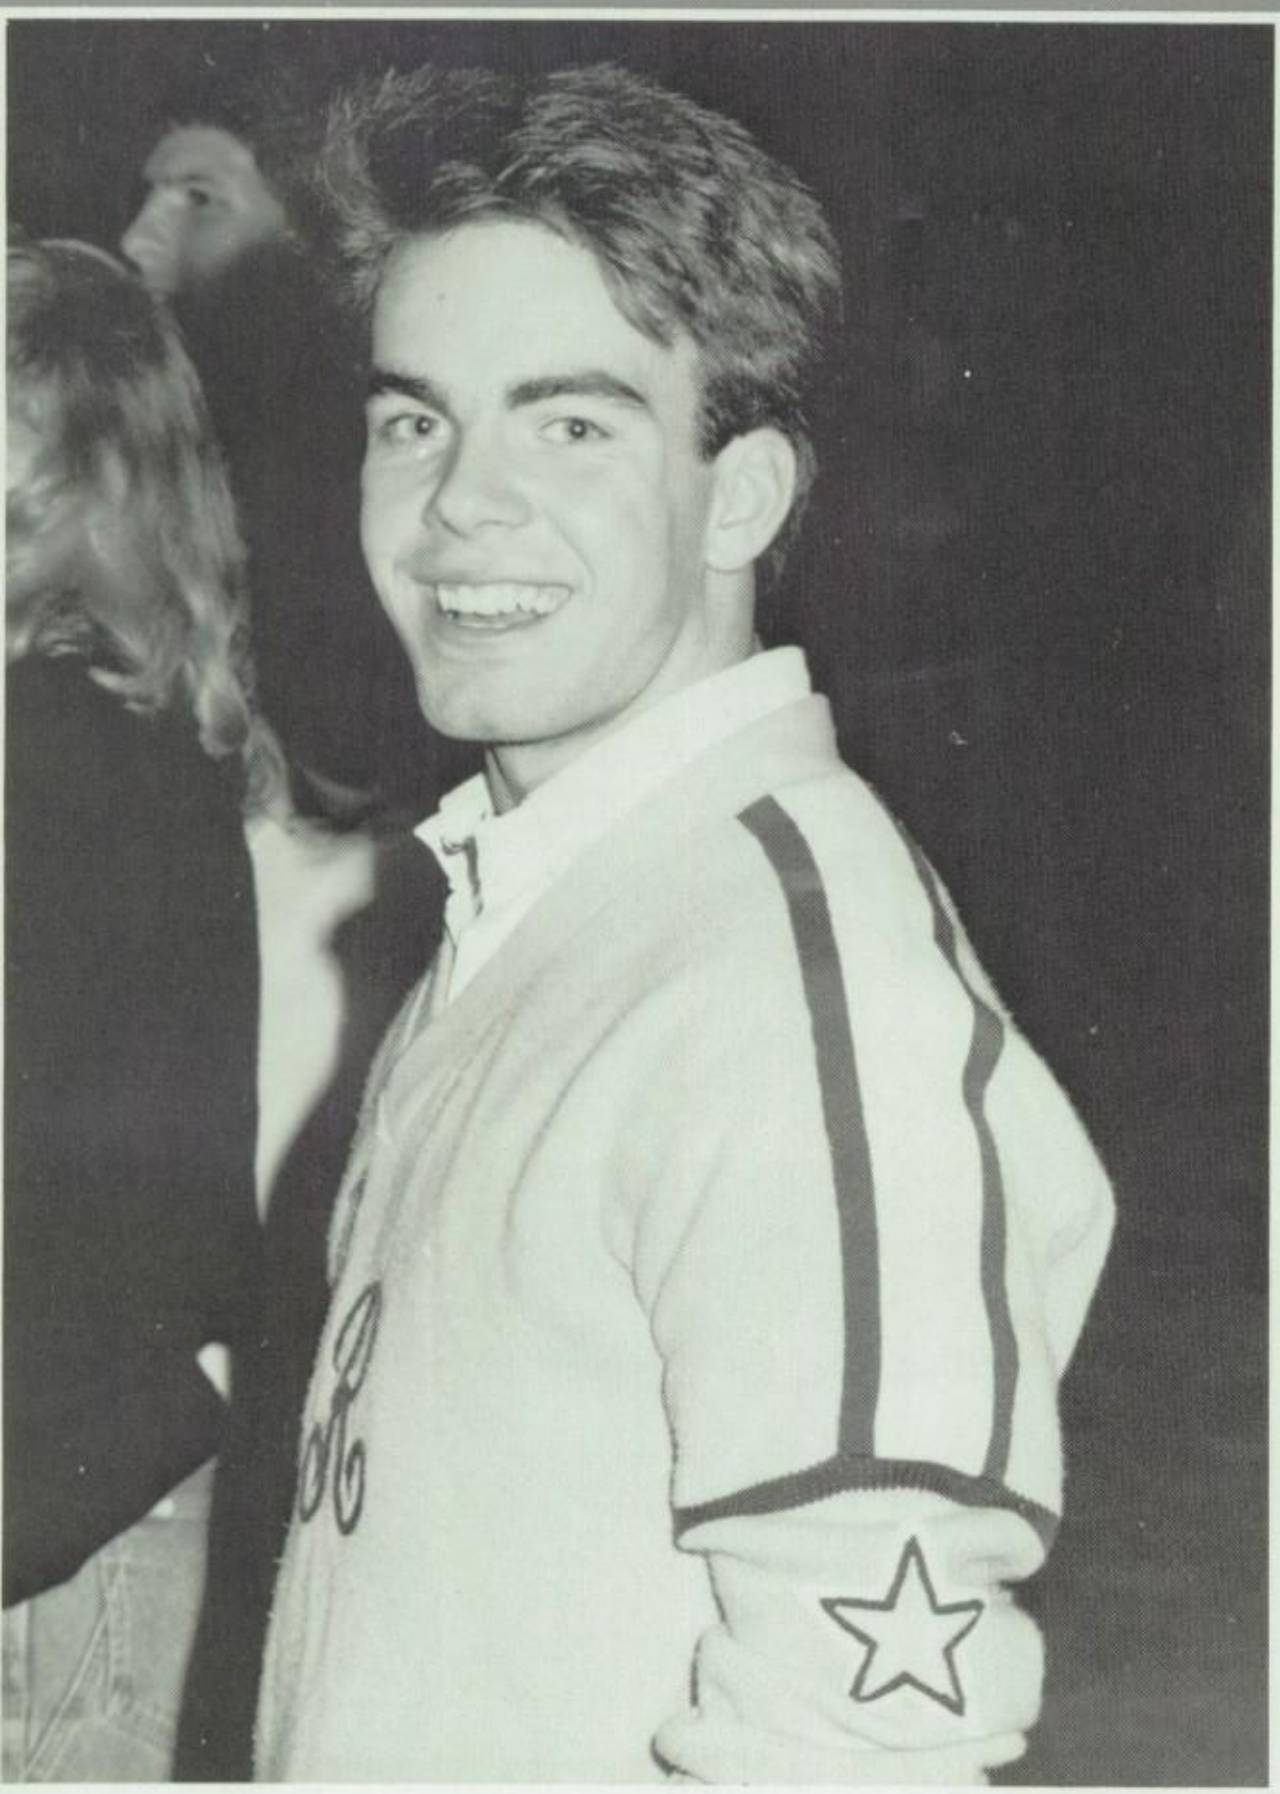
Front Row: Lyna McCray, Sherry Murray, Brandee Reeves, Jennifer West and Wendy Wilson. 2nd Row: Rosalind Lockwood, Nicole Bailey, Lori Megee, Traci Rickards, Kelly Hook and Nicole Schomer. Back Row: Shonta Tingle, Nicole Smith and Debra Haggins. Coaches Mary Jane Megee and Bonnie Reeves.

The season has been very rewarding for the squad. We started with a lot of potential and worked that potential into a variety of cheers, partner stunts, and mounts. We had only four returning members from the previous year so there was a lot of teaching and learning to do.

The squad planned and participated in a variety of activities this year. During the summer two car washes were held to raise money for the cheerleading fund. Most of the squad attended a cheerleading camp for four days.

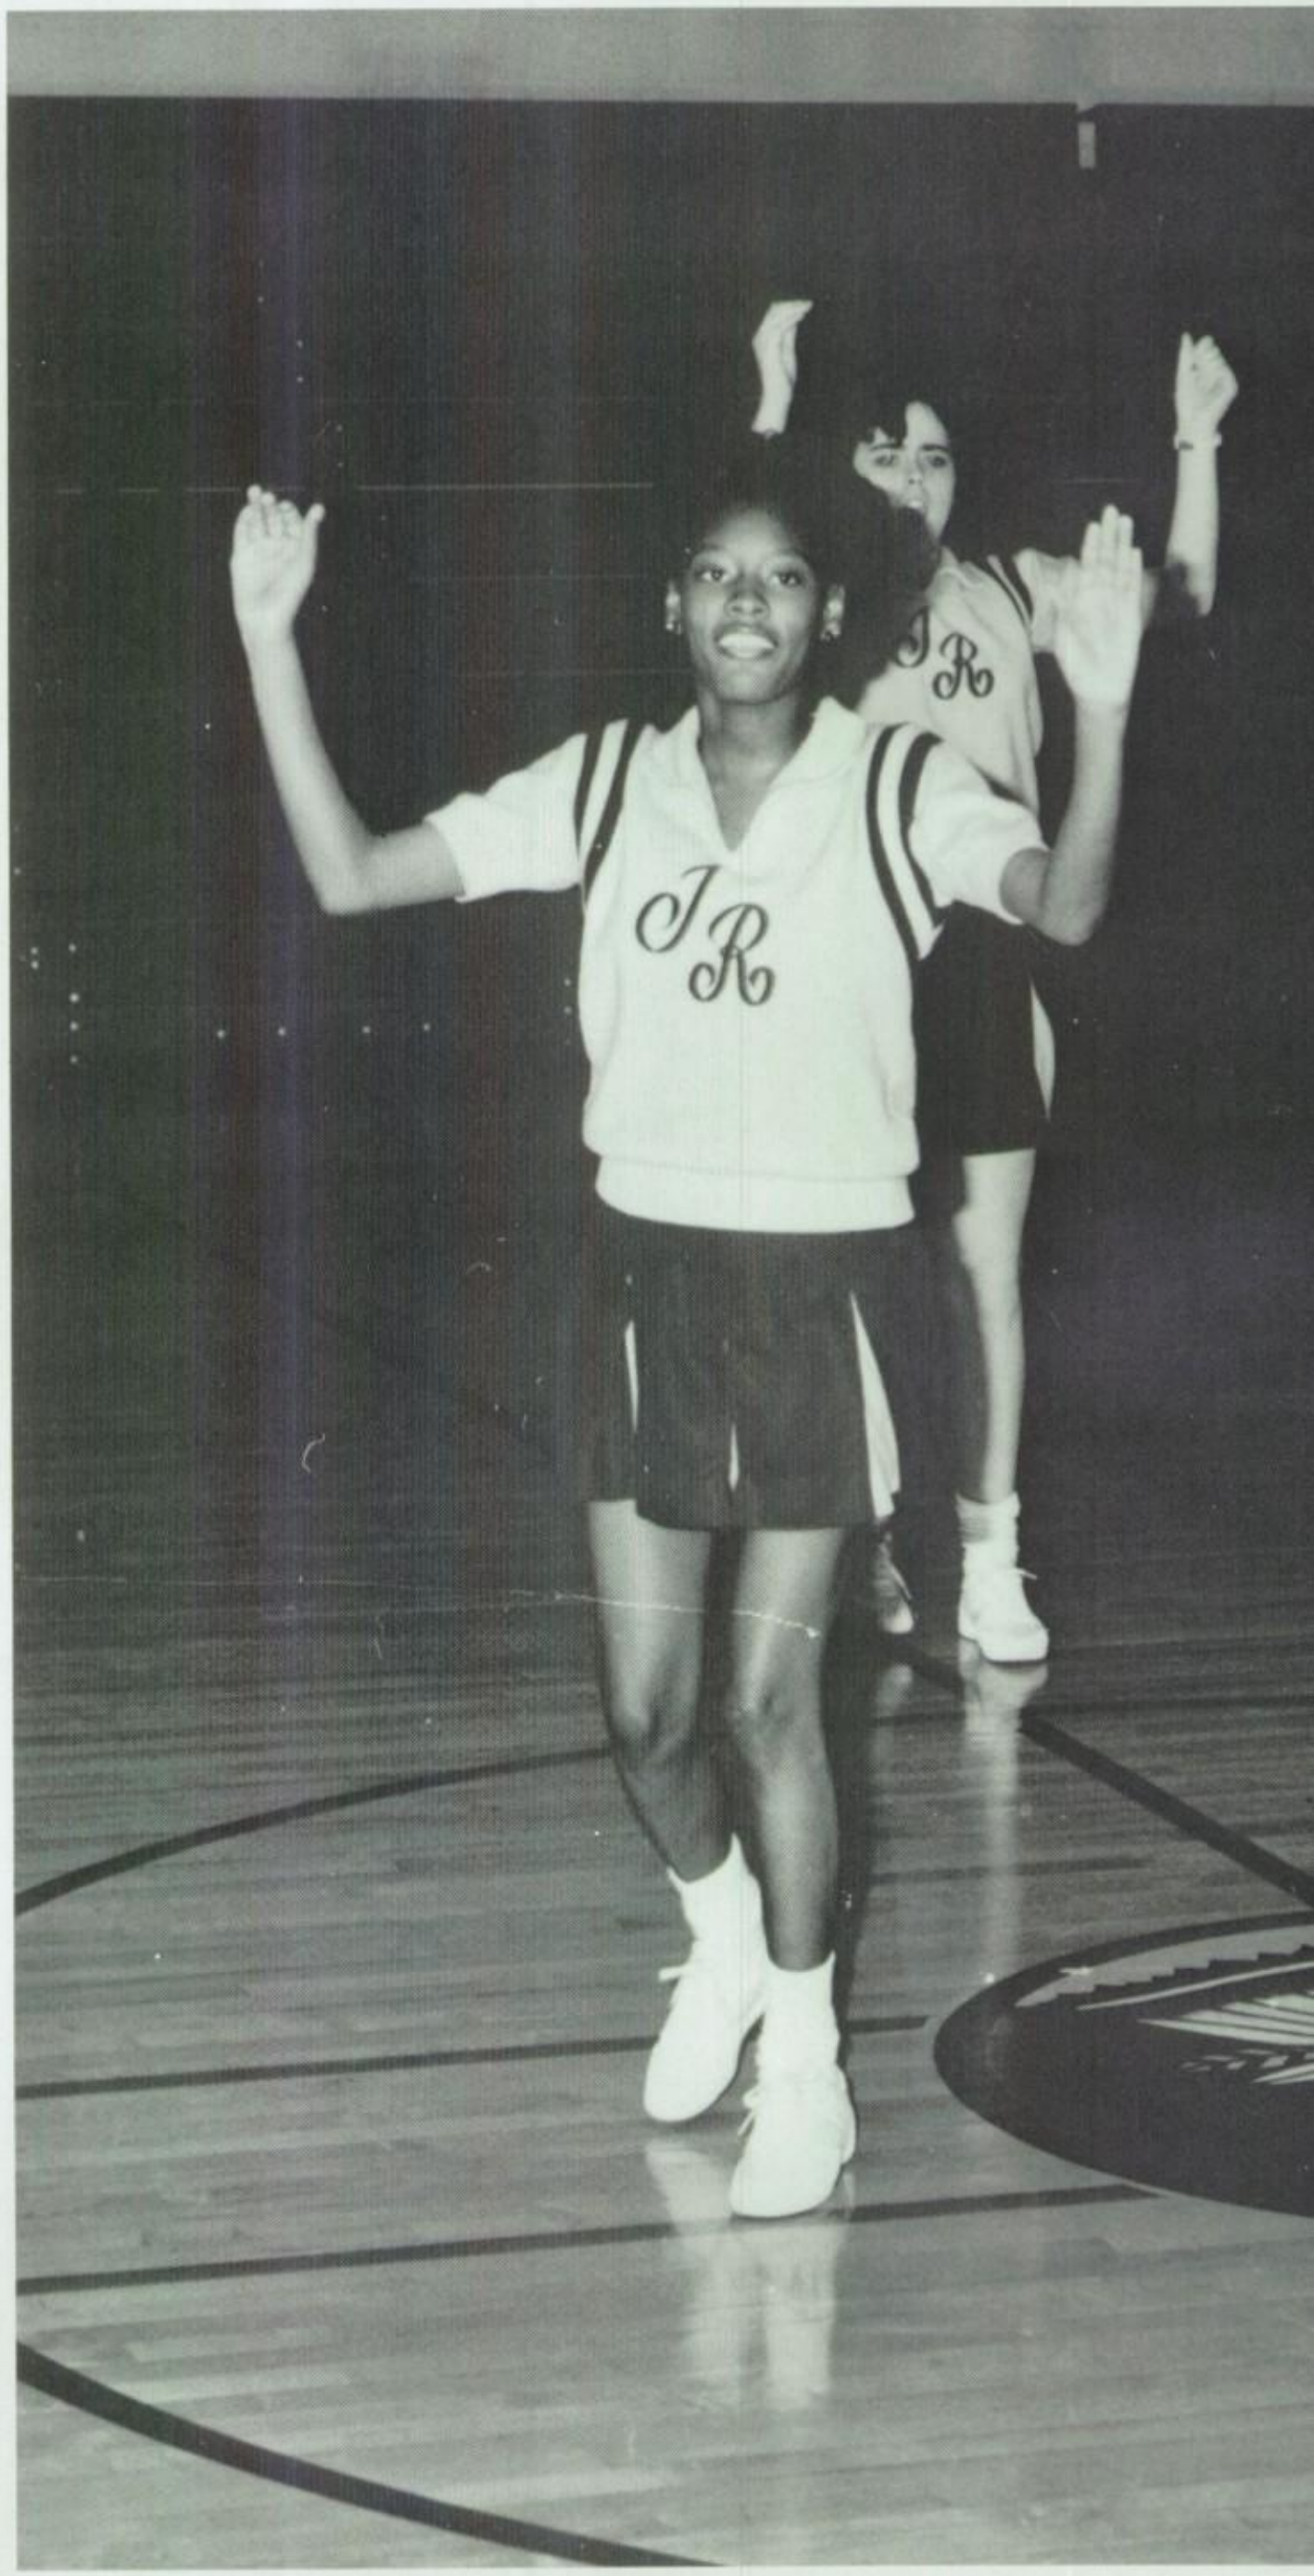
Go, Fight We're Going To Rock The Field Tonight!

Cheerleaders Rock The House!!!



Kent smiles his way to the hearts of all the girls. Dennis and Alicia demonstrate how much fun it is to be a cheerleader. They showed enthusiasm for this sport.

The 1988 Basketball and Wrestling cheerleaders dedicated their time and efforts to support their teams. The cheerleaders are responsible for raising the spirit at IRHS. Through many hours of hard work and preparation, the school becomes motivated to cheer our teams to victory. The games are high spirited because of the many stunts and encouraging cheers that are performed. Not only do the athletes get motivated but the spectators join in the excitement of the game. You can well imagine what a game or match would be without our cheerleaders. Imagine our players performance without the encouragement of the cheerleaders and their fans. Who knows how many games and matches have been won because of their support. Many underestimate the efforts of cheerleaders. BUT NOT US!!!



Hey, Spirit!!!!!!
IR shoots for two!!

The Basketball and Wrestling Cheerleaders cheered on IR through the good and bad times. These cheerleaders kept spirit and motivation running high at every game and match. The cheerleaders are an important part of sports events at IR, without them there would be no spark of IR spirit.

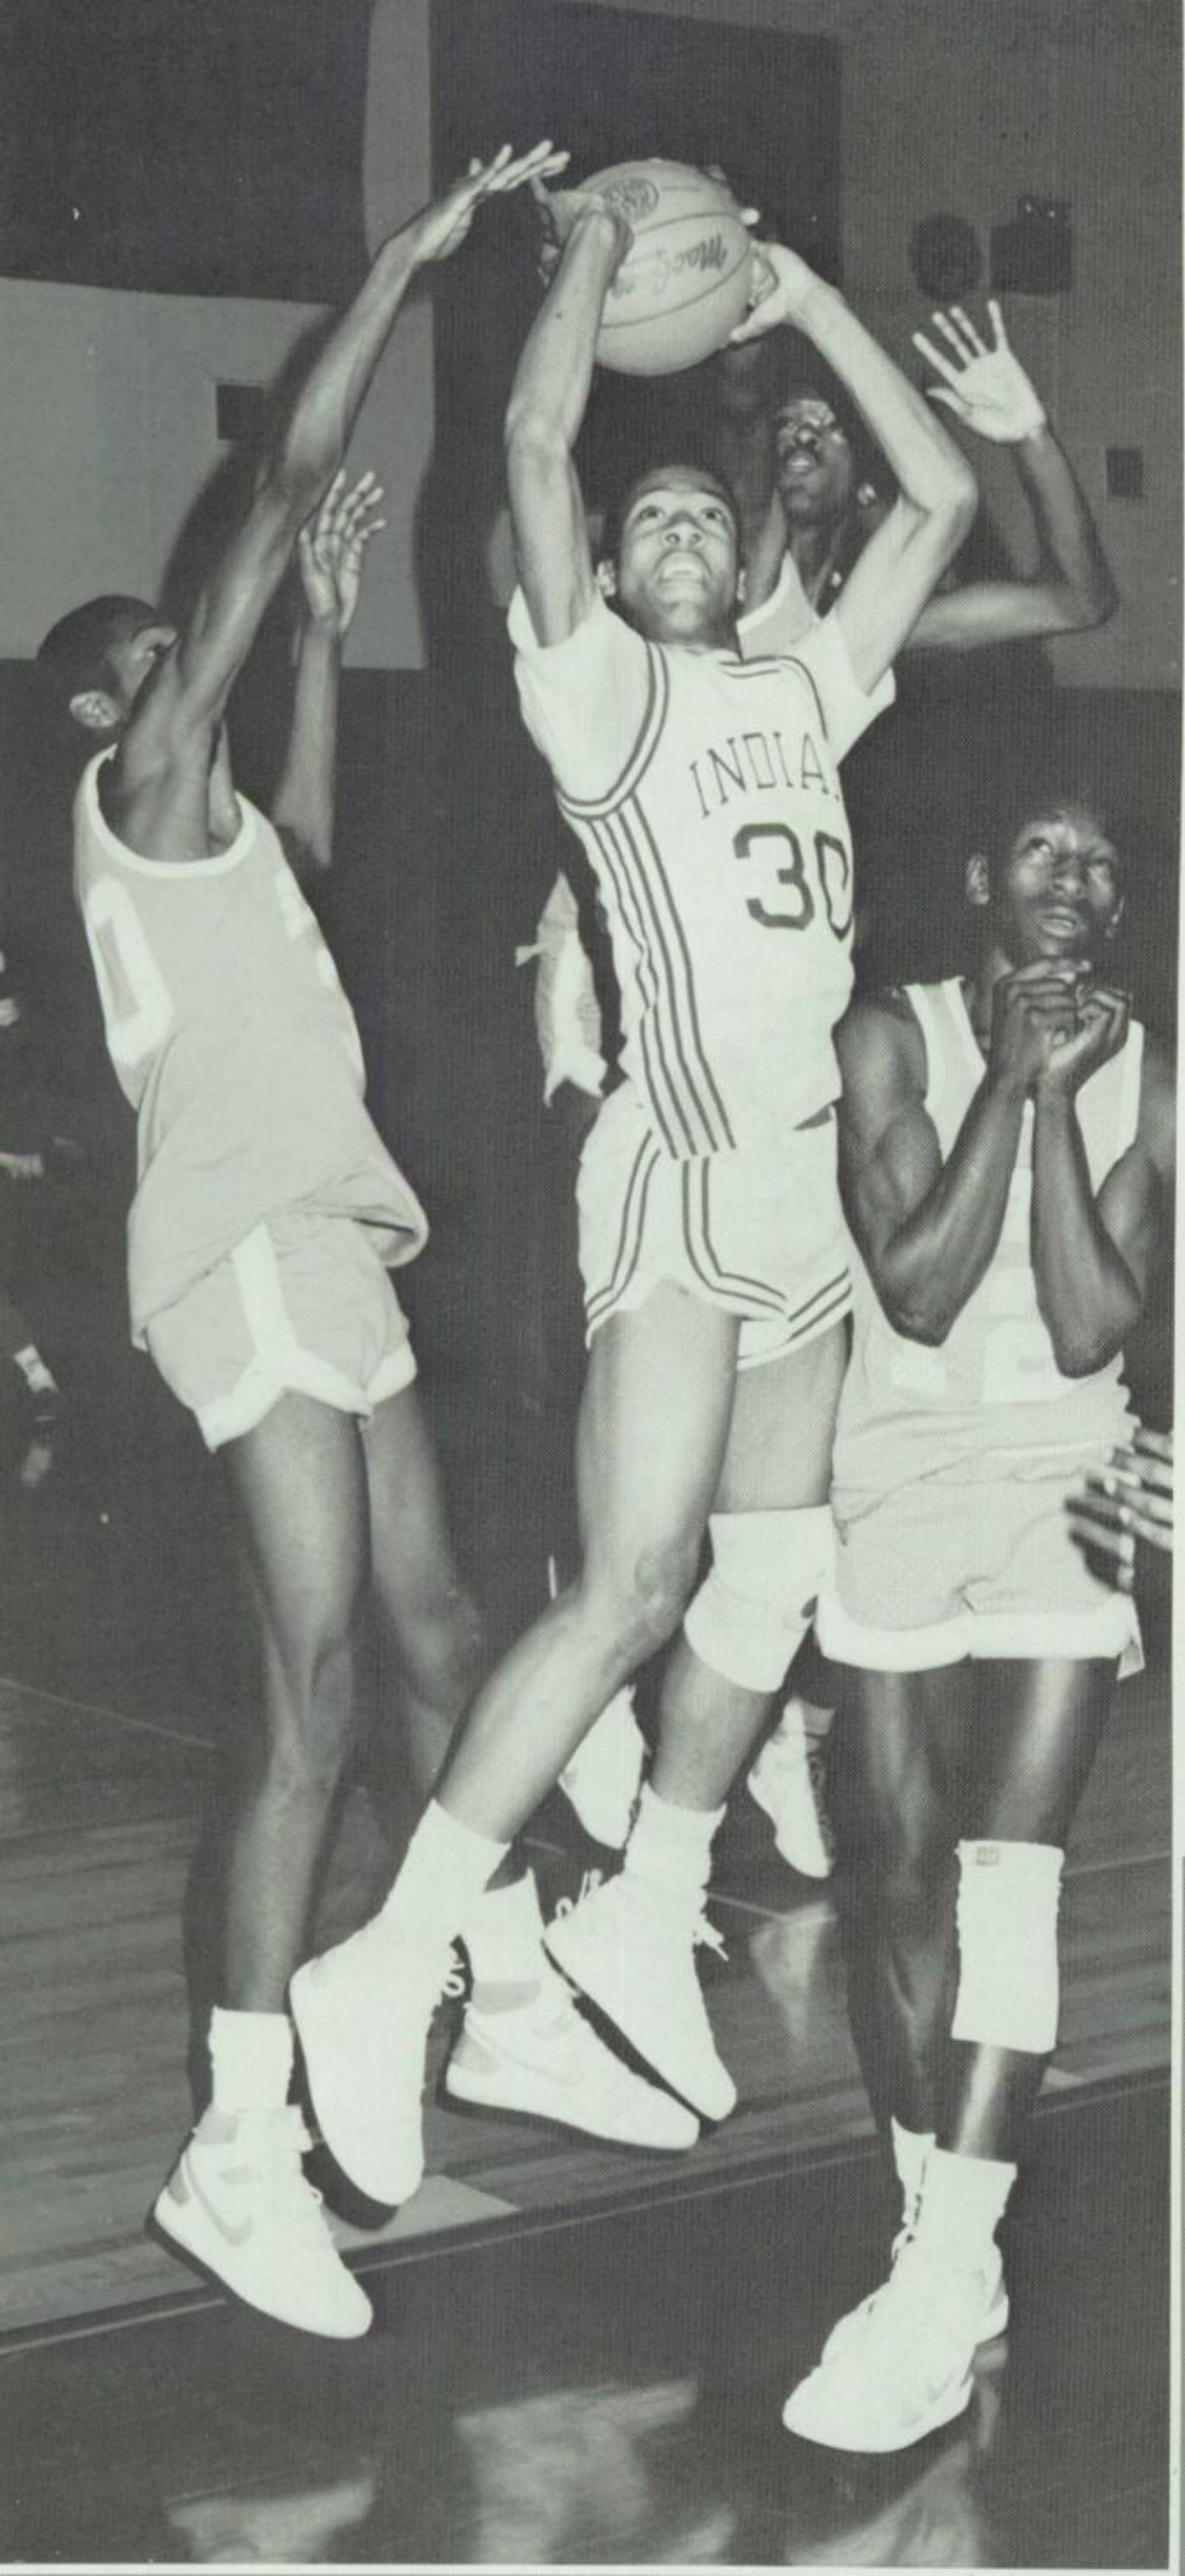
3-13

The 1987-88 season has been an education in basketball for an Indian River team made up of sophomores and juniors. The attempt to play extended zone defenses was made to cover up fundamental weaknesses in man to man coverage. We went back to basic man to man defense to

Shooting for the Stars!!!!!!

make a final push for the third place position in the Southern Division which we had to take to qualify for the state play-offs. Young players such as Tyrell Oliver and Keith Sturgis arrived ready to provide offensive punch, and have gained patience and court awareness. Shawn Godwin, Brian Broughton and Keith Bailey entered the program with athletic ability and have gained experience in position defense and boxing out. The floor play of Marcus Hall and Alex Sadowski has exemplified the importance of experience. Their understanding of the necessity for team work, positon, and floor balance has held the team together. The Indians headed toward the play-offs with confidence.



Can't Hold Us!

Struggling For Success

This year's wrestling team made great strides in becoming winners. The team's attitude and desire were responsible for this year's turn around. Everyone on the team worked hard to achieve their goals. Each match was a team struggle but as always our team had some members who lead the way for us. Team captains, Darell Singleterry and Nelson Loftland did a great job keeping the team together. Individuals with outstanding records were Darell Singleterry, Preston Turnage and Gerald Nocks.

Meeting The Challenge

The 1987-88 girl's basketball season was like many others in many ways. Each game was a challenge. To meet this challenge we had to step onto the court with the stronger desire to win. We built confidence in ourselves and in those around us. We made mistakes but we were able to look at them and learn from these mistakes. This is the mark of a good team, to be able to turn our mistakes into a winning advantage. We knew that doing the same things incorrectly would not help us come out on top. Making corrections and adjustments carried us through each game. This team had once again kept Indian River on the map. We were all confident that the 1987-88 girl's basketball team was State Tournament bound. We thank those who have been our supporters and only wish that there were more of them to thank. In any event we will continue to work hard on and off the court to try to make Indian River proud. We feel that we have been able to accomplish this again this year. Coach Megee

12-6

The varsity baseball team might not have had its best season but we did not slide into oblivion! Our record doesn't show it but our team spirit was high and our motivation was strong. We are confident that we will do better this year. We will channel last year's frustrations into a winning season.

Sliding into oblivion...

Not Us!

Chuck Molnar sprints toward home plate. Coach Bunting provides guidance to his players.

Baseball is more than just hitting and running. The skills involved are complicated and demanding. Each player must be able to remember coaching signals as well as the strengths and weaknesses of their teammates. It may look like the players are merely standing around waiting for the ball to come their way. In fact, each player is deeply involved in game strategy.

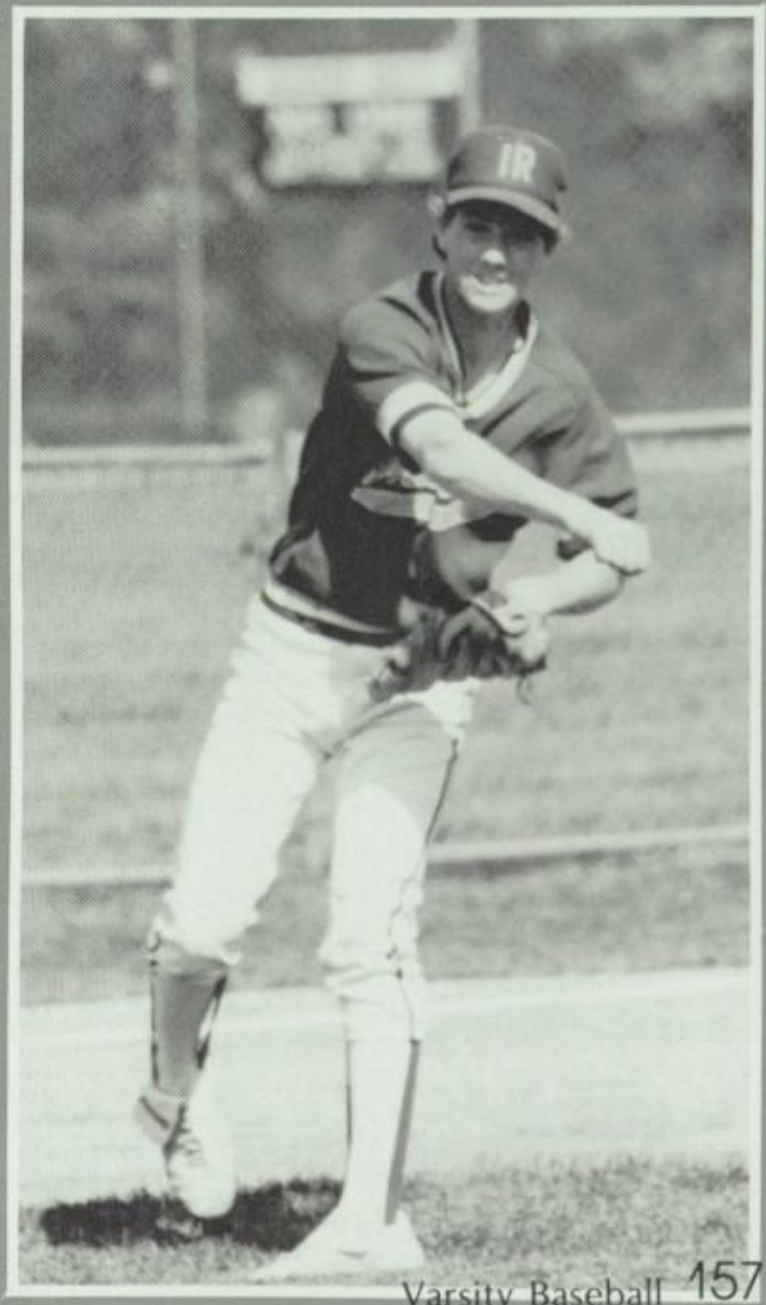
Swing into the

Season



Brian Fleming had learned that being a pitcher takes much concentration which you can see by his facial expression. On the other hand, Jimmy Bunting leisurely tossed the ball back to the pitcher. Jimmy has been with the team since his sophomore year. This is his last year of playing baseball for IRHS. Chuck Molnar had time to take a break while his team was leading the game. This is Chuck's last year.

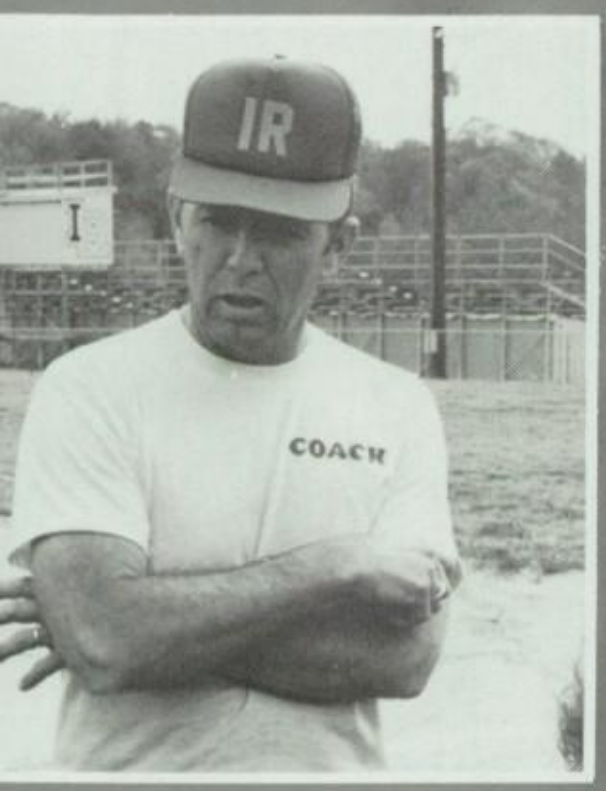
4-10

Softball is a game of concentration. The team worked long hours after school to practice their skills and improve their understanding of the game. Coach Ron Steen took time out to make sure that his team understood the basic rules. Jennifer Evans has learned how to swing the bat to her best advantage. The members that made the team up are Nicole Smith, Lori McCabe, Stephanie Hitchens, Tracy Jarmon, Elisa Kelley, Karyn Fleming, Dana Moore, Paige Steen, April Stevens, Dana Valdivia, Misty Varuolo, Jennifer West, Jennifer Evans and Ann McCabe.



Game, Set, Match

The boy's tennis team showed great enthusiasm this year. They worked hard every night to improve their skills. The team was mostly made up of seniors. Although this may hinder next year's season the remaining team members are looking forward to the challenge. Robert Ormston plays a serious match. He concentrates heavily on his opponents moves. By doing this, he is able to judge where his opponent's next shot will go. The tennis team had a great time this year.

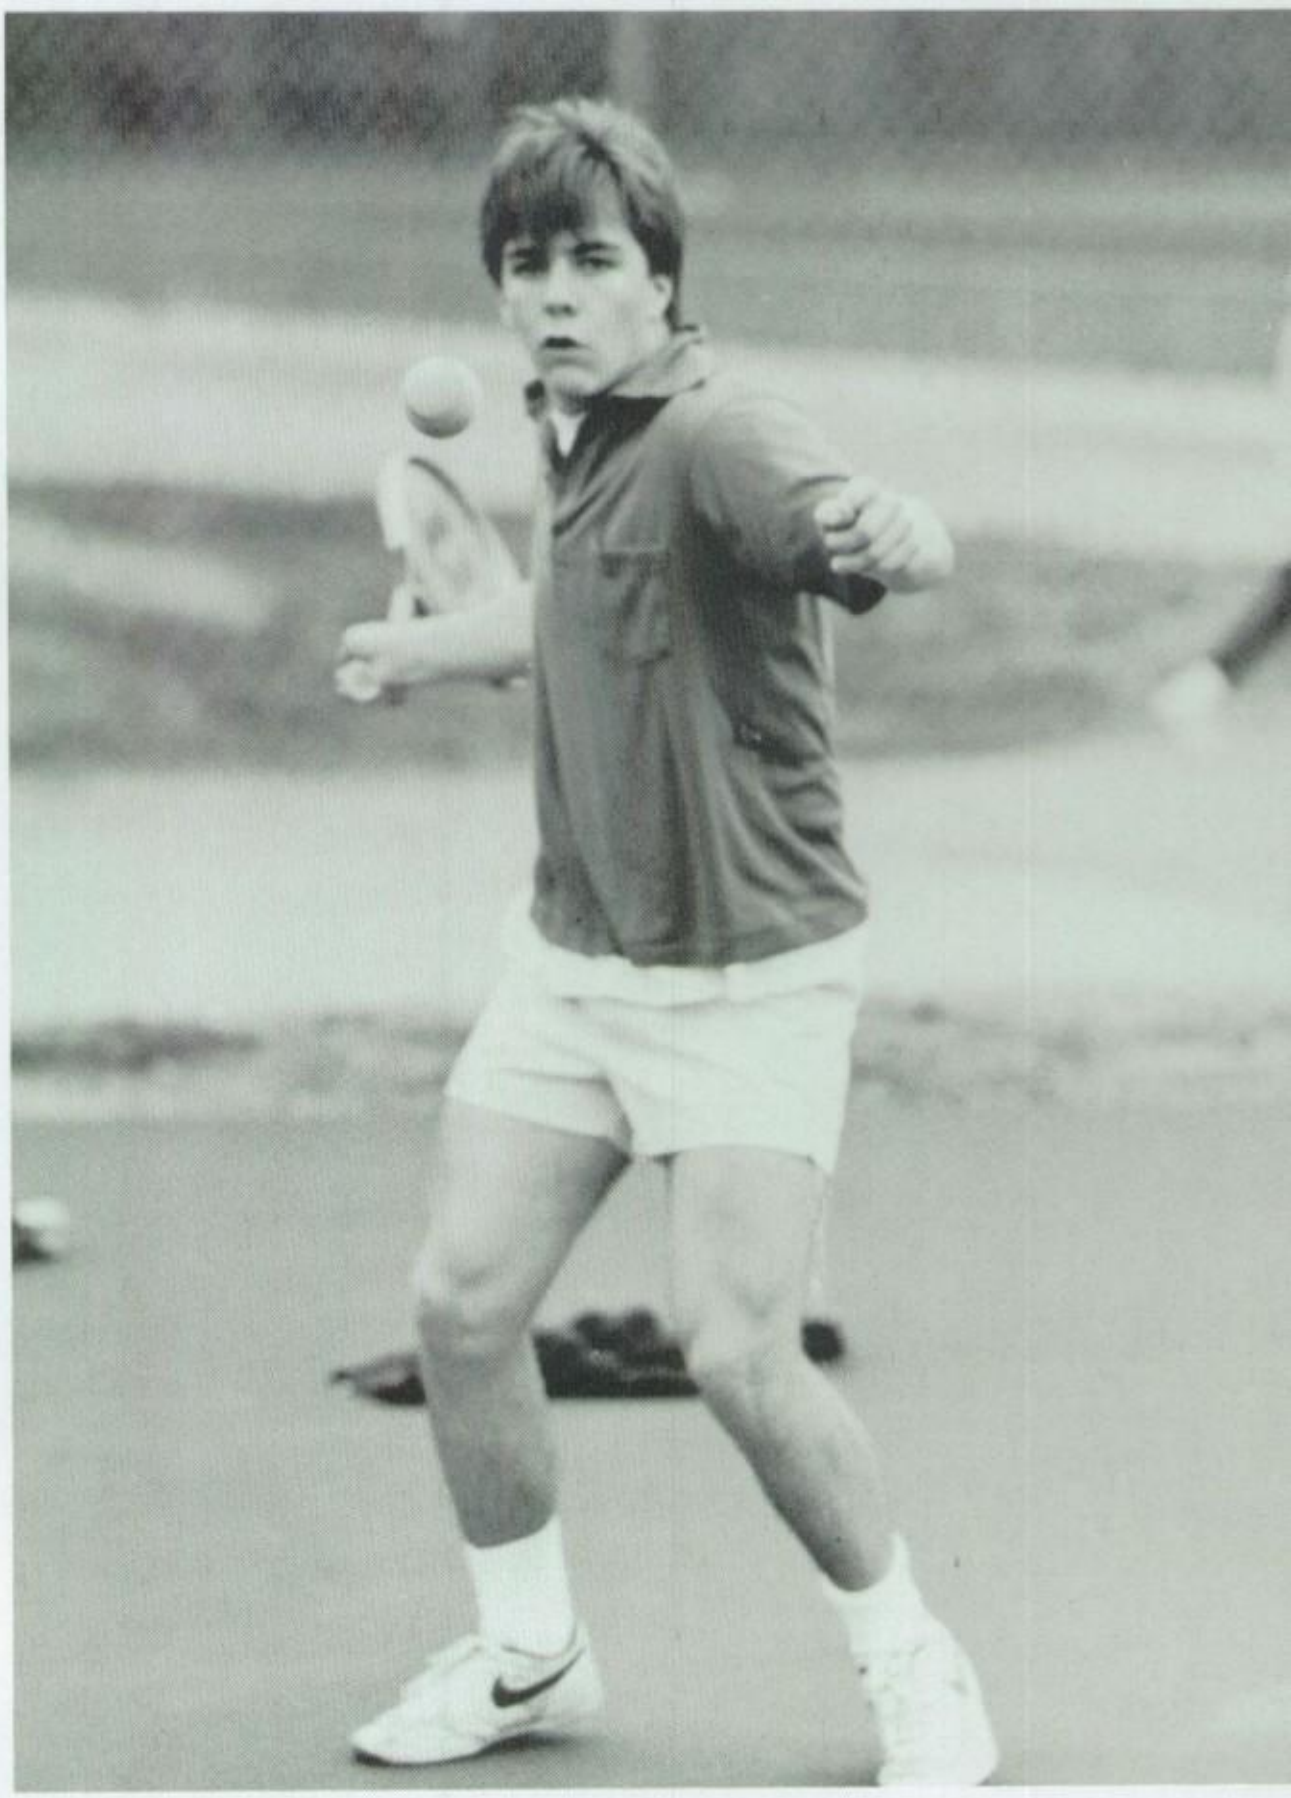
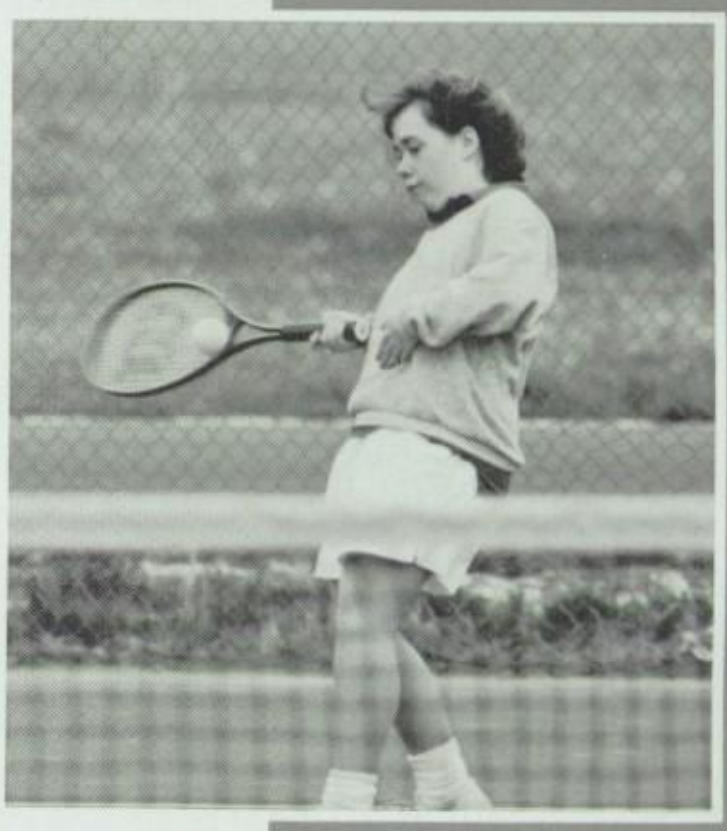
4-4



Front Row: Marchel Mclaughin, Maria Lopez, Kim Timmons, Aprill Averill, and Dawn Cordrey. Back Row: Michelle Chanowski, Kathleen Simmons, Kelly Hook, Isabelle Dundee, Christine Harrison, Raquel Doukas, and Kim Milloy.

Front Row: Dave Chipman, Lin Bunting and Chad Hockman. Second Row: Eric Watkins, Tod Lekites, B.J. Layton and Marc Mclaughlin. Back Row: Coach Watkins, Alex Sadowski, Dav Humes, Mike Dennis and Robert Ormston.

Tennis may not be as tedious as other sports but it surely takes the effort and skill to beat the superior tennis opponent. This particular sport depends on the team effort and each individuals participation plays a big part in a team success. The coaches of this year's tennis teams were Ms. Megee and Mr. Watkins. B.J. Layton, as his expression shows, is having a great match. Kathleen Simmons has a hard workout.



It's Par For

The Course

Golf is a new sport at IRHS this year. The team members were Steve Swarr, Lisa Clifton, Chris White, Todd Vickers, and J.S. Evans. These students worked hard to get this sport off the ground. The team members were enthusiastic and hard working. Even though the team did not compete with other schools they spent hours perfecting the sport. The team practiced at Cripple Creek, a local country club in Clarksville. Mr. Macklin, who teaches algebra, coached the team with the help of Mr. Ward. Mr. Ward teaches social studies. These two teachers helped to get IR's golf team off to a good start.

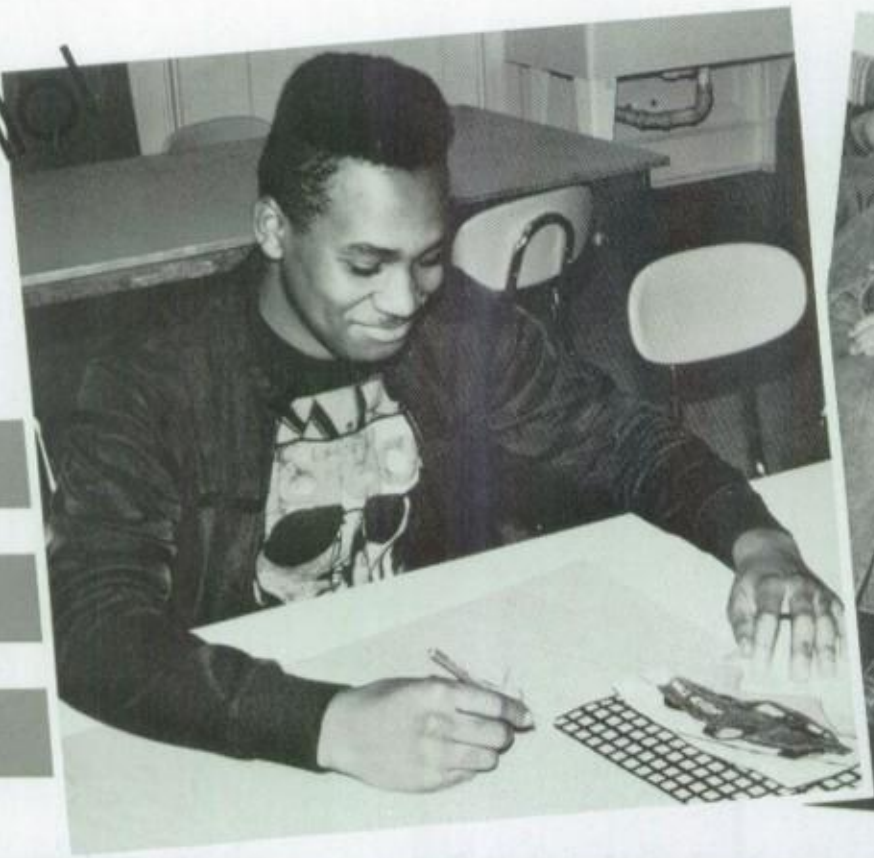
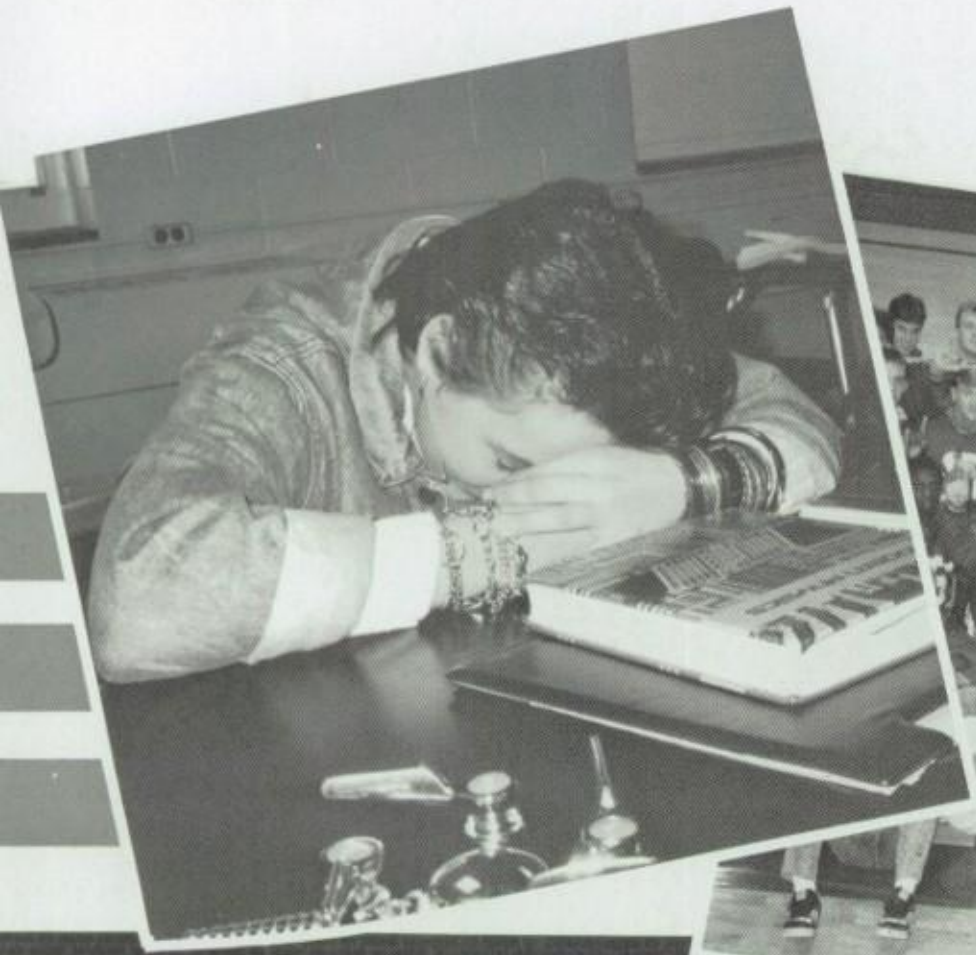
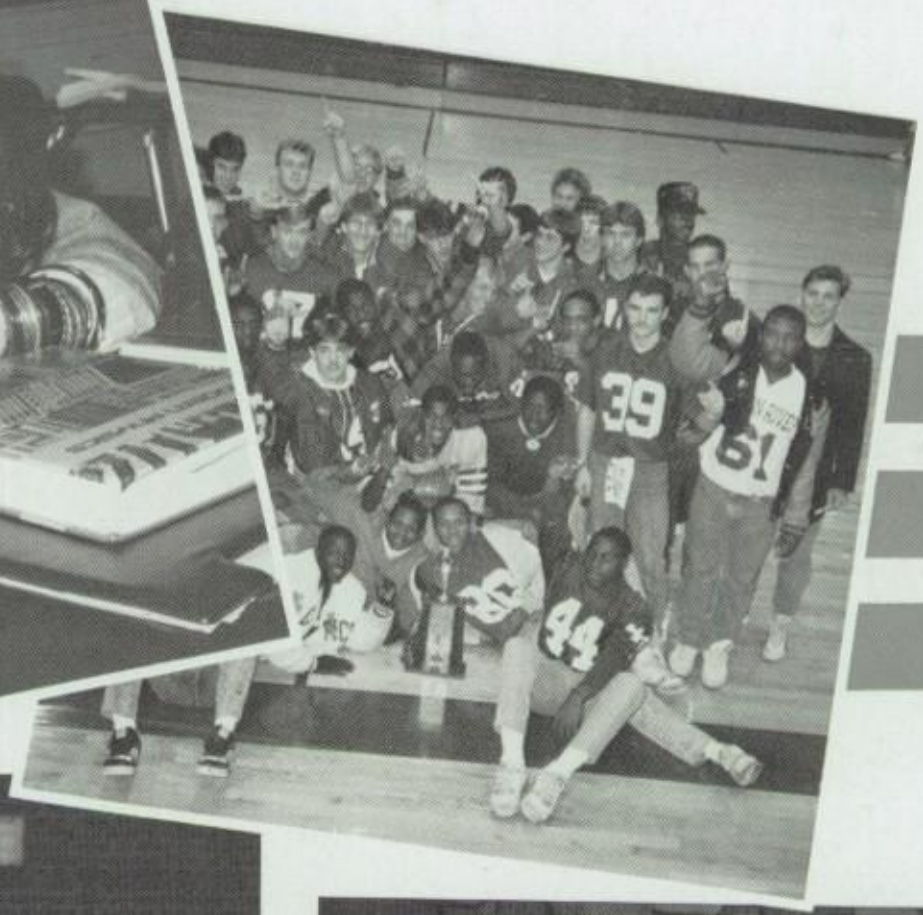
To Nichole Smith: The best of success & we love you very much. Mom & Dad
Alisa: Congratulations on the first step to a bright future. Mom & Dad
To Ron Hall: Congratulations, we are very proud of you. May God Bless You. Love Mom & Dad.
Kelly Bunting: We are so proud of you and your achievements. Wishing you happiness and success in whatever you do. Love, Mom & Dad
Stephanie Lynch: Good luck Stephanie. From Mom, Dad, Robby & John.
To Isabell Dundee: We are proud of what's been done, but we know you've just begun. Mom & Dad
To Jimmy Bunting: CONGRATULATIONS JIMMY! Love Mom, Dad, & Chad.
Devin: May God Bless you.

A Last Hello

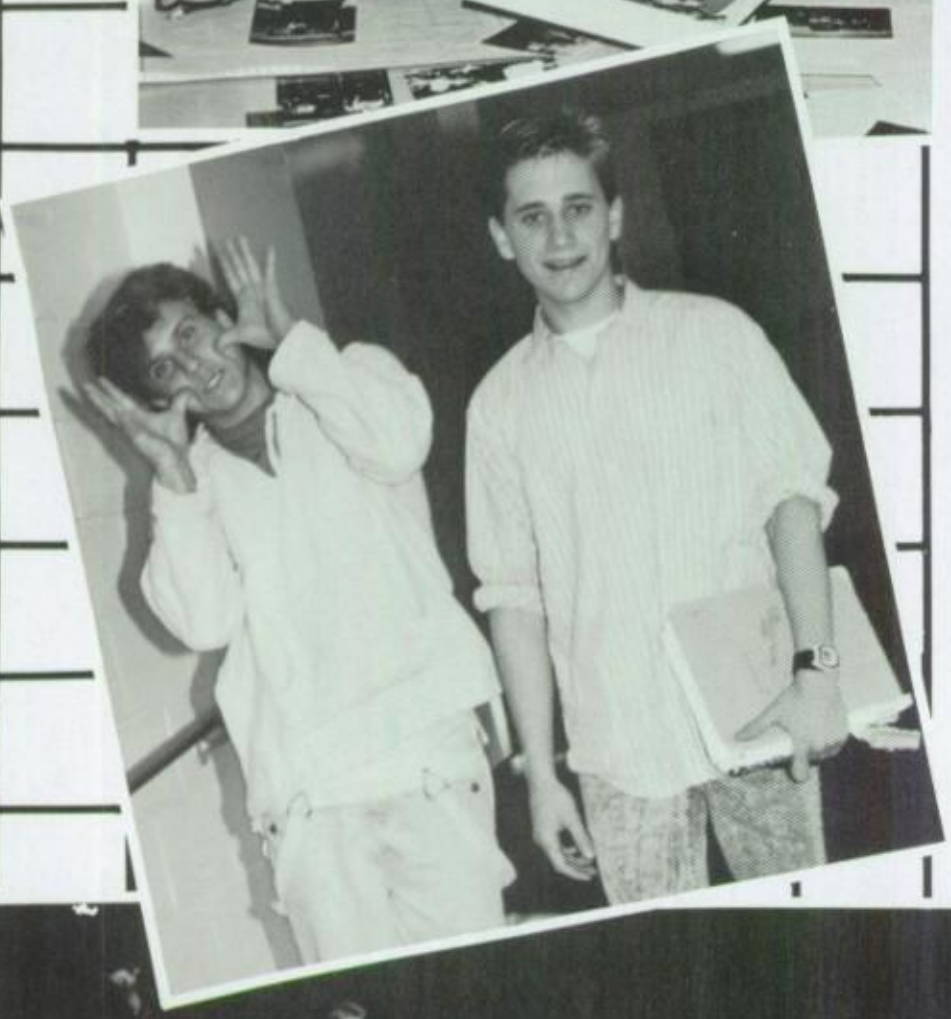






It's not easy capturing the year's adventure in words and pictures and placing it into one book! This year's theme, "Getting it Together", is more than just photos and copy, it is a feeling experienced by each of us as we move towards adulthood. Our theme contains three facets: Social Life, Academics, and Athletics.

Since the beginning of our school careers, school has been an excellent place to socialize. Together we have shared happy and sad moments, and struggled with new experiences. It's a part of school life that we treasure most and will miss tremendously when we graduate and go our separate ways. This year has been a great year for the class of '88. Not only is it the year we graduate but this year we finally got together and shared many special moments. It wasn't easy since most of the seniors leave school early, but even out of school we managed to get together some **outrageous** parties! Even though each of us will experience many more friendships when we move on; the best friendships are



the ones that grow in high school and continue throughout th rest of our lives.

The reason we are here is for education. The fact is, in orde to make something of ourselves, we need to be able t communicate, understand, and make important decision Our generation, in return, will be a part of another's; teachin them what we learned. So our academic abilities don't sto here, they are an important part of our future and other futures. Many people are involved in helping us to prepare fo this important responsibility. It must not be easy being a teach er, because if you think about it, they put up with us and man more like us each year. However, if you ask just about an teacher in our school why they put up with us, most woul reply that they care. That's important! We'll remember thes people for the rest of our lives and their influence on us coul move our lives in a positive direction. Some of us will become part of the working world and others will move on to college Both groups will continue to form new relationships and hol new responsibilities.

Along with the fun and hard work that goes into sports athletics teaches leadership, responsibility, victory, and de feat. These are basic lessons we all must learn in life. Ou football team, once again, was able to capture the Henlope Southern Division Championship. Our girls varsity basketbo team is another fine example of the rewards of hard work Each of the team members represented our school as a whol with their own accomplishments. Our way of showing our sup port and thanks is with spirit. Walking down a bleak hallwa can make your day seem dull, but a hallway with posters an streamers full of spirit makes you feel happy and part of some thing wonderful. Along with the emotional feeling of victory comes defeat. Even if we can't always win, we can thwar defeat by learning from our mistakes. If something is learne from a loss, then lossing has a purpose and gives us a valuabl lesson we can use in meeting many obstacles in life.

This year has been an excellent year! I would like to than the entire staff for all their support, concerns, and wonderfu converstions. Also, I would like to wish the future graduates o IR success and happiness. I hope that your high school year will be as rewarding as mine have been. - Isabelle Dundee Editor-in-Chief.
